I Don't Care If We Never Get Back Ben Blatt,Eric Brewster,2014-05-06 Two friends take a wild month-long road trip to hit every Major League Baseball stadium in America: “A fun ride” (The Boston Globe). Ben, a sports analytics wizard, loves baseball. Eric, his best friend, hates it. But when Ben writes an algorithm for the optimal baseball road trip, an impossible dream of every pitch of thirty games in thirty stadiums in thirty days, who will he call on to take shifts behind the wheel, especially when those shifts will include nineteen hours straight from Phoenix to Kansas City? Eric, of course. On June 1, 2013, they set out to see America through the bleachers and concession stands of America’s favorite pastime. Along the way, human error and Mother Nature throw their mathematically optimized schedule a few curveballs. A mix-up in Denver turns a planned day off in Las Vegas into a twenty-hour drive. And a summer storm of biblical proportions threatens to make the whole thing logistically impossible, and that’s if they don’t kill each other first. I Don’t Care if We Never Get Back is a book about the love of the game, the limits of fandom, and the limitlessness of friendship. “Moneyball-worthy mathematical algorithms and the sharp, hilarious prose that has made Lampoon alums famous for generations . . . Nate Silver numbers and James Thurber wit turn what should be a harebrained adventure into a pretty damn endearing one.” —Kirkus Reviews “Evokes the spirit of sports stunt journalist George Plimpton and the dazed road-trip fever of Hunter S. Thompson, minus the mind-altering substances . . . . It’s great watching Blatt and Brewster race home.” —The Boston Globe “A cross between The Cannonball Run and The Great Race, with portions of It’s a Mad, Mad, Mad, Mad World thrown in for good measure . . . The dynamic and back-and-forth tension and sarcasm between Blatt and Brewster is funny . . . Worth reading.” —The Tampa Tribune

Road Trip to Nowhere Jon Lewis,2022-07-19 How a new generation of counterculture talent changed the landscape of Hollywood, the film industry, and celebrity culture. By 1967, the commercial and political impact on Hollywood of the sixties counterculture had become impossible to ignore. The studios were in bad shape, still contending with a generation-long box office slump and struggling to get young people into the habit of going to the movies. Road Trip to Nowhere examines a ten-year span (from 1967 to 1976) rife with uneasy encounters between artists caught up in the counterculture and a corporate establishment still clinging to a studio system on the brink of collapse. Out of this tumultuous period many among the young and talented walked away from celebrity, turning down the best job Hollywood—and America—had on offer: movie star. Road Trip to Nowhere elaborates a primary-sourced history of movie production culture, examining the lives of a number of talented actors who got wrapped up in the politics and lifestyles of the counterculture. Thoroughly put off by celebrity culture, actors like Dennis Hopper, Christopher Jones, Jean Seberg, and others rejected the aspirational backstory and inevitable material trappings of success, much to the chagrin of the studios and directors who backed them. In Road Trip to Nowhere, film historian Jon Lewis details dramatic encounters on movie sets and in corporate boardrooms, on the job and on the streets, and in doing so offers an entertaining and rigorous historical account of an out-of-touch Hollywood establishment and the counterculture workforce they would never come to understand.

Road Trip Bill Schneider,2008-03-27 Most people celebrate their half century birthday surrounded by family and friends. Sam Chapman is unlike most people. He decides turning fifty deserves a special celebration, and embarks upon a road trip across America, one that reveals the many layers of Sam's inner soul. With only a map in the glove box and some cash and a credit card in his wallet, Sam begins a journey that will forever change his life. Over the course of ten days, Sam drives from his home in Provincetown, Massachusetts to meet his best friend, who lives in Bishop, California. The three thousand mile road trip becomes an excursion filled with beautiful scenery, remarkable villages and towns and several interludes with nature. Along the way, Sam meets a variety of characters and discovers parts of the country that are magical, mysterious, and redefine the meaning of natural beauty. Ten stops in as many days lead the way to Sam's half-century birthday celebration, and pave a new meaning of getting from Point A to Point B. Road Trip will take you on a back seat adventure to undiscovered towns tucked throughout 14 states across America. Reading this novel will inspire readers to step back in time, when traveling was something to be enjoyed and savored, not merely endured.

Forest Sentinels S. Thomas Bailey,2013-12-18 Coming off the disaster on the Monongahela , Jacob Murray and his young friend Joshua return to Fort Cumberland under the command of George Washington. The defeated British army soon withdraws further east, leaving the frontier virtually undefended. With the frontier left unprotected, Delaware raiding parties begin striking the settlers in an effort to clear their lands of the English. Jacob and Joshua lead a company of militia deep into the French-held Pennsylvania frontier. They plan to build a fort that will not only give the local settlers peace of mind and added protection, but serve as a ‘home base’ from which they can continue the search for Jacob’s wife Maggie and Joshua’s best friend One-Ear. Though the raids seem to lessen with the presence of the well-constructed fort, the Delaware have not withdrawn completely. A rescue mission soon turns out disastrous when the men are ambushed and Jacob is taken prisoner by chief Tewea, the dangerous warrior nicknamed Captain Jacobs. Help often comes from unexpected sources, and the Murrays soon find themselves face to face with ghosts from the past and a mysterious band of sentinels that are keeping watch over the Pennsylvania forests. www.thegauntletrunner1754.com

The Investment Frontier John D. Haeger,1981-01-01 The American West did not grow in isolation from the East. On the contrary, New York financiers and other eastern entrepreneurs were crucial to America's western economic development, providing the necessary capital and expertise to transform the West into a productive part of the nation's economy. This thesis is powerfully demonstrated by John Denis Haeger in this study concerning the Old Northwest (the present-day states of Ohio, Michigan, Indiana, Illinois and Wisconsin) during the years 1815-1840. The result of years of research in manuscript collections and government documents, the book provides a comprehensive picture of early land speculators, examining their investments

in farm lands, town lots, banks and transportation improvements, as well as their influence on western businessmen and institutions. It also explores their political and economic affairs on the East Coast, since these matters dramatically affected the scope of their western investments. Historians' generalizations about nonresident investors or eastern speculators have previously assumed a common type and business method when, in fact, easterners possessed varying economic goals and utilized different business strategies. To demonstrate this, Haeger compares and contrasts the promoter Charles Butler and the conservative speculators Isaac and Arthur Bronson, key figures among New York's financial elite, whose careers and strategies are for the first time described in detail. The activities of these investment pioneers, whose every move was calculated to return profits, challenge the traditional images of westward expansion as a largely unplanned and spontaneous movement of people and capital.

The trip ,2010 After Steve is commissioned by The Observer to review half a dozen restaurants, he decides to plan a trip around the North of England with his food-loving American girlfriend. But when she decides to return to the US, Steve is faced with a week of meals for one. Reluctantly, he calls Rob, the only person left he can think of who will be available on short notice. Rob, never one to turn down a free meal, agrees, and together they set off on a culinary road trip. Over the course of six meals at six different restaurants in and around the Lake District, Lancashire and the yorkshire Dales, the brilliant comic duo freestyle with flair, driving each other mad with constant competition, all the while riffing hilarious impressions of iconic actors including Michael Caine, Sean Connery and Al Pacino. -- Container. | Performed by Steve Coogan and Rob Brydon. | Casting director Shaheen Baig; Costume designer Celia Yau; Sound recordist Will Whale; Director of photography Ben Smithard; Editors Mags Arnold, Paul Monaghan; Music by Michael Nyman; Executive producers Henry Normal, Simon Lupton; Produced by Andrew Eaton, Melissa Parmenter; Directed by Michael Winterbottom. | Special features: 'Costume drama' rehearsals; Deleted scenes; Theatrical trailer. | Region 4; PAL. | Rated M - Suitable for mature audiences 16 years and over. East to the Dawn Susan Butler,2009-08-11 Amelia Earhart captured the hearts of the nation after becoming the first woman to fly solo across the Atlantic in 1928. And her disappearance on an around-the-world flight in 1937 is an enduring mystery. Based on ten years of research, East to the Dawn provides a richly textured portrait of Earhart in all her complexity. It's the perfect complement to the October 2009 movie Amelia, starring Hilary Swank, Richard Gere, and Ewan McGregor.
