Hard Fall Sara Ney,2020-08-18 Hard FallThat's what my mom is always saying: The bigger you are, the harder you fall. She's talking about love-I've never been in it myself, but that doesn't stop me from secretly matchmaking for my friends. Who would suspect me, a world class athlete, of meddling in other people's love lives? I love Love, especially when it's not me who's doing the falling...No Thanks.That's what Hollis Westbrooke said when I asked her on a date. Well, propositioned her, actually-but it was all a big joke; one she doesn't think is funny. My stomach is in knots since I might actually like this girl so the joke is one me. Hollis's father is my boss-and she doesn't date players. The bigger they are, the harder they fall-especially when biggest player is me.

**Hard Pass** Sara Ney,2020-06-16 Hard pass.That's what the last girl I slept with said when she got her first sober glimpse of me. She laughed, walked out of my penthouse-and I never saw her again. It doesn't matter that I'm a rich, professional athlete; what mattered was my face. Beauty might only be skin deep for some-but I know better.Pay up. That's what the last girl I spoke to said over the phone when I made her an offer she couldn't refuse. Desperate to sell a set of rare baseball cards, she's clever and entertaining. I'm instantly smitten, but nowhere ready to reveal myself. Thank god she has no idea who I am-or what I look like. I'm a professional athlete--how hard can playing the love game be?

**Hard Luck** Sara Ney,2021-03-22 SOME GIRLS HAVE ALL THE LUCKUnfortunately, I am not one of those girls. Not when I lost my apartment because my roommate let the lease lapse while I travel for work. Not when my brothers keep finding love and my mother keeps reminding me I'm still single. Not after a one-night stand during my older brother's wedding has me waking up pregnant. I have to keep it a secret-from him, and my family. I sure can't tell my brother his teammate, Mateo Espinoza, is the man I slept with. Confident, funny, Mateo... A GUY CAN'T CATCH A BREAKJust when I thought I'd found the girl of my dreams, she ghosts me. Worse? Her brother refuses to give me her number, and my calls to her office go straight to voicemail. I thought I was a catch; professional athlete, charming, raised with six sisters-I'm a guy who knows his way to a woman's heart! What reason could she possibly have for avoiding me?When I finally catch up to True Wallace, I'm going to get the answer.

**The Truth about Nature** Bram Büscher,2020-12-15 How should we share the truth about the environmental crisis? At a moment when even the most basic facts about ecology and the climate face contestation and contempt, environmental advocates are at an impasse. Many have turned to social media and digital technologies to shift the tide. But what if their strategy is not only flawed, but dangerous? The Truth about Nature follows environmental actors as they turn to the internet to save nature. It documents how conservation efforts are transformed through the political economy of platforms and the algorithmic feeds that have been instrumental to the rise of post-truth politics. Developing a novel account of post-truth as an expression of power under platform capitalism, Bram Büscher shows how environmental actors attempt to mediate between structural forms of platform power and the contingent histories and contexts of particular environmental issues. Bringing efforts at wildlife protection in Southern Africa into dialogue with a sweeping analysis of truth and power in the twenty-first century, Büscher makes the case for a new environmental politics that radically reignites the art of speaking truth to power.

Peerless Immortal Mansion Wang ShiRuFeng,2020-08-11 The Cultivator Clan's Lin Hao had obtained the jade bracelet by chance. Within the jade bracelet, there were several acres of spirit farmland and several batches of immortal pills. From then on, Lin Hao embarked on the road of becoming an expert.

Hard Love Sara Ney,2020 “HARD TO LOVE.” Hard head. Bad attitude. Terrible boyfriend. That’s what my exes have said about me—but I wasn’t serious about any of them, so what do I care what rumors they spread? What I need is to be left alone; by the press, by the paparazzi, and by women. Too bad I’m about to be surrounded by them for the weekend. My obnoxious, matchmaking brother is getting married, and he’s doing his damndest to find me a wedding date... “HARD TO FIND.” That’s what they say about good men—they’re hard to find. Not that when I find one, I’ll be the type he’s looking for; too nice, too ordinary, too boring. My cousin is getting married, and her fiancé insists on throwing me at his brother. Cold, uncaring professional football player Tripp Wallace would never look twice at a woman like me. Too bad for both of us, I was wrong...

Warhol-isms Andy Warhol,2022-05-10 A unique collection of brilliant quotations from the legendary Pop artist One of the most influential artists of his time and ours, Andy Warhol is nearly as renowned for what he said as for what he did. Indeed, he is so quotable that things he never said are endlessly and plausibly attributed to him, including, fittingly, the most celebrated fake Warhol saying—“In the future, everyone will be world-famous for 15 minutes.” Warhol-isms separates legend from fact to present a unique and comprehensive collection of authentic quotations from the Pop artist. Gathered from interviews and other primary sources, these deadpan, droll, ironic, and sincere gems—in which a superficial embrace of superficiality often disguises provocative, unconventional ideas—provide compelling insights into the life and work of an artist who has left an indelible mark on art and popular culture. Select quotations from the book: I think an artist is anybody who does something well.I went to [a psychiatrist] once, and he never called me back.They always say that time changes things, but you actually have to change them yourself.I’ve never met a person I couldn’t call a beauty.New things are always better than old things.I’m still a commercial artist. I was always a commercial artist.

*Jock Reign* Sara Ney,2021-09-29 IT'S NOT EASY LIVING IN YOUR BROTHERS SHADOW. Jack Dryden-Jones is easily the worst rugby player on the field-when he moves to The States to follow in his big brothers footsteps, he has no idea he'd hate the game. So horrible he considers faking an injury to take himself out of the game. Jack is a quick-witted and comic book loving gentleman-not an athlete. DO NOT DATE YOUR ROOMMATES CRUSH. When her roommate brings home a random stranger, Eliza is shocked when he makes himself at home; strapping, strong and watching a movie at the end of her couch as if he belongs there. It makes her uncomfortable in the best way possible. But if there is one thing she believes in, it's GIRL CODE: No girl may date her friend's ex, past crush, or guys who have humiliated/used her. And she most certainly may not date any guy her friend currently fancies... DO SO AT YOUR OWN RISK. Jack and Eliza are two of the good ones-it's going to take a miracle to keep them apart.

*Social Media Marketing* Dave Evans,2010-09-16 How to implement social technology in business, spur collaborative innovation and drive winning programs to improve products, services, and long-term profits and growth. The road to social media marketing is now well paved: A July 2009 Anderson Analytics study found 60% of the Internet population uses social networks and social media sites such as Facebook, MySpace, and Twitter. Collaboration and innovation, driven by social technology, are “what’s next.” Written by the author of the bestselling Social Media Marketing: An Hour a Day in collaboration with Jake McKee, Social Media Marketing: The Next Generation of Business Engagement takes marketers, product managers, small business owners, senior executives and organizational leaders on to the next step in social technology and its application in business. In particular, this book explains how to successfully implement a variety tools, how to ensure higher levels of customer engagement, and how to build on the lessons learned and information gleaned from first-generation social media marketing efforts and to carry this across your organization. This book: Details how to develop, implement, monitor and measure successful social media activities, and how to successfully act on feedback from the

social web Discusses conversation-monitoring tools and platforms to accelerate the business innovation cycle along with the metrics required to prove the success of social technology adoption Connects the social dots more deeply across the entire organization, moving beyond marketing and into product development, customer service and customer-driven innovation, and the benefits of encouraging employee collaboration. Social media has become a central component of marketing: Collaborative, social technology is now moving across the organization, into business functions ranging from HR and legal to product management and the supply chain. Social Media Marketing: The Next Generation of Business Engagement is the perfect book for marketers, business unit managers and owners, HR professionals and anyone else looking to better understand how to use social technologies and platforms to build loyalty in customers, employees, partners and suppliers to drive long term growth and profits.

**Switch Hitter** Sara Ney,2018-02-07 I knew something was wrong the second she walked in the door tonight; I just couldn't put my finger on what it was. Same hair color. Same legs. Same face. Except...I look harder. At the small dimple beneath her lip that wasn't there the last time we went out. And her laugh-that laugh isn't as loud. This isn't the girl I've gone out with the past few weeks. It's her twin sister, and they've switched places on me. Only I'm not quite ready to let them switch back.

**Participative Web and User-Created Content Web 2.0, Wikis and Social Networking** OECD,2007-09-28 Drawing on an expanding array of intelligent web services and applications, more and more people are creating, distributing and exploiting user-created content (UCC). This study describes the rapid growth of UCC, its increasing role in worldwide communication, and discusses policy implications.

Business Site Selection, Location Analysis and GIS Richard L. Church,Alan T. Murray,2009 This text covers the convergent use of GIS for location science analysis. The integrated approach enables analysts to look beyond theoretical location constructs to focus on the resolution of actual siting problems, producing better data and model representations, and developing better solution approaches.

End-User Development Volkmar Pipek,Mary-Beth Rosson,Volker Wulf,2009-02-24 Work practices and organizational processes vary widely and evolve constantly. The technological infrastructure has to follow, allowing or even supporting these changes. Traditional approaches to software engineering reach their limits whenever the full spectrum of user requirements cannot be anticipated or the frequency of changes makes software reengineering cycles too clumsy to address all the needs of a specific field of application. Moreover, the increasing importance of 'infrastructural' aspects, particularly the mutual dependencies between technologies, usages, and domain competencies, calls for a differentiation of roles beyond the classical user-designer dichotomy. End user development (EUD) addresses these issues by offering lightweight, use-time support which allows users to configure, adapt, and evolve their software by themselves. EUD is understood as a set of methods, techniques, and tools that allow users of software systems who are acting as non-professional software developers to 1 create, modify, or extend a software artifact. While programming activities by non-professional actors are an essential focus, EUD also investigates related activities such as collective understanding and sense-making of use problems and solutions, the interaction among end users with regard to the introduction and diffusion of new configurations, or delegation patterns that may also partly involve professional designers.

**Inventions of Teaching** Brent Davis,2004-04-12 Inventions of Teaching: A Genealogy is a powerful examination of current metaphors for and synonyms of teaching. It offers an account of the varied and conflicting influences and conceptual commitments that have contributed to contemporary vocabularies--and that are in some ways maintained by those vocabularies, in spite of inconsistencies and incompatibilities among popular terms. The concern that frames the book is how speakers of English invented (in the original sense of the word, came upon) our current vocabularies for teaching. Conceptually, this book is unique in the educational literature. As a whole, it presents an overview of the major underlying philosophical and ideological concepts and traditions related to knowledge, learning, and teaching in the Western world, concisely introducing readers to the central historical and contemporary discourses that shape current discussions and beliefs in the field. Because the organization of historical, philosophical, theoretical, and etymological information is around key conceptual divergences in Western thought rather than any sort of chronology, this text is not a linear history, but several histories--or, more precisely, it is a genealogy. Specifically, it is developed around breaks in opinion that gave or are giving rise to diverse interpretations of knowledge, learning, and teaching--highlighting historical moments in which vibrant new figurative understandings of teaching emerged and moments at which they froze into literalness. The book is composed of two sorts of chapters, branching and teaching. Branching chapters include an opening treatment of the break in opinion, separate discussions of each branch, and a summary of the common assumptions and shared histories of the two branches. Teaching chapters offer brief etymological histories and some of the practical implications of the terms for teaching that were coined, co-opted, or redefined within the various traditions. Inventions of Teaching: A Genealogy is an essential text for senior undergraduate and graduate courses in curriculum studies and foundations of teaching and is highly relevant as well for students, faculty, and researchers across the field of education.

Jock Row Sara Ney,2018-05-03 Scarlett is always the sensible one: The sober driver. The planner. The one holding your hair back while you're worshipping the porcelain gods. Week-after-week, she visits Jock Row with her friends-the universities hottest party scene and breeding ground for student athletes. And if keeping her friends out of trouble, and guys out of their pants, was a sport, she'd be the star athlete. Being a well known jock-blocker gets her noticed for all the wrong reasons; just like that, she's banned from Jock Row. NO GUY WANTS A GIRL AROUND WHO KEEPS THEIR JOCK FRIENDS FROM GETTING LAID. Rowdy Wade is the hot shot short-stop for the universities baseball team-and the unlucky bastard who drew the short straw: keep little Miss Goody Two-Shoes out of the Baseball House. But week-after-week Scarlett returns, determined to get inside.
