Animal Alphabet Number Puzzle Pictures Eirene Lillegard,2019-01-24 Teaching your kids the alphabet? Teaching your kids how to draw animals? Animal Alphabet Number Puzzle Pictures take learning to another level by infusing education with fun. And we do this by mixing art with math. It's as easy as abc. Your kids use math to solve number puzzles and use their pencil to complete the puzzle picture. The artfully-created animal cartoons in this whole-brain class activity boost the way your children build a deeper connection to your classroom material. You can even hand them out as homework exercises; although they won't even think of it as work. To ensure you cover all 26 letters of the alphabet and have hours of engaging material, this collection of animal-themed Number Puzzle Pictures contains 26 different drawings, from things that walk and crawl to things that fly. The 26 drawings are divided into little squares and mixed up to create a number puzzle and your young letter learners must put them back together again in the right order using a mixture of math and art skills. Animal Alphabet Number Puzzle Pictures are ideal for younger kids just learning about numbers and the alphabet. And because the pictures are divided into three grid sizes, you can really progress your student's math and art skills from this early stage in their development. Here's how it works: - Flip to a Number Puzzle Picture in this drawing book. There are 9 unique puzzles in a 4x4 grid at the start, followed by 9 unique 6x6 puzzles, and then 8 unique 8x8 puzzles. - Look for number 0 in the jumbled number puzzle picture on the left. - Use a pencil to draw the same pattern in the number 0 square on the empty grid. - Continue drawing the patterns from the number puzzle picture in the numbered squares on the empty grid. - Keep going until you have found and drawn all numbers. - Go back over the lines with a black pencil or pen. - Give your kids lots of pens and crayons to finish off their completed puzzles. - Stand back and admire your awesome number puzzle picture.
