GRANTA 126 SIGRID RAUSING,2014-01-23 We are what we remember, and even when we invent, we write what we remember. Every line is a fragment of something else; that is the great collective project that we call culture. OUT OF MILK Lesley Frank,2020-06-15 “Did you ever go to bed and wonder if your child was getting enough to eat?” For food insecure mothers, the worry is constant, and babies are at risk of going hungry. Through compelling interviews, Lesley Frank answers the breastfeeding paradox: why women who can least afford to buy infant formula are less likely to breastfeed. She exposes the shocking reality of food insecurity for formula-fed babies and the constraints limiting mothers’ ability to breastfeed. Out of Milk calls out the pressing need to establish the economic and social conditions necessary for successful breastfeeding and for accessible and safe formula feeding for families everywhere.

GLOBAL TRENDS 2040 NATIONAL INTELLIGENCE COUNCIL,2021-03 The ongoing COVID-19 pandemic marks the most significant, singular global disruption since World War II, with health, economic, political, and security implications that will ripple for years to come. -Global Trends 2040 (2021) Global Trends 2040-A More Contested World (2021), released by the US National Intelligence Council, is the latest report in its series of reports starting in 1997 about megatrends and the world’s future. This report, strongly influenced by the COVID-19 pandemic, paints a bleak picture of the future and describes a contested, fragmented and turbulent world. It specifically discusses the four main trends that will shape tomorrow’s world: - Demographics-By 2040, 1.4 billion people will be added mostly in Africa and South Asia. - Economics-Increased government debt and concentrated economic power will escalate problems for the poor and middleclass. - Climate-A hotter world will increase water, food, and health insecurity. - Technology-The emergence of new technologies could both solve and cause problems for human life. Students of trends, policymakers, entrepreneurs, academics, journalists and anyone eager for a glimpse into the next decades, will find this report, with colored graphs, essential reading.

THE POLITICISATION OF ISLAM Mohamed Elhachmi Hamdi,2018-10-08 The Politicisation of Islam: A Case Study of Tunisia traces the emergence, rise, and recent eclipse of the modern Tunisian Islamic movement, al-Nahda, and provides a comprehensive analysis of its political, social, and intellectual discourse. A valuable contribution to the study of political Islam, this is the first complete analysis, in English, of the history of this modern Tunisian Islamic movement. } The Politicisation of Islam: A Case Study of Tunisia traces the emergence, rise, and recent eclipse of the modern Tunisian Islamic movement, al-Nahda, and provides a comprehensive analysis of its political, social, and intellectual discourse. The first two chapters concentrate on the factors behind the emergence of al-Nahda and its politicization. The three major confrontations between the movement and the Tunisian regime, which culminated in 1991 in the banning of all al-Nahda activities inside Tunisia, is explored in Chapter Three. The author discusses the basic concepts of political Islam in the movements literature in Chapter Four, in particular the Islamists rejection of secularism, and al-Nahda s proposal for a modern Islamic state in Chapter Five. In the concluding chapter, the author addresses the Islamists cultural agenda and their insistence on an Islamic identity for Tunisia.A valuable contribution to the study of political Islam, this is the first complete analysis, in English, of the history of this modern Tunisian Islamic movement. }
