Hogfather Terry Pratchett,2021-04-22 It's the night before Hogswatch. And it's too quiet. Superstition makes things work in the Discworld, and undermining it can have consequences. It's just not right to find Death creeping down chimneys and trying to say 'Ho Ho Ho...' It's the last night of the year, the time is turning, and if Susan, gothic governess and Death's granddaughter (sort of), doesn't sort everything out by morning, there won't be a morning. Ever again... Adapted by Terry Pratchett's long-time collaborator Stephen Briggs, this play text version of Pratchett's bestselling Discworld novel Hogfather wittily and faithfully reimagines the story for the stage.

Teen Angst? Naaah . . . Ned Vizzini,2012-02-29 In Teen Angst! Naaah . . . Ned Vizzini offers an authentic and raw portrayal of the crushing anxiety many teens experience, and which often is dismissed as simple 'angst'. In this classic testament to high school, Ned invites you into his world of school, parents, cool (and almost cool), music (the good and bad), friends, fame, camp, sex (sort of), Cancún (almost), prom, beer, video games, and more. With wit, irony, and honesty, Vizzini presents the weird, funny, and sometimes mortifying moments that made up his teen years. From the author of Broadway musical sensation Be More Chill and It's Kind of a Funny Story, this is a quasi-autobiographical examination of one high schooler's battle with social anxiety, written when the author was just nineteen. "Fiercely intelligent and introspective . . . Insightful, and thoroughly charming." –SLJ

The Shopping Revolution Barbara E. Kahn,2018 Amazon disrupts everything it touches and upends any market it enters. In the era of its game-changing dominance, how can any company compete? We are just witnessing the start of the radical changes in retail that will revolutionize shopping in every way. As Amazon and other disruptors continue to offer ever-greater value, customers' expectations will continue to ratchet up, making winning (and keeping) those customers all the more challenging. For some retailers, the changes will push customers permanently out of their reach--and their companies out of business. In *The Shopping Revolution*, Barbara E. Kahn, a foremost retail expert and professor at The Wharton School, examines the companies that have been most successful during this wave of change, and offers fresh insights into what we can learn from their ascendance. How did Amazon become the retailer of choice for a large portion of the US population, and how can other companies work with them or compete with them? How did Walmart beat out other grocers in the late 1990s to become the leader in food retailing, and how must they pivot to hold their leadership position today? How did Warby Parker make a dent in the once-untouchable Luxottica's lucrative eyewear business, and what can that tell start-ups about how to unseat a Goliath? How did Sephora draw customers away from once-dominant department stores to become the go-to retailers for beauty products, and what can retailers learn from their success? How are luxury and fast-fashion retailers competing in the ever-changing, fickle world of fashion? Building on these insights, Kahn offers a framework that any company can use to create a competitive strategy to survive and thrive in today's--and tomorrow's--retail environment. *The Shopping Revolution* is a must-read for those in the retailing business who want to develop an effective strategy, entrepreneurs looking at starting their own business, and anyone interested in understanding the changing landscape in which they are shopping. Barbara E. Kahn is Patty and Jay H. Baker Professor of Marketing at The Wharton School at the University of Pennsylvania. She served two terms as the Director of the Jay H. Baker Retailing Center. Prior to rejoining Wharton in 2011, Barbara served as the Dean and Schein Professor of Marketing at the School of Business Administration, University of Miami (from 2007 to 2011). Before becoming Dean at UM, she spent 17 years at Wharton as Silberberg Professor of Marketing. She was also Vice Dean of the Wharton Undergraduate program. She is the author of *Global Brand Power: Leveraging Branding for Long-Term Growth* and co-author of *The Grocery Revolution: The New Focus on the Consumer*, which documented the changes in the grocery business in the mid-1990s when Walmart became a force in the industry.

Learn to Earn Peter Lynch, John Rothchild, 2012-11-27 Mutual-fund superstar Peter Lynch and author John Rothchild explain the basic principles of the stock market and business in an investing guide that will enlighten and entertain anyone who is high-school age or older. Many investors, including some with substantial portfolios, have only the sketchiest idea of how the stock market works. The reason, say Lynch and Rothchild, is that the basics of investing—the fundamentals of our economic system and what they have to do with the stock market—aren't taught in school. At a time when individuals have to make important decisions about saving for college and 401(k) retirement funds, this failure to provide a basic education in investing can have tragic consequences. For those who know what to look for, investment opportunities are everywhere. The average high-school student is familiar with Nike, Reebok, McDonald's, the Gap, and the Body Shop. Nearly every teenager in America drinks Coke or Pepsi, but only a very few own shares in either company or even understand how to buy them. Every student studies American history, but few realize that our country was settled by European colonists financed by public companies in England and Holland—and the basic principles behind public companies haven't changed in more than three hundred years. In *Learn to Earn*, Lynch and Rothchild explain in a style accessible to anyone who is high-school age or older how to read a stock table in the daily newspaper, how to understand a company annual report, and why everyone should pay attention to the stock market. They explain not only how to invest, but also how to think like an investor.

Game Changer Robert Angel, 2020-06-02 It all began with one small step. *Game Changer* is the story of how a twenty-three-year-old waiter from Seattle had the outrageous dream of beating industry giants Milton Bradley and Mattel at their own game. With no experience, Rob Angel used his guts, drive, and intuition to create one of the most beloved board games of all time: *Pictionary*. Rob did it his way. He produced the first 1,000 games by hand in his tiny one-bedroom apartment, disrupted the market by selling to nontraditional retail outlets, and did countless demonstrations at the bottom of the escalator at Nordstrom—a store with no game department. Anything to succeed. Getting there wasn't easy; Rob had to navigate his way through production mishaps, cash flow troubles, and countless copycats trying to scratch their way past *Pictionary*. Still, within three years, *Pictionary* became the bestselling board game in North America, and shortly after, the world. When Mattel acquired *Pictionary* in 2001, a staggering 38,000,000 games had been sold in 60 countries. In *Game Changer*, Rob shares the remarkable inside story of taking *Pictionary* from simple idea to iconic global brand by breaking rules and breaking records, never giving up or giving in, and working harder when most would walk away all while having the time of his life. Candid and compelling, *Game Changer* is as much a captivating memoir as it is a blueprint to personal and professional success.
