Too Fast to Think Chris Lewis,2016-10-03 Our lives are getting faster and faster. We are engulfed in constant distraction from email, social media and our 'always on' work culture. We are too busy, too overloaded with information and too focused on analytical left-brain thinking processes to be creative. Too Fast to Think exposes how our current work practices, media culture and education systems are detrimental to innovation. The speed and noise of modern life is undermining the clarity and quiet that is essential to power individual thought. Our best ideas are often generated when we are free to think diffusely, in an uninterrupted environment, which is why moments of inspiration so often occur in places completely separate to our offices. To reclaim creativity, Too Fast to Think teaches you how to retrain your brain into allowing creative ideas to emerge, before they are shut down by interruption, distraction or the self-doubt of your over-rational brain. This is essential reading for anyone who wants to maximize their creative potential, as well as that of their team. Supported by cutting-edge research from the University of the Arts London and insightful interviews with business leaders, academics, artists, politicians and psychologists, Chris Lewis takes a holistic approach to explain the 8 crucial traits that are inherently linked to creation and innovation.

**Too Fast to Live Too Young to Die** Andrew Krivine,2020-03-26 An astonishing collection of over 700 original scans of printed ephemera and memorabilia from the prime years of the punk and post-punk movements. Since finding punk in the summer of 1976, Andrew Krivine has amassed one of the world's largest collections of punk graphic design and memorabilia, with part of his collection exhibiting at the Cranbrook Art Museum in Michigan, before moving to the New York Museum of Arts and Design, and many other such spaces around the world in 2020 and 2021. This book represents the cream of that collection--over 700 original scans of posters, flyers, covers, and ads from the prime years of the movement, which changed the world of graphic design forever. Too Fast to Live tells of one man's obsession with creating an unparalleled collection of punk memorabilia. The illustrative content of the book is verified, critically assessed, and given provenance by an array of graphic design experts, academics, and commentators, among them Steven Heller (former art director at the New York Times), Russ Bestley, Professor Rick Poynor, Malcolm Garrett, and Pulitzer and National Book Award-winning editor Michael Wilde. The unique mix of imagery and text makes this arguably the most essential and definitive work on the graphic design revolution within the punk and post-punk movements of America and the U.K.

**Too Fast for Words** Rutger Wilhelm,2020-11-13 Have you ever been told that you speak too fast or that your speech is unclear or sloppy? Do you find it difficult to control the pace of your speech and does this cause you to trip over your words? Do you sometimes have difficulty in ordering your thoughts or determining what exactly you are going to say? And does this sometimes make it difficult for people to understand you? People that speak in a non-fluent, unintelligible or messy way are often labeled 'stutterers' in popular wisdom. For years Rutger Wilhelm also thought he stuttered and underwent various treatments for it. When he was diagnosed with cluttering, a disorder he had never heard of, his world was turned upside-down. In Too fast for words he shares his personal experience with cluttering. Through striking and sometimes moving anecdotes he takes readers on an interesting voyage of discovery: What is cluttering? How does it differ from stuttering? What impact can it have on your life? And what can be done about it?

**Growing Up Too Fast** Sylvia Rimm,2006-08-22 A leading child psychologist draws on a wide-reaching survey of American pre-teens to reveal the earlier ages at which today's young people are being introduced to sex, drugs, and body-image issues, in a guide for parents on how to help young people address modern pressures. By the author of See Jane Win. Reprint.

**Too Old, Too Fast** C. E. Andrews, 2010-03 Clyde Lewis and his family live in the San Luis Valley of Colorado where they struggle to survive during the Great Depression.

*Never Too Fast* Paul Ferriss, 2001 This book details the story of Paul Tracy and his rise through racing's minor leagues, setting and breaking records as he went. At 17 he was racing cars with twice the horsepower of the family cars his friends were just learning to drive. Veteran team managers and drivers knew they were seeing someone special on the track: a quiet kid with the looks of a boy scout and the desire of a champion. Soon Tracy dominated kart racing, won at Can-Am racing, and ruled Indy Lights. He then stormed into the Championship Auto Racing Team circuit, racing wheel to wheel with Emerson Fittipaldi and Mario Andretti. In those early races, even driving an underpowered car, Tracy proved he could run with the big boys. But Paul Tracy's success has come with its share of hardships. His aggressive driving style on the cart circuit has made almost as many enemies as fans. He's been criticized, penalized, and vilified both on and off the track. Nevertheless, two things remain consistent—his desire to drive fast, and his desire to win.

**Slow Down, I'm Getting Well Too Fast** Dr. Iren Fellegvari, 2014-11-14 Our eyes are involved in most of our experiences and in forming our memories. It seems logical that we can use our eyes to change hurtful memories. Emotional Transformation Therapy (ETT) was developed with this concept in mind. Emotions play an extraordinary role in our lives. Every event is labeled with a corresponding emotion in our brains. An experience can be characterized as pleasant or dangerous-or by any other identifier that influences our thoughts and actions or determines whether we want to remember a particular occurrence. Events do not change if the emotional labels are altered, but we think and react differently to different labels. People can go from feeling victimized to becoming proud survivors if the labels are changed. A crisis situation can become either a tragedy or a new beginning based on a person's emotional evaluation. ETT does not change facts, but it can help transform shame, fear, loneliness, emptiness, and other often paralyzing feelings, opening up a person to the possibility of more realistic and empowering mind-sets. ETT offers quick, goal-oriented treatment for severe psychological problems like PTSD, abuse, and eating disorders and everyday situations such as stress in one's professional life, anxiety that hinders achievement, and more. Learn more about this revolutionary new treatment method designed by a licensed clinical psychologist, and unlock the secret to fast, effective recovery.

Too Fast Douglas Maxwell, 2011-09-15 Teachers' Notes by Anthony Banks Sensation Nation is a vocal group founded and led by the unstoppable DD. Her grand plan is for the group to storm next year's Britain's Got Talent. But first they need a gig, and more importantly a heartbreaking backstory that will win them votes later on down the line. So she's booked them in to sing at a funeral. And not just any funeral either. Sensation Nation is to sing at the funeral of Ali Monroe, an older girl from their school who was killed in a car crash. Too Fast is an ensemble comedy for young performers with a strong emotional heart and a huge theatrical reveal in the final scene. It was originally produced as part of National Theatre Connections 2011.

*Growing Up Too Fast, Dying Too Young* Courtney Miller, 2015-03-30 In 1945, the Smith family moved to Elmsford, New York, a suburban community known for its plentiful elm trees and Ford cars. Dad, who liked the fast pace and bright lights of New York City, stayed behind, leaving Mom to raise five kids. With little parental supervision, the Smith children became latch-key kids, essentially raising themselves. Mom and Dad eventually decided to get back together, and the family moved back to New York City. But when heroin swept through the city like a white tornado, the Smiths' peaceful lives would never be the same again! In *Growing Up Too Fast, Dying Too Young*, author Courtney Miller chronicles his life as a latch-key kid and shares the pain of his brothers' fatal love affair with drugs. With his family torn apart by heroin, Courtney chooses a different path and discovers hope and purpose

in Jehovah. His memoir offers a raw and honest look at children who grow up too fast...and die far too young.
