These supercharged, 2,000-horsepower cars from the bygone days of drag racing demanded the utmost respect, as did the racers who piloted them. Most contemporary Top Fuel and Funny Car drivers would quake at the thought of driving one of these short, ill-handling beasts. It took a rare (or slightly crazy) breed of drag racer to slide behind the wheel of one of these exciting nitro-burning drag cars. Author Steve Reyes has included more than 350 of his favorite pictures of his favorite class: Fuel Alters. Never-before-heard stories bring the action right to you. Relive drag racing's glory days

through photos of rarely seen cars, first-hand accounts and stories of racers and their cars.

**Fuel and Guts** Tom Madigan,2007

*Top Fuel Dragster* Dan Welberry,2014-11-01 Top Fuel Dragsters are the fastest racing cars on the planet. Powered by huge 8,000bhp engines, the quickest cars can accelerate from 0-100mph in less than a second, reaching over 330mph by the end of a quarter-mile timed run. The noise and spectacle of a Top Fuel Dragster in action is truly astonishing. This fascinating manual provides a unique insight into the engineering of these incredible machines, and takes a look behind the scenes from the perspective of the driver and team members to explain how the cars are designed, built, maintained and driven.

Top Fuel Dragsters: Drag Racing's Rear-Engine Revolution Steve Reyes,2016 In general terms, drag racing is the fastest form of motor racing; within drag racing, Top Fuel is the fastest of the classes. Top Fuel has always been the leading class in terms of technology, cost, excitement, and speed. Over the years, technology has changed greatly. What started out as a flathead engine, four wheels, frame rails, and a steering wheel has morphed into technological wonders producing horsepower figures in the thousands and running supercharged nitromethane cars over the quarter-mile in the 4-second range. Industry legend and veteran journalist Steve Reyes was there through all the technological changes; he has the photos, anecdotes, quotes, and tales of the era. He discusses it all, including the experimentation that led to incredibly exciting racing and wild mishaps. Join him in the pages of this book where he shares all the stories of this incredible racing era.

*Roland Leong "The Hawaiian"* Lou Hart,2023-08-15 From racing the family Oldsmobile in 1960 to winning the Winternationals in 1964, read about the meteoric rise of drag racing's greatest owner and tuner in the first-ever book about The Hawaiian Roland Leong. As the son of a Harvard graduate, it could have been difficult for Roland Leong to live up to his family's expectations. However, that wasn't the case. "The Hawaiian" knew at a young age that drag racing was his career path. His supportive mother, Teddy, saw potential in Roland and bought him a new 1962 Corvette for educational purposes, such as wrenching and tuning. From there, it didn't take long for the world to discover Oahu's best-kept secret in drag racing. In 1964, less than two years after reaching the mainland, Roland was in victory lane at the Winternationals in Top Gas Eliminator. The following year, with Don Prudhomme behind the wheel, "The Hawaiian" immortalized his place in drag racing forever with wins in NHRA's Top Fuel Eliminator at Pomona (Winternationals) and Indy (US Nationals). Leong became the first ever to capture those iconic crowns in a single season. For good measure, Roland repeated the achievement in 1966 with Mike Snively, showing the world that a Harvard education isn't required to achieve greatness. The Hawaiian Roland Leong: Drag Racing's Iconic Owner & Tuner is a tale of family, friends, and forging a path that no other Chinese-Hawaiian before him had carved. Re-live his biggest wins and lasting friendships in this first-ever publication on drag racing's first builder and tuner superstar, Roland Leong!
