Wine Wars II Mike Veseth,2022-07-01 Here's the inside scoop on the wine world. Globalization has pushed back the borders of the wine world, creating a complex, interconnected market where Old World and New World wines and producers compete head to head. Writing with wit and verve, Mike Veseth (a.k.a. the Wine Economist) tells the compelling story of the war between the market forces that are redrawing the world wine

map and the terroirists who resist them. This is the battle for the future of wine—and for its soul. The fight isn't just over bottles bought and sold, however; power and taste are also at stake. Who will call the shots in the wine market of the future? Who will set the price? Whose palate will prevail? Veseth masterfully brings all of these questions together in the only book on the wine business written for all lovers of wine. Wine Wars II begins by exploring wine globalization, where readers follow “Missionaries, Migrants, and Market Reforms” to faraway New Zealand and learn how to unlock the secrets of their local retail “Wine Wall” by mastering the “DaVino Code.” Globalization brings a world of wine to our doorsteps. Commodification helps us make sense of the resulting embarrassment of riches, but at a cost. Readers must decide if they are Martians or Wagnerians, consider why “They Always Buy the Ten Cent Wine,” and then probe the puzzle of “Outlaws, Prisoners, and the Great Escape.” Who stands in the way of the global wine market's assault on wine's very soul? The “Revenge of the Terroirists!” Resistance is not futile, because 'We Are All Terroirists Now,’ but that doesn't mean the future of wine is secure. A final section explores “Wine's Triple Crisis,” environmental crisis plus economic crisis, plus identity crisis. Taken together these crises pose the most serious threat to wine as we know and love it. Each section of Wine Wars II ends with a suggested wine tasting that invites readers to experience the book's ideas and arguments with all their senses by sampling a few carefully chosen wines. Can the soul of wine survive – and thrive – in this unfriendly environment? You'll have to read Wine Wars II to find out!

Cheers! Brandon Cook,2021-04-06 Salut! Prost! Skål! Na zdrave! Tagay! No matter what country you clink glasses in, everyone has a word for cheers. In Cheers! Around the World in 80 Toasts, Brandon Cook takes readers on a whirlwind trip through languages from Estonian to Elvish and everywhere in between. Need to know how to toast in Tagalog? Say bottoms up in Basque? Down the hatch in Hungarian? Cook teaches readers how to toast in 80 languages and includes drinking traditions, historical facts, and strange linguistic phenomena for each. Sweden, for instance, has a drinking song that taunts an uppity garden gnome, while Turkey brandishes words like Avrupalılaştıramadıklarımızdanmışsınızcasına. And the most valuable liquor brand in the world isn't Johnny Walker or Hennessy, but Maotai—President Nixon's liquor of choice when he visited China. Whether you're traveling the globe or the beer aisle, Cheers! will show you there's a world of fun waiting for you. So raise a glass and begin exploring! The audio book is narrated by Nicholas Smith. Produced by Speechki in 2021.

The Social Organisation of Marketing John Connolly,Paddy Dolan,2017-07-25 The book examines the social processes which have shaped the development and organisation of various marketing practices and activities, and the markets associated with them. Drawing on the figurational-sociological approach associated with Norbert Elias the contributors explain how various markets and related marketing practices and activities are organised, enabled and constrained by the actions of people at different levels of social integration. Collectively, The Social Organisation of Marketing provides insights into topics such as the consumption and of wine in China, the advertising of Guinness, the management of on-line communities in Germany, the corporate social responsibility strategies of multinational energy corporations in Africa, the concept of talent management in contemporary organisations, the child consumer in Ireland, and the constraining and enabling influences of the American corporate organisational structure.
