The Complete Guide to Endurance Riding and Competition Donna Snyder-Smith,2008-05-05 First Star to the Right and Straight on Till Morning.... At the 90-mile vet check she sat in the middle of the road crying, claiming extreme illness and trying to avoid her nightmarish fears her horse would die of founder or colic, or anything. The last ten miles of trail stretched forever in her mind, black like licorice taffy. After a large measure of TLC from her patient and understanding crew, she and the gelding were out of the check and on the trail again. The entire universe shrank to center on the pair in the moonlight. Time stopped and the world faded into nothingness. They were running in a small, ever-changing pocket of existence, the rhythm of his hooves, the heartbeat of that universe. Ribbons and trail appeared before them and lost substance as they moved past. For the rider, clinging to the saddle, there was no thought, no pain, no emotion, only the instinctive drive to chase past each ribbon as it appeared. Suddenly her horse jumped sideways, eyes and ears frozen forward. Awakened from her trance, she oriented herself on his suspected woods troll, a familiar embankment that meant they were a half-mile from home. Easing him past the scary object, she sent the gelding on, clinging to his neck. As his soft lope swept them across the finish line, she wanted to laugh out loud or cry, but was unable to summon the strength for either. A few small tears trickled down her cheek, the only sign of the enormous pride she felt inside. Becky Huffman Endurance rider, wife, mother of two, and student of author Donna Snyder-Smith The Howell Equestrian Library

A Horse of Your Own M. A. Stoneridge,1990 A bestseller for 25 years, now updated for the 1990s, this perennial classic is packed with photographs and sound, practical advice on every aspect of horses, horse care, and horsemanship. B & W photographs throughout

The Modern Horseman's Countdown to Broke Sean Patrick,2009 It's time to get real--that is, real, do-it-yourself horse training. Professional trainer Sean Patrick has created the ultimate guide to the complete riding horse--whether a performance, working, or just for fun prospect. Quite simply, you begin at Lesson Number 33 and count your way down through the basic exercises--the primary education --every horse needs. And when you get to Lesson 1, you've done it; you've prepared your horse for advanced work in any number of equestrian disciplines. You can't get lost along the way. There's no room for confusion. Sean clarifies the point and explains the gist of every step. The happy result? He trains you to be a trainer. Whether your horse is a foal or five, guilelessly green or imperfectly veteran, he will benefit from the Countdown--;a true foundation program, serving to prepare him for the endless variety of activities and jobs horses perform today. From indispensable handling, sacking-out, and tying exercises, to how you, the rider, can control the different parts of the horse's body from the ground and the saddle; from mounting on both the left and the right to performing flawless flying lead changes, you'll be amazed at how effective and efficient this program is.

Journeys North Barney Scout Mann,2020-08-01 2020 Banff Mountain Book Competition Finalist in Adventure Travel In Journeys North, legendary trail angel, thru hiker, and former PCTA board member Barney Scout Mann spins a compelling tale of six hikers on the Pacific Crest Trail in 2007 as they walk from Mexico to Canada. This ensemble story unfolds as these half-dozen hikers--including Barney and his wife, Sandy--trode north, slowly forming relationships and revealing their deepest secrets and aspirations. They face a once-in-a-generation drought and early severe winter storms that test their will in this bare-knuckled adventure. In fact, only a third of all the hikers who set out on the trail that year would finish. As the group approaches Canada, a storm rages. How will these very different hikers, ranging in age, gender, and background, respond to the hardship and suffering ahead of them? Can they all make the final 60-mile push through freezing temperatures, sleet, and snow, or will some reach their breaking point? Journeys North is a story of grit, compassion, and the relationships people forge when they strive toward a common goal.

The Essential Hoof Book Susan Kauffmann,Christina Cline,2018-01-01 The equine hoof is a complex marvel of natural engineering, built to withstand tremendous forces and able to adapt to an astonishing range of environmental conditions. It also changes daily--for better or for worse--in response to external and internal factors. Few horse owners have the opportunity to acquire a deep understanding of the hoof, which limits their ability to advocate on their horses' behalf and make informed decisions about hoof care and management. This book is the first resource of its kind to combine the most current and useful information available, gleaned from the research and wisdom of top hoof experts around the world, with a unique "hands-on" approach. The authors provide basic terms and anatomy, clearly illustrate the differences between healthy and unhealthy feet, discuss biomechanics and management concerns, and cover the causes, treatments, and prevention of commonly encountered problems, including laminitis, white line disease, and thrush. Along the way, readers are given activities to help them better analyze and understand the most important aspects of equine hoof health, such as hoof balance, depth of sole, and point of breakover. Easy-to-follow language, over 400 full-color photographs, and do-it-yourself exercises promise to empower horse owners and caretakers of all experience levels with the tools they need to accurately assess hoof health and keep their horses as sound and happy as possible.
