An Unexpected Light Jason Elliot, 2011-08-02 Part historical evocation, part travelogue, and part

personal quest, *An Unexpected Light* is the account of Elliot's journey through Afghanistan, a country considered off-limits to travelers for twenty years. Aware of the risks involved, but determined to explore what he could of the Afghan people and culture, Elliot leaves the relative security of Kabul. He travels by foot and on horseback, and hitches rides on trucks that eventually lead him into the snowbound mountains of the North toward Uzbekistan, the former battlefields of the Soviet army's hidden war. Here the Afghan landscape kindles a recollection of the author's life ten years earlier, when he fought with the anti-Soviet mujaheddin resistance during the Soviet occupation of Afghanistan. Weaving different Afghan times and visits with revealing insights on matters ranging from antipersonnel mines to Sufism, Elliot has created a narrative mosaic of startling prose that captures perfectly the powerful allure of a seldom-glimpsed world. Jason Elliot's *An Unexpected Light* is a remarkable, poignant book about Afghanistan and a heartfelt reflection on the experience of travel itself.

Chasing Tales Corinne Fowler, 2007-01-01 *Chasing Tales* is the first exclusive study of journalism, travel writing and the history of British ideas about Afghanistan. It offers a timely investigation of the notional Afghanistan(s) that have prevailed in the popular British imagination. Casting its net deep into the nineteenth century, the study investigates the country's mythologisation by scrutinising travel narratives, literary fiction and British news media coverage of the recent conflict in Afghanistan. This highly topical book explores the legacy of nineteenth-century paranoias and prejudices to contemporary travellers and journalists and seeks to explain why Afghans continue to be depicted as medieval, murderous, warlike and unruly. Its title, *Chasing Tales*, conveys the circulation, and indeed the circularity, of ideas commonly found in British travel writing and journalism. The 'tales' component stresses the pivotal role played by fictionalised sources, especially the writing of Rudyard Kipling, in perpetuating traumatic nineteenth-century memories of Afghan-British encounter. The subject matter is compelling and its foci of interest profoundly relevant both to current political debates and to scholarly

enquiry about the ethics of travel.

The Silk Road: Central Asia, Afghanistan and Iran Jonathan Tucker, 2015-03-12 Stretching from the ancient Chinese capital of Xian across the expanses of Central Asia to Rome, the Silk Road was, for 1,500 years, a vibrant network of arteries that carried the lifeblood of nations across the world. Along a multitude of routes everything was exchanged: exotic goods, art, knowledge, religion, philosophy, disease and war. From the East came silk, precious stones, tea, jade, paper, porcelain, spices and cotton; from the West, horses, weapons, wool and linen, aromatics, entertainers and exotic animals. From its earliest beginnings in the days of Alexander the Great and the Han dynasty, the Silk Road expanded and evolved, reaching its peak during the Tang dynasty and the Byzantine Empire and gradually withering away with the decline of the Mongol Empire. In this beautifully illustrated book, which covers the Central Asian section of the Silk Road - from Lake Issyk-kul through Tashkent, Samarkand, Bukhara, the Kyzyl Kum Desert, Khiva and Merv to Herat, Kabul and Iran - Jonathan Tucker uses travellers' anecdotes and a wealth of literary and historical sources to celebrate the

cultural heritage of the countries that lie along the Silk Road and illuminate the lives of those who once travelled through the very heart of the world.

Blue is the Colour of Heaven Richard Loseby, 2002 This is the story of an astonishing adventure

that began in the mind of an eight-year-old boy, obsessed with 'looking for the Afghan' and ended with a perilous dash to safety. Avoiding land mines and bullets, he spent months travelling through Iraq and Iran negotiating a way into Afghanistan. Joining forces with the war-weary Mujahedeen, he found unexpected allies and unforgettable friends.

A Journey Through Afghanistan David Chaffetz, 2001 Shortly before the Soviet invasion of Afghanistan, David Chaffetz and a fellow American student slipped from the protection of Western culture and immersed themselves in the customs, fears, and hopes of the Afghan people, setting out on horseback through the mountains and into a lonely, hermetic world of nomads and isolated villages. Chaffetz's vivid, honest, and often poignant account of their experience reveals a great deal about the people of Afghanistan-and Willard Wood, his traveling companion, contributes a foreword considering the experience of the Afghan people in the new light of autumn, 2001.

Afghanistan - Culture Smart! Nazes Afroz, Moska Najib, 2013-12-01 Afghanistan is situated at the crossroads of Asia, a strategically important location that connects the Middle East with Central Asia

and the Indian subcontinent. Down the ages it has been subjected to continuous foreign invasion and intervention—from Alexander the Great to Genghis Khan, and as a pawn in the struggle between the British and Russian Empires—making its people wary of outsiders. That history is being repeated in the twenty-first century. Afghanistan has always been seen from the outside as a realm of much intrigue and many myths. The Afghans tried to keep their distance from the outside world—especially from the Europeans who, whether in pursuit of imperial goals or simply as explorer–travelers, attempted to enter and traverse the land. Their very elusiveness attracted Westerners to this landlocked country of high mountains and breathtaking beauty, where age-old customs and traditions were zealously guarded, sometimes at the cost of many lives. The Afghan people are a tapestry of ethnicities woven over time—Pashtuns, Tajiks, Hazaras, Uzbeks, and many smaller ones. Society is organized mainly along ethnic and tribal lines, but ethnic identity becomes irrelevant when a common enemy threatens to take control of the country. There are also many shared values and unwritten codes of conduct that govern interpersonal relations, which are not taken lightly. Visitors are struck by the simplicity, hospitality,

dignity, and generosity of the Afghan people, and often confounded by customs that they find hard to understand. Culture Smart! Afghanistan is a unique introduction to the background, habits, traditions, idiosyncrasies, suspicions about foreigners, and patterns of behavior of the Afghan people. It offers visitors invaluable information and insights that will help them to interact with Afghans, to interpret their behavior, and to behave appropriately in their company, whether in personal or business exchanges. Once the ice is broken, the rewards will be great.
