**GT Love** Harald Hamprecht,Jens Cooper,2017-09-18 When I was a young boy and saw the Opel GT, I knew: When I grow up, I must have this car. My wish came true. So says Opel manager Karl-Thomas Neumann in his preface. Bob Lutz, the living automobile legend, an 84-year-old combat jet pilot who, as a young marketing director at Opel, played a substantial role in starting the GT series, praises the GT: The GT has a lot in common with my Alpha Jet. It is not very comfortable, has weak air-conditioning, the boot is almost non existent. But that is irrelevant. One hour in the Jet or GT - and you feel just happy. Almost younger. Kapitan, Admiral, Diplomat, Manta, Monza - many Opels have illustrious names and thrilling designs. But there is just one true legend of the brand with the flash: the GT. For generations of drivers the sports coupe is an eye-catcher, milestone, cult, and dream. It is regarded as the most sensational Opel ever - it sets an example for today's models especially the GT Concept, which premiered at the Geneva International Motor Show in March 2016. Authors Harald Hamprecht and Jens Cooper tell gripping stories about fans of the Opel GT from all over the world, from the USA to Italy to Australia. Both GT drivers, the authors combed the corporation's archive, searched for contemporary sources, and spent uncountable hours with experts, fans, and those who played a crucial role in the GT's development to create this - the ultimate guide to a remarkable car. SELLING POINTS: \* Born in 1968 and manufactured for just five years, the Opel GT is a legend; this book is the standard work on the subject \* Includes previously unpublished photos, design sketches, and anecdotes \* GT designer Erhard Schnell, who celebrates his 90th birthday in 2017, has contributed some new sketches of the GT exclusively for this book \* Celebrates the 50th anniversary of the Opel GT in 2018 - half a century of automobile history 200 colour images

The Cars of Trans-Am Racing: 1966-1972 David Tom,2020-04-23 The legendary history of the pony car wars comes to life in this softcover edition of The Cars of Trans-Am Racing. The SCCA Trans-Am Racing Series launched in 1966 and was designed to showcase a new class of sporty domestic cars racing on road courses. Each major automotive manufacturer participated heavily in the Trans-Am Series, and in a few short years, it became the ultimate American automobile showdown. When the modified muscle cars of the series were seen performing well on the country's finest tracks, fans wanted a model of their own in the driveway. These pony cars boasted a new look and style not seen before, and their all-around performance eclipsed anything accomplished by production-based American GT cars up to that point. This softcover edition of The Cars of Trans-Am Racing is unique in that it focuses on the cars used in this legendary series. These vintage Mustangs, Camaros, Challengers, Barracudas, Firebirds, Cougars, and Javelins all are extremely popular with collectors and enthusiasts today. Seeing them in their "full-competition" versions when they were new will bring back many fond memories for those who were fans of this series. In addition, enthusiasts who enjoy these cars today look to the Trans-Am Series cars for styling inspiration and performance hints as part of the growing Pro Touring trend. Many of these historic cars have been restored to race-ready condition. Additional insight and interviews from the original builders and the teams that maintained the cars provide an insider's viewpoint never before seen in print.
