suggests that dogs can engage in social learning which includes the ability to observe the actions of other dogs and imitate them to learn new behaviors. The big news for dog trainers is that author Claudia Fugazza and her colleagues in Europe have discovered that dogs can also imitate people. This natural skill can be used to teach dogs new behaviors using the Do As I Do protocol presented in this book-DVD combination. The Do As I Do method is particularly useful in working with service dogs and canine athletes who must master skills such as ringing a bell, jumping over a hurdle, spinning and dozens more. Learn about: The fascinating research which shows that dogs can observe, then imitate human behavior and remember it over time. How you can start with a known behavior, then teach the dog to perform the behavior after observing you demonstrate it, followed by the new cue Do it! Eventually the dog learns that Do it! means to do whatever has just been demonstrated by the trainer, even new behaviors. How this method can build a closer bond between you and your dog, bring new energy and joy to your training efforts and challenge your thinking about how dogs learn. Book jacket.

**The Amazing Dog Training Man's Ultimate Guide to Dogs** Eric R. Letendre,2012-12-14 If you'd like your dog to listen to ALL of your commands and to stop annoying behaviors... using

simple, proven techniques... training only 10 minutes a day, then this book will show you how. Here's the story... I don't know about you, but having a dog can sometimes be downright confusing. Sometimes frustrating. Especially if your dog pulls on leash, jumps on everyone (including you), steals your dinner off the table and doesn't come when called. To make matters worse, much of the information about dog training is conflicting. A confused dog owner does not know who to listen to. I know because I got involved with dog training with my first dog who was a real handful. I knew nothing about housetraining, how to stop chewing, jumping or pulling on leash and everything I tried seemed to make it worse. Everywhere I turned I got different advice. Some years ago, J. Allen Boone said: "There's facts about dogs, and then there's opinions about them. The dogs have the facts, and the humans have the opinions. If you want the facts about the dog, always get them straight from the dog. If you want opinions, get them from humans." Over the past 20+ years, I have studied thousands of dogs for the answers and have compiled it all in my newest book. And that's just the beginning... Here are some tips that you'll find in the book;» *How To Avoid 7 Common Dog Training Mistakes*. (Besides the long term problems your dog can develop if you do any of these mistakes, there are major consequences for you if make any of these mistakes).» *"Keep It Simple Student" - Applies To Teaching Come When Called*. (And how you get much better results when you follow some simple and effective steps.)» *Dog Doesn't Come When Called? You Are NOT Alone*. (The #1 reason why dogs don't come when called and how to avoid it.)» *How The Man With A Stolen Brain Reveals The "Secret" To Dog Ownership*. (True story of a famous French writer who revealed the "Secret" over 200 years ago.)» *The One Thing YOU Need To Do If Your Dog Is Afraid Of Thunder Or Loud Noises*. (And how your actions could make this behavior worse.) This is just some of what you'll learn in my newest book, *The Amazing Dog Training Man's Ultimate Guide To Dogs, 40 Lessons On Training, Behavior, Nutrition and More*.
