Money Mania Bob Swarup,2014-03-10 Money Mania is a sweeping account of financial speculation and its consequences, from ancient Rome to the Meltdown of 2008. Acclaimed journalist and investor Bob Swarup tracks the history of speculative fevers caused by the appearance of new profitable investment opportunities; the new assets created and the increasing self-congratulatory euphoria that drives them to unsustainable highs, all fed by an illusion of insight and newly minted experts; the unexpected catalysts that eventually lead to panic; the inevitable crash as investors scramble to withdraw their funds from the original market and any other that might resemble it; and finally, the brevity of financial memory that allows us to repeat the cycle without ever critically evaluating the drivers of this endless cycle. In short, it is the story of what makes us human.

Map Mania Michael Anthony DiSpezio,2003-03 Learning geography will always be fun with the special tricks you'll learn here. Starting from familiar territory (home, backyard, schoolyard) and moving outwards, this amusing, delightfully illustrated introduction to maps and more teaches street smarts to kids. Filled to the brim with fun games, cool activities, humorous quizzes, and wacky facts, every page turns basic geography into an adventure. Build a model of an early compass to understand navigation--then head out to test your skills. Use the sun, moon, and the stars to get your bearings. Look at a map similar to the one Columbus might have used when he set out to prove the world was round. Hit the road with a key to the highway that provides information on tolls, the number of lanes, and other details. Figure out which route goes where. All in all, you'll have a delightful trip--and end up just where you want to be!
