**Total Leadership** Stewart Friedman, 2014-08-19 National Bestseller “Students talk about Stewart D. Friedman, a management professor at the Wharton School, with a mixture of earnest admiration, gratitude and rock star adoration.” —New York Times In this national bestseller, Stew Friedman gives you the tools you need to achieve “four-way wins”—improved performance in all domains of life: work, home, community, and self. Friedman, celebrated professor and founding director of the Wharton School’s Leadership Program and its Work/Life Integration Project, explains how three simple yet potent principles—be real, be whole, and be innovative—can help you, no matter what your age or what you do for work, become a better leader and have a richer life. In this engaging adaptation of his hands-on Wharton course, he offers step-by-step instruction to help you create positive, sustainable change in your world. This proven, programmatic method teaches you how to produce stronger results at work, find clearer purpose, feel less stressed, strengthen connections with the people who matter most to you, contribute further to important causes, and gain greater support for your vision of your future. If you’re ready to learn to lead in all parts of your life—this is the book for you. For a full array of Total Leadership tips and tools, visit [totalleadership.org](http://totalleadership.org). Also look for Stew Friedman’s book, *Leading the Life You Want*, which builds on Total Leadership by profiling well-known leaders—from Bruce Springsteen to Michelle Obama—who exemplify its principles and demonstrate how success in your work is accomplished not at the expense of the rest of your life, but as the result of meaningful attachments to all its parts.

**Time Off** John Fitch, Max Frenzel, 2020-05-25 Discover the transformative power of leisure to recapture your calm and creativity. Are your busiest days really the ones that make you feel the most accomplished? It might be time to question whether 'busy' = 'productive'. After reaching breaking points in their careers, business coach John Fitch and AI researcher Max Frenzel learned the critical importance of taking time off. Now these former workaholics will help you revolutionize the way you get things done. History's greatest minds, as well as some of the most successful leaders, thinkers, and creatives of today, found success by practicing a more balanced approach to work and life. Embracing their insights on how constant hustle can be your worst enemy, you will realize that time off means much more than just taking a break. Rediscover a more fulfilled and versatile version of yourself and unlock your true creative potential. Through relatable personal anecdotes, historically sound approaches to downtime, and scientifically backed strategies for increasing your creativity, *Time Off* will reshape the way you think about work and leisure. In *Time Off*, you'll discover:- The most effective methods to reclaim leisure, while increasing productivity and creativity- Why having a rest ethic will be a key competitive advantage in the future of work- Tactics for getting away from the work without the dreaded guilt- How to thrive alongside AI and use technology to become more human- The many ways in which time off improves your leadership skills, and much, much more!

**Time Off for Good Behavior** Mary Lou Quinlan, 2007-12-18 Have you ever fantasized about taking time away from your overworked life? Nights uninterrupted by email? Days to pursue set-aside dreams? Do you promise yourself that “someday” you will get a break? Mary Lou Quinlan had those “someday” thoughts. But her hard-earned job as CEO of a New York advertising agency claimed most of her waking hours. Exhausted and losing motivation, she was so desperate she perversely imagined breaking her leg to get some time alone. Then, she declared a brief timeout. During her time off, she slept late, took walks, danced the salsa, kept a journal and ultimately, uncovered the roots of a new business. In the process, she rediscovered herself. *Time Off for Good Behavior* is the result of listening to women like her, who realized enough was enough. Quinlan tells no-holds-barred stories of dozens of women who sacrificed their health, relationships, their good humor and a good night’s sleep until they found the courage to ask themselves if they were happy with the life they were living and made the decisions to take life-saving breaks. Mary Lou Quinlan explores the factors that compel you to work so hard and examines how to take back control of your life. She explores our unwillingness to give

ourselves permission to rest so that we can re-imagine our futures. And she shows the powerful, self-fulfilling changes that can occur when we do decide to take that rest. Whether you contemplate leaving a career that took years to build or just need a long vacation to assess what you want next, you'll find practical tools and bolstering advice throughout. Each chapter ends with provocative questions to help you plan your good behavior reprieve. Specific exercises on financial planning, advice for negotiating time off, and tools to uncover your passions make this a must-read for women who are ready for "someday." Time off for Good Behavior ultimately shows that stepping away from everything—even for a short while—often means ending up with so much more.

*The Casual Vacancy* J. K. Rowling, 2012-09-27 A big novel about a small town... When Barry Fairbrother dies in his early forties, the town of Pagford is left in shock. Pagford is, seemingly, an English idyll, with a cobbled market square and an ancient abbey, but what lies behind the pretty façade is a town at war. Rich at war with poor, teenagers at war with their parents, wives at war with their husbands, teachers at war with their pupils...Pagford is not what it first seems. And the empty seat left by Barry on the parish council soon becomes the catalyst for the biggest war the town has yet seen. Who will triumph in an election fraught with passion, duplicity, and unexpected revelations? A big novel about a small town, *The Casual Vacancy* is J.K. Rowling's first novel for adults. It is the work of a storyteller like no other.

**Modern Romance** Aziz Ansari, Eric Klinenberg, 2016-06-14 The #1 New York Times Bestseller "An engaging look at the often head-scratching, frequently infuriating mating behaviors that shape our love lives." —Refinery 29 A hilarious, thoughtful, and in-depth exploration of the pleasures and perils of modern romance from Aziz Ansari, the star of *Master of None* and one of this generation's sharpest comedic voices At some point, every one of us embarks on a journey to find love. We meet people, date, get into and out of relationships, all with the hope of finding someone with whom we share a deep connection. This seems standard now, but it's wildly different from what people did even just decades ago. Single people today have more romantic options than at any point in human history. With technology, our abilities to connect with and sort through these options are staggering. So why are so many people frustrated? Some of our problems are unique to our time. "Why did this guy just text me an emoji of a pizza?" "Should I go out with this girl even though she listed Combos as one of her favorite snack foods? Combos?!" "My girlfriend just got a message from some dude named Nathan. Who's Nathan? Did he just send her a photo of his penis? Should I check just to be sure?" But the transformation of our romantic lives can't be explained by technology alone. In a short period of time, the whole culture of finding love has changed dramatically. A few decades ago, people would find a decent person who lived in their neighborhood. Their families would meet and, after deciding neither party seemed like a murderer, they would get married and soon have a kid, all by the time they were twenty-four. Today, people marry later than ever and spend years of their lives on a quest to find the perfect person, a soul mate. For years, Aziz Ansari has been aiming his comic insight at modern romance, but for *Modern Romance*, the book, he decided he needed to take things to another level. He teamed up with NYU sociologist Eric Klinenberg and designed a massive research project, including hundreds of interviews and focus groups conducted everywhere from Tokyo to Buenos Aires to Wichita. They analyzed behavioral data and surveys and created their own online research forum on Reddit, which drew thousands of messages. They enlisted the world's leading social scientists, including Andrew Cherlin, Eli Finkel, Helen Fisher, Sheena Iyengar, Barry Schwartz, Sherry Turkle, and Robb Willer. The result is unlike any social science or humor book we've seen before. In *Modern Romance*, Ansari combines his irreverent humor with cutting-edge social science to give us an unforgettable tour of our new romantic world.

**Taking Time Off, 2nd Edition** Colin Hall, Ron Lieber, 2016-08-30 Have you ever thought about taking time off to • ride your bike across the United States? • conduct research in the Amazonian rain forest? • work on a presidential campaign? • build houses for the poor? Tens of thousands of students each year take a break before, or even during college to work, travel, volunteer, or do something just plain different. No matter what you

may plan to do with your time away, *Taking Time Off* shows you how to make the most of it. Included are the inspiring stories of 26 students whose pursuits in their time away from school were fulfilling and enjoyable. You'll find practical advice on every aspect of planning a break, from researching your options and financing your leave to convincing your parents it's a worthy idea. This book's resources section also lists programs, jobs, and American and international organizations that can help you to plan your own time off.

**Spy** ,1990-01 Smart. Funny. Fearless.It's pretty safe to say that *Spy* was the most influential magazine of the 1980s. It might have remade New York's cultural landscape; it definitely changed the whole tone of magazine journalism. It was cruel, brilliant, beautifully written and perfectly designed, and feared by all. There's no magazine I know of that's so continually referenced, held up as a benchmark, and whose demise is so lamented --Dave Eggers. It's a piece of garbage --Donald Trump.
