**Mac OS X Tips, Tricks & Fixes** Imagine Publishing,  
Apple Watch Series 5: The iWatch Beginners, Dummies and Seniors' Guide with In-Depth Tips, Tricks and Tutorials on How to Master the New WatchOS 06 Jhale Binjeh, 2019-12-13 Apple Watch Series 5 is the latest Smartwatch in the Apple lineup. It offers several unique features to make the users more active and better monitor their health among several other great features for humanity. This high-end Smartwatch could be useful for business users, including improved travel notifications and call capabilities. The Apple Watch looks pretty attractive, right? People have told you all about the cool features: like if you fall or are in danger, it would automatically call for help on your behalf! They've told you about how you can send a text from your wrist, how you can make a phone call, and many more. As amazing as all the new features are, it's not quite as easy to use as an iPhone; the lack of buttons, the smaller screen, and general UI can make a frustrating initial experience. It looks nothing like the iPhone or iPad interface you are used to--except for a handful of icons.

Do not wait any longer, download

*Wired for Story* Lisa Cron, 2012-07-10

This guide reveals how writers can utilize cognitive storytelling strategies to craft stories that ignite readers' brains and captivate them through each plot element. Imagine knowing what the brain craves from every tale it encounters, what fuels the success of any great story, and what keeps readers transfixed. *Wired for Story* reveals these cognitive secrets—and it's a game-changer for anyone who has ever set pen to paper. The vast majority of writing advice focuses on "writing well" as if it were the same as telling a great story. This is exactly where many aspiring writers fail—they strive for beautiful metaphors, authentic dialogue, and interesting characters, losing sight of the one thing that every engaging story must do: ignite the brain's hardwired desire to learn what happens next. When writers tap into the evolutionary purpose of story and electrify our curiosity, it triggers a delicious dopamine rush that tells us to pay attention. Without it, even the most perfect prose won't hold anyone's interest. Backed by recent breakthroughs in neuroscience as well as

examples from novels, screenplays, and short stories, *Wired for Story* offers a revolutionary look at story as the brain experiences it. Each chapter zeroes in on an aspect of the brain, its corresponding revelation about story, and the way to apply it to your storytelling right now.

**Windows 11 Tips, Tricks & Shortcuts in easy steps** Nick Vandome, 2023-06-15  
Windows 11 Tips, Tricks & Shortcuts in easy steps provides over 1000 tips, tricks and keyboard shortcuts to help you save time and use your Windows 11 PC more efficiently. 101 iPhone Tips and Tricks Rich DeMuro, 2019-09-27 101 iPhone Tips Tricks is the key that will help you unlock the most useful features on your phone! It's written in a way you can actually understand and completely up to date for iOS 13. You'll learn about the latest changes and additions to Apple's popular mobile operating system. Important basics are covered including the new way to update, delete and rearrange apps, use the revamped Photos app and video editor, set time limits for apps and set your phone up properly to help out in an emergency situation. Learn how to activate the new Dark Mode, swipe to type, stop robocalls, create an iMessage profile and choose WiFi and Bluetooth connections faster than ever. Understand new settings that can help protect your privacy including how to share photos without revealing their GPS location, keep apps from accessing your location in the background and temporarily disable Siri's listening feature instantly. Fun tips include how to get Siri to play any radio station you can think of, find out if movies and TV shows are streaming for free and make sure you never get charged with a free trial fee ever again. Favorites from the previous edition include how to turn your iPhone into a magnifying glass, scan a document, reveal hidden tools and use your phone as a level. From beginner to expert, all levels of iPhone users will appreciate the tips inside this book. You'll finally feel more in control of the device you use every day. Tech Reporter Rich DeMuro appears on the #1 rated KTLA Morning News in Los Angeles and on TV stations nationwide. He is also a frequent contributor to KFI AM 640 in Los Angeles and fill in host for Leo Laporte's nationally syndicated The Tech Guy radio show. He answers the questions viewers send him in a podcast called Rich on Tech. Rich is on a mission to help everyday folks understand technology and

get the most out of their gadgets and apps. His previous book, 101 Handy Tech Tips for the iPhone, was a bestselling iPhone guide.
