- Proven posing techniques that flatter your subject and make anyone you photograph look their very best in every shot.
- How to organize and edit your photos like a pro!
- The pros' top tips for making amazing shots of everything from flowers to product shots, from food photography to travel shots, and everything in between.

The Meaning in the Making Sean Tucker, 2021-08-10

Become inspired, find your voice, and create work that matters.

Why are human beings driven to make?

It's as if we collectively intuited, long before science gave us the language, that the universe bends toward entropy, and every act of creation on our part is an act of defiance in the face of that evolving disorder.

When we pick up a paintbrush, or compose elements through our camera viewfinders, or press fingers into wet clay to wrestle form from a shapeless lump, we are bending things back toward Order and wrestling them from Chaos.

But making things is often not enough.

We also want the things we make to be filled with meaning. We're each trying to describe what we know about life, to create a collective sense of "safety in numbers." When we reach the end of our traditional descriptive powers, it's time to weave collective meaning from poetry, painting, writing, dancing, photographing, filmmaking,

storytelling, singing, animating, designing, performing, carving, sculpting, and a million other ways we daily create Order out of the Chaos and share it with each other for comfort.

On this journey we need a creative philosophy which will help us find our voice, discover our message, deal with the responses to our work, maintain inspiration, and stay mentally healthy and motivated creators as we strive to find “the meaning in the making.”

My Body Belongs to Me from My Head to My Toes ,2014-01-07 Now every parent, grandparent, or teacher can explain to a child the difference between appropriate and inappropriate touching in a way that young boys and girls can understand. As a child, there are constantly people trying to pick you up, hug you, or tickle you. Sometimes, though, children fall victims to people who try to touch them inappropriately. But how do you tell someone, most likely an adult, that you don't want to be touched? Or, if it has already happened, how do you tell an adult you trust about what happened? You're only a child, and they're the adults. Why would they believe you? *My Body Belongs to Me from My Head to My Toes* is an educational tool to help instill confidence in children when it comes to their bodies. The narrative of the story is led by a girl named Clara, who encourages kids to say "no" if they are uncomfortable with physical contact. The narrator gives readers tips about what they can say or do to avoid unwanted physical contact, or how to tell the right people in the event it has already occurred. *My Body Belongs to Me from My Head to My Toes* is an invaluable resource that gives children a voice in uncomfortable situations.
