The 10 Triangles of Life Robin Sacredfire, Our life is composed of a multitude of events that either bring us upwards or downwards. These events can be predicted by following certain very ancient laws that merge with everything else that we find in nature and within our spiritual evolution. It's for this reason, that we can, not only predict the future, while using them, but also recognize our state of awareness and improve our existence. The law of attraction, the law of cause and effect and the law of karma would not make any sense without a proper assimilation of how the law of the triangle of power operates. And it's for this reason that all secret societies study this topic and keep addressing it as one of the most important, from the individual that needs to improve his social life, to the organization that needs to acquire more power and wealth. The principles that guide us to power are the same for one person or a group. In this book, the reader is presented with ten types of triangles that lead to more success in life. Studying and applying them will certainly prove itself significantly accurate in the road that one travels towards bigger and better achievements in the fields of love and relationships, wealth and spirituality.

You Have a Friend in 10A Maggie Shipstead, 2022-05-17 From the Booker Prize nominee and New York Times best-selling author of Great Circle, a piercing, irresistible first collection of short stories exquisite in their craft and audacious in their range A love triangle plays out over decades on a Montana dude ranch. A hurdler and a gymnast spend a single night together in the Olympic village. Mistakes and mysteries weave an intangible web around an old man's deathbed in Paris, connecting disparate destinies. On the slopes of an unfinished ski resort, a young woman searches for her vanished lover. A couple's Romanian honeymoon goes ominously awry, and, in the mesmerizing title story, a former child actress breaks with her life in a Hollywood cult. In these and other stories, knockout after knockout, Maggie Shipstead delivers another "extraordinary" (New York Times) work of fiction and seals her reputation as a writer of "breathtaking range and skill" (Kirkus Reviews). Rich in imagination and dazzling in its shapeshifting style, You Have a Friend in 10A excavates the complexities of love, sex, and life in ways unsparing and hilarious, sharp-eyed and tender.
