"Welcome to dinner, and again, congratulations on being selected. Now you must do the selecting." What do the queen bee, star athlete, valedictorian, stoner, loner, and music geek all have in common? They were all invited to a scholarship dinner, only to discover it's a trap. Someone has locked them into a room with a bomb, a syringe filled with poison, and a note saying they have an hour to pick someone to kill...or else everyone dies. Amber Prescott is determined to get her classmates and herself out of the room alive, but that might be easier said than done. No one knows how they're all connected or who would want them dead. As they retrace the events over the past year that might have triggered their captor's ultimatum, it becomes clear that everyone is hiding something. And with the clock ticking down, confusion turns into fear, and fear morphs into panic as they race to answer the biggest question: Who will they choose to die?

Thoughts on Design Paul Rand, 2014-08-19 One of the seminal texts of graphic design, Paul Rand's *Thoughts on Design* is now available for the first time since the 1970s. Writing at the height of his career, Rand articulated in his slender volume the pioneering vision that all design should seamlessly integrate form and function. This facsimile edition preserves Rand's original 1947 essay with the adjustments he made to its text and imagery for a revised printing in 1970, and adds only an informative and inspiring new foreword by design luminary Michael Bierut. As relevant today as it was when first published, this classic treatise is an indispensable addition to the library of every designer.
