Zerinity ANT,2017-05-17 The author has always maintained he is a conduit, and that the poetry and prose has come through him. There have been occasions when he understood the profoundness of the work after having written it. By and large, the poems took the size of the paper he had in his hand. The beauty of the flow and the simplicity of words, coupled with the depth of the concept has been to him a source of creative joy, which simply must be shared. These touch various aspects of life, spirituality, adolescence, love, character, time, and other topics like mathematics collated over the years as he evolved. This is not a book to be read through at one go. One has to pause, ponder, digest, and then move to the next. Other than the broad separation of poetry and prose, there has been no effort to slot them in by genre or chronologically. It is a kaleidoscope to be enjoyedan offering, so to say.
