**Twelve Years a Slave** Solomon Northup, 2013-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Chinese Lessons John Pomfret, 2006-08-08 As a twenty-two-year-old exchange student at Nanjing University in 1981,

John Pomfret was one of the first American students to be admitted to China after the Communist Revolution of 1949. Living in a cramped dorm room, Pomfret was exposed to a country few outsiders had ever experienced, one fresh from the twin tragedies of Mao's rule - the Great Leap Forward and the Cultural Revolution. Twenty years after first leaving China, Pomfret returned to the university for a class reunion. Once again, he immersed himself in the lives of his classmates, especially the one woman and four men whose stories make up Chinese Lessons, an intimate and revealing portrait of the Chinese people. Beginning with Pomfret's first day in China, Chinese Lessons takes us back to the often torturous paths that brought together the Nanjing University History Class of 1982. We learn that Old Wu's father was killed during the Cultural Revolution for the crime of being an intellectual; Book Idiot Zhou labored in the fields for years rather than agree to a Party-arranged marriage; Little Guan was forced to publicly denounce and humiliate her father. As we follow Pomfret's classmates from childhood to university and on to adulthood, we see the effect that the country's transition from near-feudal communism to First World capitalism has had on his classmates. This riveting portrait of the Chinese people will not only change your understanding of China but also challenge your perception of the way fate can shape the course of nations as surely as it has the extraordinary lives of these five classmates.--BOOK JACKET.

*Controversies in Political Theology* Thia Cooper,2007-07-30 Controversies in Political Theology addresses the question of whether Christians should be struggling towards development or liberation. It explores the theologies of development and liberation, from their beginnings in the 1960s through their changes to the central arguments today. The contrasts are examined in the practice of faith-based aid agencies. The understanding of how to

practice justice differs widely for development theology and liberation theology. Whilst the theology of development remain focused on the economic realm, on trade and consumption, the theology of liberation expands the discussion beyond the economic realm to deal with politics, race, gender and culture more generally. These different concepts of justice lead to very different actions in communities around the world. This book provides students with access to an in-depth view of these practices in a clear and concise context. The book looks not only at the theologies themselves but also how they came to emerge, and how they stand in contrast across the globe today.

**Sporting Fashion** Kevin L. Jones,Christina M. Johnson,2021-03-09 Discover how the designers of women's sporting attire navigated the worlds of fashion, function, and propriety, from the beginning of the 19th century to 1960. This book offers a stunning visual record of the evolution of women's sporting attire over nearly two centuries. With selections from Keds, Pendleton, and Spalding and garments by Coco Chanel, Claire McCardell, and Jean Patou, among many others, it features familiar names in fashion, as well as significant rediscoveries. At the intersection of the history of fashion and feminism, Sporting Fashion highlights the extraordinary impact of new technologies and evolving social mores on women's clothing for sport. It explores how the basic forms of women's sportswear we know today--from swimsuits to sneakers--were developed during a time when women were achieving more freedom. Full color illustrations of sport and leisure ensembles are included, along with magazine spreads and archival images. In thematic sections, the authors examine the ways women entered into the sporting world--from traveling to calisthenics, motorcycling to promenading. The book looks at examples of clothing that allowed women to walk freely and compete in sports previously restricted to men. It explores how designers reacted to and encouraged the growing acceptance of exposed skin at public beaches and pools--and how cold weather fashion made its way onto the slopes and ice. Never before have the garments that defined women's roles as both spectators and athletes been presented on this scale and in such detail. Published with the American Federation of Arts and the FIDM Museum at the Fashion Institute of Design & Merchandising/Los Angeles The Costume Society of America is pleased to announce Kevin Jones and Christina Johnson as recipients of the 2022 CSA Millia Davenport Publications Award for their work titled Sporting Fashion: Outdoor Girls 1800-1960.

**Kumba Africa** Sampson Ejike Odum,2020-11-03 'KUMBA AFRICA', is a compilation of African Short Stories written as fiction by Sampson Ejike Odum, nostalgically taking our memory back several thousands of years ago in Africa, reminding us about our past heritage. It digs deep into the traditional life style of the Africans of old, their beliefs, their leadership, their courage, their culture, their wars, their defeat and their victories long before the emergence of the white man on the soil of Africa. As a talented writer of rich resource and superior creativity, armed with in-depth knowledge of different cultures and traditions in Africa, the Author throws light on the rich cultural heritage of the people of Africa when civilization was yet unknown to the people. The book reminds the readers that the Africans of old kept their pride and still enjoyed their own lives. They celebrated victories when wars were won, enjoyed their New yam festivals and villages engaged themselves in seasonal wrestling contest etc; Early morning during harmattan season, they gathered firewood and made fire inside their small huts to hit up their bodies from the chilling cold of the harmattan. That was the Africa of old we will always remember. In Africa today, the story have changed. The people now enjoy civilized cultures made possible by the influence of the white man through his scientific and technological process. Yet there are some uncivilized places in Africa whose people haven't tested or felt the impact of civilization. These people still maintain their ancient traditions and culture. In everything, we believe that days when people paraded barefooted in Africa to the swamp to tap palm wine and fetch firewood from there farms are almost fading away. The huts are now gradually been replaced with houses built of blocks and beautiful roofs. Thanks to modern civilization. Donkeys and camels are no longer used for carrying heavy loads for merchants. They are now been replaced by heavy trucks and lorries. African traditional methods of healing are now been substituted by hospitals. In all these, I will always love and remember Africa, the home of my birth and must respect her cultures and traditions as an AFRICAN AUTHOR.
