Metaphor of Trees and Last Poems William
Bronk,1999 Metaphor of Trees collects the recent
work William Bronk, described in Hungry Mind
Review as arguably the most metaphysical poet of
his generation. Bronk, whose has been a major
figure in American writing for more than forty
years, is considered to be one of the most
intellectually challenging poets working today.
His most recent book, All of What We Loved, was
described in The Journal of the Academy of
American Poets as an exceptionally eloquent and
masterly book, and the same could said of this new
book, which repeatedly shows the poet at the
height of his powers: We are indentured to our
times and owethem for our living, even for being
here.A bad deal for some; they lost it all.Of
those that survived, some took the times for their

owner, at the least, we stole a bit for ourselves. We'll feel no particular hurt when they let us go.

By the Bias of Sound Gustaf Sobin, 1995

Re-sounding Theodore Enslin, 1999 Enslin studied music under Nadia Boulanger, the greatest teacher of musical composition in this century, and, as poet Herschel Silverman has said, his poetry is actually musical composition. Enslin had at first wanted to be a composer and studied at the New England Conservatory of Music. When he turned to poetry, he brought to language a musician's feel for pitch and rhythm, and the musically complex poems that resulted are much admired by his peers for their meticulous attention to sound.

The Inconvertible Sky Ivan Zhdanov, 1997

Primary Trouble Leonard Schwartz, Joseph Donahue, Edward Halsey Foster, 1996 Surveying contemporary American poetry outside academic and conservative traditions, *Primary Trouble* brings together work by more than sixty poets central to the current radical reformulation of the nature and function of poetry.

Reality Prime Walter Lowenfels, 1998 Walter Lowenfels broke major ground as a surrealist and as a political poet. Closely identified with Henry Miller and Anais Nin, he was a key figure in the Paris avant-garde during the 1920s and 1930s. Returning to the United States, he became a full-time Communist Party organizer and an editor of *The Daily Worker*, jailed in 1951 for violating Smith Act. Although he was eventually acquitted, the incident returned him to poetry, and from the early 1960s until his death, he was a familiar

presence in non-academic literature. Championing avant-garde African-American poetry and poetry from America's Third World, he was well known as a politically radical anthologist. Reality Prime, the first in the Talisman series Classic American Poets, will be the most comprehensive collection of Lowenfel's poetry available. Its cornerstone will be his three Death Elegies. Crucial texts for the avant-garde during Lowenfel's Paris years, they will appear together for the first time. Walter Lowenfels (1897-1976) was among principal figures in the revolution of the word, the movement to modernize American writing the early years of this century. Accomplished first as a surrealist and later as a political writer, Lowenfels early in his career joined Michael Fraenkel and Henry Miller in their so-called death school, which shaped much of his celebrated early work. His leftist affiliations and conviction under the Smith Act, although reversed, led many to view him as a political martyr at a particularly repressive moment in American history.

Another Language Rosmarie Waldrop, 1997
Critically acclaimed on both sides of the Atlantic, Waldrop is among her generation's pre-eminent writers. A novelist, translator, and editor as well as a poet, she is also co-publisher of Burning Deck Press. *Another Language* includes substantial selections from such highly praised works as *Lawn of Excluded Middle*, *The Reproduction of Profiles* and *A Key into the Language of America*.
