Syracuse Television Christie Casciano Burns, Tim Fox, Lou Gulino, 2013 Central New Yorkers have been treated to many memorable television moments since December 1, 1948, when WHEN-TV Channel 8 signed on the air for the first time. In a record 16 days after equipment arrived at its 101 Court Street site, the station was miraculously up and running. Syracuse's pioneer broadcasters were eager to explore this bold, new world with programs that would entertain, educate, and inform. Syracuse Television features the zaniness of Baron Daemon, lessons from the Magic Toy Shop, and live fun from Jim Deline and the Gang and The Markert Place. Over the years, personalities and programs became familiar to Central New Yorkers. There was news coverage from Fred Hillegas, Ron Curtis, Rod Wood, and Carrie Lazarus and weather forecasts from Stormy Meredith, Big Al Roker, Dave Eichorn, and Wayne Mahar.

Scrapped Lisa Peebles, John O'Brien, 2021-07-29 Scrapped captures the barren roads and fallow fields of Oswego County the way Capote captured Finney County, Kansas in In Cold Blood. -Tom Barbash, New York Times bestselling author of The Dakota Winters Criminal defense lawyer Lisa Peebles was taken aback by a secretly recorded phone call and police interrogation video that surfaced in a 20-year-old kidnapping case. They held the stench of a cover-up. She recruited an investigative reporter to help unearth the truth and exonerate Gary Thibodeau, the man convicted in the 1994 kidnapping and murder of 18-year-old Heidi Allen. Scrapped: Justice and a Teen Informant exposes the underbelly of a system built more for finality than justice. It's the true story of Peebles' pursuit of new evidence against three new suspects and her discovery that Heidi had lived a double life:

convenience store cashier and undercover informant. The sheriff's office hid the truth after her death as the real killers roamed free. Peebles became a de facto prosecutor to prove their guilt and Gary's innocence. As Heidi's family stood by the sheriff, her remains were likely secreted right under their noses - probably inside a scrapped van and shipped to a car shredder in Canada.

Shitfaced: Musings of a Former Drunk Seamus

Kirst ,2017-02-02 In Shitfaced: Musings of a Former Drunk, Seamus Kirst explores the milestones of self-destruction that marked his coming of age. At 13, he went to the ER for swallowing a bottle of pills. By 16, he was already a veteran of several in- and out-patient rehab programs for alcohol. As he walked across the stage at his high school graduation – just after delivering his valedictorian address – he had already been hospitalized three times for alcohol poisoning. The situation only accelerated at Brown University, where he abused a plethora of drugs, from Xanax to cocaine, while his alcohol abuse intensified. Most terrifying was his attitude toward his own dissolution, his rationalization of behaviors that brought him ever closer to death. In that sense, Shitfaced, is not just a memoir, but a dehortation for those who find themselves in the same place; Kirst goes back to find a self that he barely survived.

A Page in History Anthony G. Knopps, 2021-04-19 History often finds a balance It's a phrase that Professor Jeremiah Farmer uses often in his political science classes back at his college in Ohio. But what if he is the fulcrum that history has chosen for the United States of America? The quiet, unassuming Farmer finds himself in Washington where he's to speak before a group of educators and his former college roommate, President Jack Thompson. Farmer dashes out of the hotel a few hours before his speech to clear his head and to make his yearly pilgrimage to the Lincoln Memorial. It's there that his life changes forever as circumstances place him on a road he couldn't imagine and he never would have wanted. Farmer soon finds himself caught up battling forces that, more often than not, are hiding in plain sight. Is he the nation's last hope for Democracy? Or just the latest means to an end for those seeking power?

A Big Heart Mike Papale , 2021-09-01 As a teen, Mike

Papale had one dream: to play college basketball. He was laser-focused—training like an Olympic hopeful to make his dream reality. Out of nowhere, his world changed. August 24, 2006, while coaching a summer camp basketball game, he slumped over, unresponsive, turning blue within minutes. He was 17, and had gone into cardiac arrest. With no AED on site, he was given a one in a million chance to survive. He was soon diagnosed with Hypertrophic Cardiomyopathy, or HCM, which, left undiagnosed and untreated, can lead to sudden cardiac arrest. At the time, he was crushed—processing the life-altering news he would never be able to play competitive basketball again. He quickly realized he was fortunate to be alive, and redefined his life's purpose. A Big Heart brings the reader on Mike's story of reinvention, hope, and survival. It is guaranteed to inspire readers to battle adversity and attack their dreams!

Martyball Marty Schottenheimer, Jeffrey Flanagan, 2012-09-01 No coach in National Football League history endured more playoff heartache than Marty Schottenheimer. Despite racking up two hundred regular-season victories (only five coaches in the entire ninety-year history of the NFL ever won more games), Marty never reached the Super Bowl during his coaching career. Martyball tells the story of a man who persevered through an avalanche of misfortune and playoff agony that would have brought most men to their knees. But Marty never lost sight of why he fell in love with coaching in the first place: he wanted to teach and mold men through the game of football. Based on more than one hundred hours of interviews with Marty, his players, assistants, family, and friends, this book will give readers a look into the mind of an exceptional coach, and explain why he never gave up or succumbed to self-pity despite a long streak of bad luck.

Get the background on Schottenheimer's life, from his childhood in rural Pennsylvania to his playing and coaching careers in pro football, and learn why he kept believing in the game he loved—and how he found valuable lessons about life and football beyond each and every loss.

Slantwise Moves Douglas A. Guerra, 2018-08-14 In 1860, Milton Bradley invented The Checkered Game of Life. Having journeyed from Springfield, Massachusetts, to New York City to determine interest in this combination of bright red ink, brass dials, and character-driven decision-making, Bradley exhausted his entire supply of merchandise just two days after his arrival in the city; within a few months, he had sold forty thousand copies. That same year, Walt Whitman left Brooklyn to oversee the printing of the third edition of his *Leaves of Grass* in Massachusetts. In *Slantwise Moves*, Douglas A. Guerra sees more than mere coincidence in the contemporary popularity of these superficially different cultural productions. Instead, he argues, both the book and the game were materially resonant sites of social experimentation—places where modes of collectivity and selfhood could be enacted and performed. Then as now, Guerra observes, game was a malleable category, mediating play in various and inventive ways: through the material forms of pasteboard, paper, and india rubber; via settings like the parlor, lawn, or public hall; and by mutually agreed-upon measurements of success, ranging from point accumulation to the creation of humorous narratives. Recovering the lives of important game designers, anthologists, and codifiers—including Anne Abbot, William Simonds, Michael Phelan, and the aforementioned Bradley—Guerra brings his study of commercially produced games into dialogue with a reconsideration of iconic literary works. Through

contrapuntal close readings of texts and gameplay, he finds multiple possibilities for self-fashioning reflected in Bradley's Life and Whitman's Song of Myself, as well as utopian social spaces on billiard tables and the pages of Nathaniel Hawthorne's The Blithedale Romance alike. Highlighting meaningful overlap in the production and reception of books and games, Slantwise Moves identifies what the two have in common as material texts and as critical models of the mundane pleasures and intimacies that defined agency and social belonging in nineteenth-century America.

Whn: When New York City Went Country Ed Salamon,2013-02-01 In 1973, conventional industry wisdom was that a country music station could not be successful in the New York market. WHN ignored that wisdom and announced that it was switching from a middle-of-the-road format to country, billing itself as Easy Lovin' Country. The actual changeover took place at 5:45 am on February 26th when Jack Spector, calling himself The Kosher Cowboy From Coney Island, introduced the George Jones classic The Race Is On. And the rest is history.
