Heart of a Soldier James B. Stewart,2009-11-24 From Pulitzer Prize winner James B. Stewart comes the extraordinary story of American hero Rick Rescorla, Morgan Stanley security director and a veteran of Vietnam and the British colonial wars in Rhodesia, who lost his life on September 11. When Rick Rescorla got home from Vietnam, he tried to put combat and death behind him, but he never could entirely. From the day he joined the

British Army to fight a colonial war in Rhodesia, where he met American Special Forces' officer Dan Hill who would become his best friend, to the day he fell in love with Susan, everything in his remarkable life was preparing him for an act of generosity that would transcend all that went before. Heart of a Soldier is a story of bravery under fire, of loyalty to one's comrades, of the miracle of finding happiness late in life. Everything about Rick's life came together on September 11. In charge of security for Morgan Stanley, he successfully got all its 2,700 men and women out of the south tower of the World Trade Center. Then, thinking perhaps of soldiers he'd held as they died, as well as the woman he loved, he went back one last time to search for stragglers. Heart of a Soldier is a story that inspires, offers hope, and helps heal even the deepest wounds.

Go Diaper Free Andrea Olson, 2021-02-17 Stop changing diapers? start pottling your baby. Over half the world's children are potty trained by one year old, yet the average potty training age in the United States is currently three years old. This leaves parents wondering: What did people do before diapers? and How do I help my own baby out of diapers sooner? Elimination Communication, also known as EC, is the natural alternative to full-time diapers and conventional toilet training. Although human babies have been pottied from birth for all human history, we've modernized the technique to work in today's busy world. Go Diaper Free shows parents of 0-18 month babies, step-by-step, how to do EC with confidence, whether full time or part time, with diapers or without. Diaper-free doesn't mean a naked baby making a mess everywhere - it actually means free from dependence upon diapers. With this book, new parents can avoid years of messy diapers, potty training struggles, diaper rash, and unexplained fussiness. Also helpful for those considering EC, in the middle of a potty pause, or confused about how to begin. This 6th edition includes a new section on The Dream Pee, a full text and graphic revision, more photos of EC in action, and a complete list of further resources. MULTIMEDIA EDITION: includes the book and access to private video library, helpful downloads, additional troubleshooting, and our private online support group run by our Certified Coaches. For less than the cost of a case of diapers, you can learn EC hands-on, the way it's meant to be learned.

Laptop from Hell Miranda Devine, 2021-11-30 As seen on Tucker Carlson Tonight! USA Today and Wall Street Journal Bestseller! The inside story of the laptop that exposed the president's dirtiest secret. When a drug-addled Hunter Biden abandoned his waterlogged computer at a Mac repair shop in Delaware in the spring of 2019, just six days before his father announced his candidacy for the United States presidency, it became the ticking time bomb in the shadows of Joe Biden's campaign. The dirty secrets contained in Hunter's laptop almost derailed his father's presidential campaign and ignited one of the greatest media coverups in American history. This is the unvarnished story of what's really inside the laptop and what China knows about the Bidens, by the New York Post journalist who brought it into the open. It exposes the coordinated censorship operation by Big Tech, the media establishment, and former intelligence operatives to stifle the New York Post's coverage, in a chilling exercise of raw political power three weeks before the 2020 election. A treasure trove of corporate documents, emails, text messages, photographs, and voice recordings, spanning a decade, the laptop provided the first evidence that President Joe Biden was involved in his son's ventures in China, Ukraine, and beyond, despite his repeated denials. This intimate insight into Hunter's dissolute lifestyle shows he was incapable of holding down a job, let alone being paid tens of millions of dollars in high-powered international business deals by foreign interests, unless he had something else of value to sell—which of course he did. He was the son of the vice president who would go on to become the leader of the free world.
