Roman Wölfel

The Once-Only Principle Robert Krimmer,Andriana Prentza,Szymon Mamrot,2021-07-02 This open access State-of-the-Art Survey describes and documents the developments and results of the Once-Only Principle Project (TOOP). The Once-Only Principle (OOP) is part of the seven underlying principles of the eGovernment Action Plan 2016-2020. It aims to make the government more effective and to reduce administrative burdens by asking citizens and companies to provide certain standard information to the public authorities only once. The project was horizontal and policy-driven with the aim of showing that the implementation of OOP in a cross-border and cross-sector setting is feasible. The book summarizes the results of the project from policy, organizational, architectural, and technical points of view.

Constable & Toop Gareth P. Jones,2012-10-04 A darkly comic Dickensian ghost story from Blue Peter Award winner Gareth P. Jones: it's not the dead you'll need to worry about! Sam Toop lives in a funeral parlour, blessed (or cursed) with an unusual gift. While his father buries the dead, Sam is haunted by their constant demands for attention. Trouble is afoot on the 'other side' - there is a horrible disease that is mysteriously imprisoning ghosts into empty houses in the world of the living. And Sam is caught in the middle - will he be able to bring himself to help? Blue Peter Award winner Gareth P. Jones has woven a darkly comic story, a wonderfully funny adventure that roams the grimy streets of Victorian London.

Rap Attack 3 David Toop,2000 Closing the circle examined in Rap Attack and Rap Attack 2, this book looks at the fatal shootings of Tupac Shakur and the Notorious B.I.G., gangsta rap overload, and the resultant upsurge of nostalgia for old-school hip-hop. 100 illustrations.

Ocean of Sound David Toop,1995 Ocean of Sound begins in 1889 at the Paris Exposition when Debussy first heard Javanese music performed. A culture absorbed in perfume, light and ambient sound developed in response to the intangibility of 20th century communications. David Toop traces the evolution of this culture, through Erik Satie to the Velvet Underground; Miles Davis to Jimi Hendrix. David Toop, who lives in London, is a writer, musician and recording artist. His other books are Rap Attack 3 and Exotica,

Exotica David Toop,1999 Merging anecdote and biography, autobiography and interviews, fact and fiction and a characteristically eclectic selection of music, David Toop spirals us through the 20th century's guilty fascination with exotica. Notions of the exotic have long inspired musicians across the musical spectrum, from classical to 'easy listening' to rap - from Stravinsky to the Boo-Yah T.R.I.B.E. Exotica takes a look at some of the world's most witty, experimental and adventurous sound recordings while taking in the work of Les Baxter, the meaning of Carmen Miranda, leopard skin leotards, pink fluffy cubicles, elevator music, and more... Painstakingly researched and brilliantly insightful, Exotica includes interviews with Burt Bacharach, Ornette Coleman, Bill Laswell, YMO's Haroumi Hosono, Nusrat Fateh Ali Khan and The Boo-Yah Tribe.

The Rap Attack David Toop,1984

Into the Maelstrom: Music, Improvisation and the Dream of Freedom David Toop,2016-05-05 Shortlisted for the Penderyn Music Book Prize 2017. In this first installment of acclaimed music writer David Toop's interdisciplinary and sweeping overview of free improvisation, Into the Maelstrom: Music, Improvisation and the Dream of Freedom: Before 1970 introduces the philosophy and practice of improvisation (both musical and otherwise) within the historical context of the post-World War II era. Neither strictly chronological, or exclusively a history, Into the Maelstrom investigates a wide range of improvisational tendencies: from surrealist automatism to stream-of-consciousness in literature and vocalization; from the free music of Percy Grainger to the free improvising groups emerging out of the early 1960s (Group Ongaku, Nuova Consonanza, MEV, AMM, the Spontaneous Music Ensemble); and from free jazz to the strands of free improvisation that sought to distance itself from jazz. In exploring the diverse ways in which spontaneity became a core value in the early twentieth century as well as free improvisation's connection to both 1960s rock (The Beatles, Cream, Pink Floyd) and the era of post-Cagean indeterminacy in composition, Toop provides a definitive and all-encompassing exploration of free improvisation up to 1970, ending with the late 1960s international developments of free music from Roscoe Mitchell in Chicago, Peter Brötzmann in Berlin and Han Bennink and Misha Mengelberg in Amsterdam.

Inflamed Invisible David Toop,2019-12-17 A rich collection of essays tracing the relationship between art and sound. In the 1970s David Toop became preoccupied with the possibility that music was no longer bounded by formalities of audience: the clapping, the booing, the short attention span, the demand for instant gratification. Considering sound and listening as foundational practices in themselves leads music into a thrilling new territory: stretched time, wilderness, video monitors, singing sculptures, weather, meditations, vibration and the interior resonance of objects, interspecies communications, instructional texts, silent actions, and performance art. Toop sought to document the originality and unfamiliarity of this work from his perspective as a practitioner and writer. The challenge was to do so without being drawn back into the domain of music while still acknowledging the vitality and hybridity of twentieth-century musics as they moved toward art galleries, museums, and site-specificity. Toop focused on practitioners, whose stories are as compelling as the theoretical and abstract implications of their works. Inflamed Invisible collects more than four decades of David Toop's essays, reviews, interviews, and experimental texts, drawing us into the company of artists and their concerns, not forgetting the quieter, unsung voices. The volume is an offering, an exploration of strata of sound that are the crossing points of sensory, intellectual, and philosophical preoccupations, layers through which objects, thoughts and air itself come alive as the inflamed invisible.

The Southdown Flock Book ,1893

Constable & Toop Gareth P. Jones,2013-10-08 “Sure to tickle the funny bone and satisfy the taste for some gruesome adventure while appealing to both girls and boys. A fun read.” —School Library Journal Something mysterious and terrible is happening throughout Victorian London: Ghosts are disappearing. When this reaches the attention of the Ghost Bureau, the diligent but clueless Mr. Lapsewood, a paranormal paper-pusher, is sent to investigate, and what he discovers is grave. The Black Rot has arrived—a voracious spiritual infestation whereby empty haunted houses suck in unsuspecting ghosts and imprison them. Lapsewood’s investigation weaves through the stories of several other memorable characters—living and dead—including an undertaker’s son who can see ghosts, a serial throat-slasher reminiscent of Jack the Ripper, an evangelical exorcist, and many more. The living and dead must work together if they hope to destroy the Black Rot—before it destroys both the ghost and human worlds. “Jones has crafted a menacing, spooky Victorian London full of criminals and unfinished business, which is well balanced by the biting satire and buffoonery of the Bureau. Add to that a cast of fascinating, well-wrought characters—from the smarmy and threatening Jack, to the precocious, pot-stirring aspiring journalist Clara—and it’s a winning combination of macabre atmosphere, whimsical antics, and heartfelt, earnest friendship.” —Booklist (starred review)

Haunted Weather David Toop,2004 Digital technology has changed the ways in which music is perceived, stored, distributed, mediated and created. The world of music is now a vast and complex jungle, teeming with CDs, MP3s, concerts, clubs, festivals, conferences, exhibitions, installations, websites, software

programmes, scenes, ideas and competing theories. In the eye of the storm stands David Toop, shedding light on the most interesting music now being made ? on laptops, in downtown bars in Tokyo, wherever he finds it. Haunted Weather is part personal memoir and part travel journal, as well as an intensive survey of recent developments in digital technology, sonic theory and musical practice. Along the way Toop probes into the meaning of sound (and silence), offering fascinating insights into how computers can be used for improvisation. His wealth of musical knowledge provides inspiration for anyone interested in music.

The American Short-horn Herd Book Lewis Falley Allen,William T. Bailey,1914

Ocean of Sound David Toop,2018-08-02 David Toop's extraordinary work of sonic history travels from the rainforests of Amazonas to the megalopolis of Tokyo via the work of artists as diverse as Brian Eno, Sun Ra, Erik Satie, Kate Bush, Kraftwerk and Brian Wilson. Beginning in 1889 at the Paris exposition when Debussy first heard Javanese music performed, Ocean of Sound channels the competing instincts of 20th century music into an exhilarating, path-breaking account of ambient sound. 'A meditation on the development of modern music, there's no single term that is adequate to describe what Toop has accomplished here ... mixing interviews, criticism, history, and memory, Toop moves seamlessly between sounds, styles, genres, and eras' Pitchfork's '60 Favourite Music Books'

American Hereford Record and Hereford Herd Book American Hereford Cattle Breeders' Association,1912 Brief history of Hereford cattle: v. 1, p. 359-375.

Toop (the Cannon) Gholamhossein Saedi,2017-04-28 toop (The Cannon), first published in 1968, is a novel by the celebrated Iranian author Gholamhossein Saedi.

Sinister Resonance David Toop,2010-01-01 A major new work from one of the world's most erudite, intellectual, and influential thinkers and writers about sound and music. >
