📖 **PAYBACK TIME** Phil Town,2010-03-02 Don’t get mad, get even... Phil Town’s first book, the #1 New York Times bestseller Rule #1, was a guide to stock trading for people who believe they lack the knowledge to trade. But because many people aren’t ready to go from mutual funds directly into trading without understanding investing—for the long term – he created Payback Time. Too often, people see long-term investing as “mutual fund contributing” – otherwise known as “long-term hoping.” But the sad truth is that mutual fund investors are, to a stunning degree, pinning their hopes on an institution that is hopeless. It turns out that only 4% of fund managers consistently beat the S&P 500 index over the long term, which means that 96% of fund investors see a smaller return on their nest egg than a chimpanzee who simply buys stocks in the 500 biggest companies in America and watches what happens. But it’s worse than that. The net effect of hitching your wagon to mutual funds is that over a lifetime they’ll fritter away as much 60% of your nest egg in fees. Once you understand how funds engineer this, you’ll rush to invest on your own. Payback Time’s risk-free approach is called “stockpiling” and it’s how billionaires get rich in bad markets. It’s a set of rules for investing (not trading but investing) in the right businesses at the right time -- rules that will ensure you make the big money.

📖 **THE INCREDIBLE JOURNEY** SHEILA BURNFORD,2015-05-01 A classic Canadian story of the bravery and ingenuity of three animals who find their way home. First published in 1961, The Incredible Journey tells the story of three pets: a young Labrador retriever, an old bull terrier, and a Siamese cat. While their owners are away in England, they are being cared for by a family friend at his home in the country. But a miscommunication occurs between the friend and his housekeeper when he goes on a hunting trip, and the animals are left alone for a several hours, with a gnawing instinct that something has gone wrong. They soon set off on a journey to find home, which instinct tells them is to the west. They travel 400 kilometres across the Northern Ontario wilderness, facing many obstacles along the way: swift-flowing rivers and the rugged landscape; wild animals and unsympathetic humans; starvation, injuries and sheer exhaustion. Separately they would not have survived, but together this disparate group prevails, and they find their way home to the family they love.
