Opta Stats Football Yearbook 2002-2003 Opta Stats,2002-08 Opta are the official player performance statisticians to the F.A. Premier League. During each game, the Opta Index rates every Premiership player on nearly one hundred different actions for each of six positions. Opta's unrivalled kick-by-kick analysis of football matches has added a revolutionary new dimension to the game. And with a guide to how to get the best out of it for fantasy football competitions, it also makes essential reading for would-be team managers. The Opta Football Yearbook 2002-2003 provides an at-a-glance guide to the Premiership teams and the players who made the 2001-2002 season so memorable. With a complete index of all the players who appeared in the Premiership, plus those promoted from the Nationwide League (so that you can find them wherever they may have played), and tables of the most successful and (dare one say it) most dreadful, the Opta Football Yearbook 2002-2003 is the only guide you'll need to the Premiership.

**World Soccer Infographics** Opta,2019-09-24 This is the first book to present soccer's rich history, statistics, and culture through highly detailed yet accessible infographics. Who is soccer's greatest player: Pelé, Maradona, Messi, or Ronaldo? Which national team has garnered the most fouls? Where is the best place to aim a penalty kick? Just like the great game itself, World Soccer Infographics is rich entertainment and takes fans of all ages on a visually compelling statistical journey of revelations about the game. This book is a fresh, colorful approach to depicting the history and statistics of soccer in an insightful diagrammatic form. The "Beautiful Game" has been portrayed in many ways over the years, but never in such a dynamic and interactive fashion that makes for addictive and easily browsable reading. The book covers every aspect of the game, from statistical information about goals scored, red and yellow cards given, and number of championships won by individual teams, to aspects of the culture surrounding the sports institution and the nature of fandom. It includes information on the World Cup, the Copa America, the Africa Cup of Nations, the UEFA Champions League, and all the world's most famous domestic club leagues.

**Soccer: Stats, Facts, and Figures** Kate Mikoley,2017-12-15 Soccer may be considered a low-scoring sport by some, but learning its intricacies allows readers to see the world of math that is hidden inside what is known as The Beautiful Game. Readers will learn basics like goals and assists as well as higher numbers like caps. They'll even learn how league standings work, and how more complex equations like goal differential can sometimes determine league champions.

**The Making of Modern Colombia** David Bushnell,1993-02-09 Colombia's status as the fourth largest nation in Latin America and third most populous—as well as its largest exporter of such disparate commodities as emeralds, books, processed cocaine, and cut flowers—makes this, the first history of Colombia written in English, a much-needed book. It tells the remarkable story of a country that has consistently defied modern Latin American stereotypes—a country where military dictators are virtually unknown, where the political left is congenitally weak, and where urbanization and industrialization have spawned no lasting populist movement. There is more to Colombia than the drug trafficking and violence that have recently gripped the world's attention. In the face of both cocaine wars and guerrilla conflict, the country has maintained steady economic growth as well as a relatively open and democratic government based on a two-party system. It has also produced an impressive body of art and literature. David Bushnell traces the process of state-building in Colombia from the struggle for independence, territorial consolidation, and reform in the nineteenth century to economic development and social and political democratization in the twentieth. He also sheds light on the modern history of Latin America as a whole.

**The Dare** Harley Laroux,2023-10-31 Jessica Martin is not a nice girl. As Prom Queen and Captain of the cheer squad, she'd ruled her school mercilessly, looking down her nose at everyone she deemed unworthy. The most unworthy of them all? The freak, Manson Reed: her favorite victim. But a lot changes after high school. A freak like him never should have ended up at the same Halloween party as her. He never should have been able to beat her at a game of Drink or Dare. He never should have been able to humiliate her in front of everyone. Losing the game means taking the dare: a dare to serve Manson for the entire night as his slave. It's a dare that Jessica's pride - and curiosity - won't allow her to refuse. What ensues is a dark game of pleasure and pain, fear and desire. Is it only a game? Only revenge? Only a dare? Or is it something more? The Dare is an 18+ erotic romance novella and a prequel to the Losers Duet. Reader discretion is strongly advised. This book contains graphic sexual scenes, intense scenes of BDSM, and strong language. A full content note can be found in the front matter of the book.
