Crossing Continents with Top Deck Trevor Carroll,2018-12-01 Top Deck double deckers offered a revolutionary form of long-distance transport from the 70s to the 90s. The large British Lodekkas carried under-35s vast distances through SE Asia, the Middle East and Australia in a new innovative mode of no-frills adventure tourism. Taken on by Top Deck as a double decker bus driver in early 1977, Trevor Carroll conducted European tours for a year before he was set loose on his first overland tour, London to Kathmandu and return. A three-week dash to Kathmandu had the tour stumbling into the start of the civil war in Afghanistan mixing with a government crackdown and soldiers and tanks on the roads. Trevor describes his exciting and sometimes harrowing experiences on six overland trips as both driver and courier. Finally, he embarked on the massive 20-week Sydney to London tour in 1980 with its third and final leg aboard 'Casper' and its 20 occupants across India, Pakistan, Iran, Syria, Jordan, Israel, Turkey, Greece, Yugoslavia and Italy. The tour passed through 21 countries and covered 34,000 kilometres, conquering places where the buses' designers never meant it to go. Trevor met his future wife Hilde on tour, and they have now been married for 34 years. Skroo Turner the founder of Top Deck and today's Flight Centre provides an introduction to these stories, his foresight has continued his travel revolution from those lumbering old buses to today's conglomerate, The Flight Centre Group.

This Ain't Brain Surgery Larry Dierker, 2005-02-14 Nearly everyone in major-league baseball was surprised when longtime Houston Astros player and then broadcaster Larry Dierker was hired to manage the Astros following the 1996 season without previous managerial experience at any level of the game. In the five years that followed, however, Dierker confounded the experts and led the team to four National League Central division titles and four playoff appearances, and was named the National League Manager of the Year in 1998. Adroitly handling every sort of distraction and disaster that can befall a team—including suffering a nearly catastrophic seizure during a game—Dierker excelled like no other manager in Astros history, until resigning at the end of the 2001 season. In *This Ain't Brain Surgery*, Larry Dierker draws on his vast experience of nearly four decades in baseball to reflect on his tenure as Astros manager, telling the reader along the way that the game isn't so simple, that personalities clash, and that intuition isn't everything. Woven into the narrative of this book are thoughtful and humorous anecdotes from his playing days.
