'And' Barry Schein,2017-07-21 A bold argument that “and” always means “&,” the truth-functional sentential connective. In this book, Barry Schein argues that “and” is always the sentential logical connective with the same, one, meaning. “And” always means “&,” across the varied constructions in which it is tokened in natural language. Schein examines the constructions that challenge his thesis, and shows that the objections disappear when these constructions are translated into Eventish, a neo-Davidsonian event semantics, and, enlarged with Cinerama Semantics, a vocabulary for spatial orientation and navigation. Besides rescuing “and” from ambiguity, Eventish and Cinerama Semantics solve general puzzles of grammar and meaning unrelated to conjunction, revealing the book's central thesis in the process: aspects of meaning mistakenly attributed to “and” are discovered to reflect neighboring structures previously unseen and unacknowledged. Schein argues that Eventish and Cinerama Semantics offer a fundamental revision to clause structure and what aspects of meaning are represented therein. Eventish is distinguished by four features: supermonadicity, which enlarges verbal decomposition so that every argument relates to its own event; descriptive event anaphora, which replaces simple event variables with silent descriptive pronouns; adverbialization, which interposes adverbials derived from the descriptive content of every DP; and AdrPs, which replace all NPs with Address Phrases that locate what nominals denote within scenes or frames of reference. With 'And,' Schein rehabilitates an old rule of transformational, generative grammar, answering the challenges to it exhaustively and

meticulously.

Musical Style and Social Meaning DerekB. Scott, 2017-07-05 Why do we feel justified in using adjectives such as romantic, erotic, heroic, melancholic, and a hundred others when speaking about music? How do we locate these meanings within particular musical styles? These are questions that have occupied Derek Scott's thoughts and driven his critical musicological research for many years. In this selection of essays, dating from 1995-2010, he returns time and again to examining how conventions of representation arise and how they become established. Among the themes of the collection are social class, ideology, national identity, imperialism, Orientalism, race, the sacred and profane, modernity and postmodernity, and the vexed relationship of art and entertainment. A wide variety of musical styles is discussed, ranging from jazz and popular song to the symphonic repertoire and opera.

Lights Out Tonight Mary Jane Clark, 2009-11-03 LIGHTS... OUT... Soon a world-famous actress goes missing. An actress who has been the obsession of millions. Or maybe just the true obsession of one? TONIGHT... And they wear the mask of a friend, a lover, a husband, or a wife...

Arriving late at the scene, he discovers an extra victim thrown onto an embankment - unconscious and unnoticed. Diamond administers CPR, but no one can say whether the elderly tricyclist will pull through. But why had the man been out in the middle of the night with an urn containing human ashes? Diamond's suspicions grow after he identifies the accident victim as Ivor Pellegrini, a well-known local eccentric and railway enthusiast. A search of Pellegrini's workshop proves beyond question that he is involved in a series of uninvestigated deaths

The Jean Harlow Films James L. Neibaur, 2019-03-28 One of the powerful icons of 1930s Hollywood film, Jean Harlow died a tragically early death in 1937 at age 26. During her brief career, she delivered memorable performances in such

MGM classics as Red Dust (1932), Bombshell (1933), Dinner at Eight (1933) and Libeled Lady (1936), among others. Taking a film-by-film look at Harlow's work and her own impressions of her costars and directors, this retrospective traces her growth as an actress--from tentative supporting player to top star at a prestigious studio--and how her often tumultuous life informed her performances.

A New History of Documentary Film Betsy A. McLane, 2013-03-28 A New History of Documentary Film, Second Edition offers a much-needed resource, considering the very rapid changes taking place within documentary media. Building upon the best-selling 2005 edition, Betsy McLane keeps the same chronological examination, factual reliability, ease of use and accessible prose style as before, while also weaving three new threads - Experimental Documentary, Visual Anthropology and Environmental/Nature Films - into the discussion. She provides emphasis on archival and preservation history, present practices, and future needs for documentaries. Along with preservation information, specific problems of copyright and fair use, as they relate to documentary, are considered. Finally, A History of Documentary

Film retains and updates the recommended readings and important films and the end of each chapter from the first edition, including the bibliography and appendices. Impossible to talk learnedly about documentary film without an audio-visual component, a companion website will increase its depth of information and overall usefulness to students, teachers and film enthusiasts.

No Debate George Farah, 2004-04-06 Broadcast to tens of millions of Americans, the presidential debates are the Super Bowl of politics. A good performance before the cameras can vault a contender to the front of the pack, while a gaffe spells national embarrassment and can savage a candidacy. The slim margin for error has led the two major parties to seek—and achieve, under the aegis of the bipartisan Commission on Presidential Debates—tight control through scripting, severe time limits, and the exclusion of third-party candidates. In *No Debate*, author and lobbyist George Farah argues that these staged recitations make a mockery of free and fair presidential elections. With urgency and clarity, this book reviews the history of presidential debates, the impact of the debates since the advent of television, the role of the League of Women Voters, the antidemocratic activity of the CPD, and the specific ways that the Republicans and Democrats collude to remove all spontaneity from the debates themselves. The author presents the complete text of a previously unreleased secret document between the Republicans and Democrats that reveals the degree to which the two parties—not the CPD—dictate the terms of the debates. In the final chapter, Farah lays out a compelling strategy for restoring the presidential debates as a nonpartisan, unscripted, public events that help citizens—not corporations or campaign managers—decide who is going to run the White House.

Single Season Sitcoms of the 1990s Bob Leszczak, 2018-08-31 During the Must See TV 1990s, Americans enjoyed such immensely popular sitcoms as Friends, Seinfeld, Home Improvement and The Drew Carey Show. Shows that did not make the ratings cut numbered in the hundreds--the emergence of new networks and cable channels airing original programming resulted in a vast increase in short-lived sitcoms over the previous decade. Some of these flops were actually quite good and deserved a better fate. The author revisits them--along with the dramedies of the day--with detailed entries providing production and broadcast information, along with critical analyses, and recollections by cast and crew members. A subsection highlights sitcoms that returned for an abbreviated second season. Dozens of cast and crew photographs are included.
