Titanic: A Survivor's Story Colonel Archibald Gracie,2011-08-31 Here is a survivor's vivid account of the greatest maritime disaster in history. The information contained in Gracie's account is available from no other source. He provides details of those final moments, including names of passengers pulled from the ocean and of those men who, in a panic, jumped into lifeboats as they were being lowered, causing injury and further danger to life. Walter Lord, author of 'A Night to Remember', comments that Gracie's book - written shortly before he died from the exposure he suffered on the night - is invaluable for chasing down who went in what boat, and calls Gracie an indefatigable detective.

The agonising cries of death from over a thousand throats, the wails and groans of the suffering... none of us will ever forget until his dying day.' As well as detailing his own experiences Gracie tracked down as many survivors as possible.

Titanic Colonel Archibald Gracie,John B. Thayer,2005-08-01 Two survivors' accounts of the sinking of the Titanic. The information contained in Colonel Gracie's story is available from no other source. He provides details of the final moments, including names of passengers pulled from the ocean and of those men who, in a panic, jumped into lifeboats as they were being lowered. Walter Lord, author of A Night to Remember, calls Gracie an indefatigable detective. John Thayer was, like Gracie, one of the last to leave the ship. His account, The Sinking of the S.S. Titanic, is meticulously detailed. The sinking of the Titanic was, in his eyes, a symbol of the end of the world that he knew, and the beginning of a frightening new era.

The Sinking of the SS Titanic April 14-15, 1912 Jack Thayer,2019-09-12 'A vivid account of how the TITANIC sank by survivor Jack Thayer' THE DAILY TELEGRAPH. 'A dramatic first-hand account... TITANIC survivor reveals the horrifying cries of the luxury liner's dying victims' THE DAILY MAIL. On April 14, 1912, John B. 'Jack' Thayer III the 17-year-old heir to a Pennsylvania railroad fortune, was riding in first class with his mother, father and their maid on the most spectacular ship of its era - the TITANIC. Jack was one of only a handful of survivors who escaped by jumping into the freezing Atlantic as the TITANIC sank and spent the next five hours clinging onto the last lifeboat that was swept off the ship's boat deck upturned. He barely survived the disaster, and his detailed and shocking account of that fateful night has riveted those he recounted it to in the following decades. Finally, in 1940, he wrote down what happened, printing 500 copies for his family. Five years later, after the tragic loss of his son in the Second World War, Jack Thayer committed suicide, and his story was mostly forgotten. This new edition published in 2018 includes the historically important series of six drawings by Lewis Skidmore a young art teacher aboard the CARPATHIA (which saved the TITANIC survivors). Jack described to Lewis the stages of the TITANIC'S demise, which Skidmore drew. Critically it shows the ship breaking in two as she sank. Many

survivors refuted this assessment but seventy years later Jack and others was proved right when the wreck was discovered resting on the seabed in two halves. It also includes other bonus material, Jack's earlier, much shorter accounts of his amazing escape published in 1912 and 1913. ABOUT THE AUTHOR John 'Jack' B. Thayer III, was born in Philadelphia on 24 December 1894 into the wealthy and aristocratic Thayer family. His father was John Thayer II who ran the Pennsylvania Railroad Company, his mother, socialite Marian Thayer. After surviving the disaster he graduated from the University of Pennsylvania, served as an artillery officer in the First World War, went into banking and was later financial vice president of the University of Pennsylvania. He committed suicide on September 20, 1945 following several years of depression, he was found in a car in Philadelphia his throat and wrists cut. He was survived by his wife Lois Cassatt, son John, and three daughters, Lois, Julie and Pauline.

Titanic Survivor Violet Jessop, 2012-04-04 Violet Jessop's life is an inspiring story of survival. Born in 1887 in Argentina, the eldest child of Irish immigrants, at the age of 21 she became the breadwinner for her widowed mother and five siblings when she commenced a career as a stewardess and nurse on some of the most famous ocean going vessels of the day. Throughout her 40 year time at sea she survived an unbelievable series of events including the sinking of the TITANIC. "One awful moment of empty, misty blackness enveloped us in its loneliness, then an unforgettable, agonizing cry went up from 1500 despairing throats, a long wail and then silence and our tiny craft tossing about at the mercy of the ice field." For most people one sinking would be enough. But four years later Violet, now a nurse with the British Red Cross, was on board the World War I hospital ship BRITANNIC when it struck a mine and sank to the bottom of the Aegean. To her, this disaster was even more horrifying-- "Just as life seeming nothing but a whirling, choking ache, I rose to the light of day, my nose barely above the little lapping waves. I opened my eyes on an indescribable scene of slaughter, which made me shut them again to keep it out. By the end of her story we have met a woman who could handle whatever life threw at her with determination and good humor. She knew that only by her own strength of character would she survive. But Titanic Survivor is much more. A unique autobiography for those who want to know how it really felt, a story that could be told only by a Titanic Survivor.

A Night to Remember Walter Lord, 2005-01-07 A cloth bag containing eight copies of the title.

Shadow of the Titanic Andrew Wilson, 2012-03-06 IN the early morning hours of April 15, 1912, the icy waters of the North Atlantic reverberated with the desperate screams of more than 1,500 men, women, and children—passengers of the once majestic liner Titanic. Then, as the ship sank to the ocean floor and the passengers slowly died from hypothermia, an even more awful silence settled over the sea. The sights and sounds of that night would haunt each of the vessel's 705 survivors for the rest of their days. Although we think we know the story of Titanic—the famously luxurious and supposedly unsinkable ship that struck an iceberg on its maiden voyage from Britain to America—very little has been written about what happened to the survivors after the tragedy. How did they cope in the aftermath of this horrific event? How did they come to remember that night, a disaster that has been likened to the destruction of a small town? Drawing on a wealth of previously unpublished letters, memoirs, and diaries as well as interviews with survivors' family members, award-winning journalist and author Andrew Wilson reveals how some used their experience to propel themselves on to fame, while others were so racked with guilt they spent the rest of their lives under the Titanic's shadow. Some reputations were destroyed, and some survivors were so psychologically damaged that they took their own lives in the years that followed. Andrew Wilson brings to life the colorful voices of many of those who lived to tell the tale, from famous survivors like Madeleine Astor (who became a bride, a widow, an heiress, and a mother all within a year), Lady Duff Gordon, and White Star Line chairman J. Bruce Ismay, to lesser known second- and third-class passengers such as the Navratil brothers—who were traveling under assumed names because they were being abducted by their father. Today, one hundred years after that fateful voyage, *Shadow of the Titanic* adds an important new dimension to our understanding of this enduringly fascinating story.

Titanic John P Eaton, Charles Haas, 1995-04-04 Astonishingly thorough pictorial record of her brief existence. Beginning with her conception, more than a thousand photographs and artists' impressions cover her construction and launching, her fitting-out and trials, preparations for her maiden passenger-carrying voyage, her departure from Southampton and arrival at Cherbourg, her voyage to Queenstown, and the drama of her final disaster after hitting an iceberg in the North Atlantic, and the aftermath through to the.

Titanic Deborah Hopkinson, 2012 Tells the tale of the sinking of the Titanic using the narratives of the witnesses and survivors to the disaster.

The Truth about Chickamauga Colonel Archibald Gracie, 2014-08-07 This Is A New Release Of The Original 1911 Edition.

The Common Stream Rowland Parker, 2005-08-01 This is the story of the village of Foxton, in Cambridgeshire. The author studied archaeological excavations, oral tradition, manor court rolls, land tax returns, wills, bishops' registers and many other records, in order to build up a picture of the life, work, clothes, food and pastimes of the villagers, from the first traces of human settlement two thousand years ago, to the present day.

Titanic: Legacy of Betrayal Kathleen E. Kovach, Paula Mondenhauer, 2012-04-10 A secret. A key. Much was buried when the Titanic went down, but now it's time for resurrection. April 1912 - Olive Stanford boarded the Titanic determined to protect all she held dear. Her secret will go with her to the grave-but how can she face the afterlife carrying the burden of her actions? April 2012 - Portland real estate agent, Ember Keaton-Jones, distrusts men, with good reason. Ever since her great-great-grandfather, Thomas, deserted the family after the fateful sinking of the Titanic, every Keaton male has disappointed. Ember is on the brink of a huge sale when a stranger shows up with a key to a century-old secret challenging everything she believes. She meets forward-thinking Jeff Dawson who is working in the family's musty antique shop and finds an unexpected ally in unlocking the mystery of her past. But can they undo the legacy of Thomas Keaton's betrayal? Carefully researched, this engaging tale includes true stories of the Titanic embedded in historical fiction.

Voices from the Titanic Geoff Tibballs, 2012-04-01 This is the graphic, first-hand story of the maiden voyage and disastrous sinking of the RMS Titanic, told by the survivors themselves. The story of the sinking of the great liner has been told countless times since that fateful night on April 14, 1912, by historians, novelists, and film producers alike, but no account is as graphic or revealing as those from the people who were actually there. Through survivors' tales and contemporary newspaper reports from both sides of the Atlantic, here are eyewitness accounts full of details that range from poignant to humorous, stage by stage from the liner's glorious launch in Belfast to the somber sea burial services of those who perished on her first and only voyage. In this book, the voices of the survivors share their own stories, as well as the official records, press reports, and investigations into what went wrong that night.
