The Last Eight Sharon Laupp,2021-12-10 Fueled by seed money from their son and grandson as a Christmas gift, Sharon & Tom made plans for a trip out west. They had a goal to drive their 89 yr. old Model A Ford to all the lower 48 states. They lacked only eight. Those states were probably the hardest to get to because of their mountainous terrains, Utah, Idaho, Oregon, Washington, California, Nevada, Arizona and New Mexico. Still grieving from the sudden death of their daughter in May and feeling numb, will they be able to leave on the trip? Will the 89 ear old car be able to drive thousands of miles without breaking down? Will Sharon and Tom be able to make the trip? They were only 10 years younger than the car. At the Four Corners. euphoria reigned! Constantly throughout the trip they felt the protection of God. They were amazed and grateful for the help that befell them without asking. What is the next challenge for Tom and Sharon? Driving Abigail for 300,000 miles. Sharon and Tom are retired from their professional careers of nursing and floor coverings sales/management. When Sharon is not riding shot-gun for Tom, she enjoys visiting with her two therapy dogs, flower gardening and dollhouses. Tom says, 'If you own a Model A, you always have something to do. So that takes care of his spare time besides being number one handyman at home. They both hail from

Wisconsin and now reside in northeastern Indiana with their two rough Collies, Francis and Patches and kitty, Montana.

Road Trip Bill Schneider, 2008-03-27 Most people celebrate their half century birthday surrounded by family and friends. Sam Chapman is unlike most people. He decides turning fifty deserves a special celebration, and embarks upon a road trip across America, one that reveals the many layers of Sam's inner soul. With only a map in the glove box and some cash and a credit card in his wallet, Sam begins a journey that will forever change his life. Over the course of ten days, Sam drives from his home in Provincetown, Massachusetts to meet his best friend, who lives in Bishop, California. The three thousand mile road trip becomes an excursion filled with beautiful scenery, remarkable villages and towns and several interludes with nature. Along the way, Sam meets a variety of characters and discovers parts of the country that are magical, mysterious, and redefine the meaning of natural beauty. Ten stops in as many days lead the way to Sam's half-century birthday celebration, and pave a new meaning of getting from Point A to Point B. Road Trip will take you on a back seat adventure to undiscovered towns tucked throughout 14 states across America. Reading this novel will inspire readers to step back in time, when traveling was something to be enjoyed and savored, not merely endured.

My 32,000 Mile Cross Country Trip Darlene Rutkowski, 2019-07-16 This author was surprised to learn that her five-and-a-half-month trip around the great USA put over thirty-two thousand miles on her Jeep. Family and friends were also amazed. This author is aware that other individuals have taken similar trips, such as this one. However, this one is unique, in that this author did it alone at the age of sixty-five, and for five and a

half months. Just the thought of checking in and out of hotels almost every day, during these months is enough to turn someone off from this type of trip. However, this author found ways to deal with it, such as regularly scheduled weekly phone calls with some family and friends. Also, after time, the standard breakfasts served daily at these hotels became boring, so this author would go to a local restaurant for breakfast for a different menu choice. This author encourages everyone, retired or not, to explore the great USA by a vehicle of some type. Each state has much beauty and many sites to see, which definitely enriches one's life and perspective of the world.

Nellie Bly was a popular American reporter best known for a record-breaking trip around the world in 72 days. Bly also faked insanity and was admitted to a mental institute for 10 days. Bly wrote detailed accounts on her trip around the world and her stay at the mental institute. Bly's idea to travel around the world was influenced by the Jules Verne book *Around the World in Eighty Days*. Bly beat the fictional record of eighty days and also took some time in France to visit Verne.
