Jia Tolentino is a peerless voice of her generation, tackling the
conflicts, contradictions, and sea changes that define us and our time.
Now, in this dazzling collection of nine entirely original essays,
written with a rare combination of give and sharpness, wit and
fearlessness, she delves into the forces that warp our vision,
demonstrating an unparalleled stylistic potency and critical dexterity.
Trick Mirror is an enlightening, unforgettable trip through the river

of self-delusion that surges just beneath the surface of our lives. This is a book about the incentives that shape us, and about how hard it is to see ourselves clearly through a culture that revolves around the self. In each essay, Tolentino writes about a cultural prism: the rise of the nightmare social internet; the advent of scamming as the definitive millennial ethos; the literary heroine's journey from brave to blank to bitter; the punitive dream of optimization, which insists that everything, including our bodies, should become more efficient and beautiful until we die. Gleaming with Tolentino's sense of humor and capacity to elucidate the impossibly complex in an instant, and marked by her desire to treat the reader with profound honesty, *Trick Mirror* is an instant classic of the worst decade yet. FINALIST FOR THE PEN/DIAMONSTEIN-SPIELVOGEL AWARD FOR THE ART OF THE ESSAY

God's Best-Kept Secret Mark Maulding,2017-10-03 For many of us, the attempt to live for God can leave us feeling burdened rather than free. Yet that's not the kind of life God intends for us to experience. What if he never meant for us to try so hard? What if overcoming sin doesn't rely on our own self-control? What if loving others isn't about saying and doing all the right things? What if suffering isn't designed to teach us lessons? What if we could feel closer to God without doing anything? In *God's Best-Kept Secret*, the founder of Grace Life International explodes our preconceived notions of living the Christian life, freeing us to stop just going through the motions and to experience true fulfillment. Illuminating commonly misunderstood Bible verses, Mark Maulding shows us that following God is not as complicated as we often make it out to be. And, in fact, the answer to our struggles has been hiding in plain sight all along.

Actual Proof of My Existence Signed Don Christie,2003

How the Ray Gun Got Its Zap Stephen R. Wilk,2013-10-07 *How the Ray Gun Got Its Zap* is a collection of essays that discusses odd and unusual topics in optics. Though optics is a fairly specialized branch of physics, this book extracts from the discipline topics that are particularly interesting, mysterious, culturally relevant, or accessible. The essays all first appeared, in abbreviated form, in *Optics and Photonics News* and in *The Spectrograph*; the author has updated and expanded upon each of them for this book. The book is divided into three thematic sections: History, Weird Science, and Pop Culture. Chapters will discuss surprising uses of optics in classics and early

astronomy; explain why we think of the sun as yellow when it is actually white; present how the laser is used in popular film; and profile the eccentric scientists who contributed to optics. The essays are short and entertaining, and can be read in any order. The book should appeal to general audiences interested in optics or physics more generally, as well as members of the scientific community who are curious about optics phenomena.

Nuggets of Truth: A Bible Student's Devotional and A Bible Teacher's Resource Handbook Dr. John Mannion,2020-11-17

Inspirational writing meets Bible commentary. Nuggets of Truth stands as a different kind of devotional. It is, perhaps, more in keeping with Oswald Chamber's *My Utmost for His Highest* in that it is meant to teach more than it is meant to simply inspire. Not that each Nugget of Truth does not inspire. On the contrary, it stands as a very inspirational book even as the Scriptures themselves never fail to inspire. Indeed, the content of each individual devotional is full of Scripture. Each Nugget of Truth is designed to provide the reader with a short Bible study. Hence, the reader is more of a student than simply a reader. The considerable content of each day's study digs deep enough with a pointed focus that the student effectively goes through a mini Bible college program once having gone through the entire year. The sub-title of Nuggets of Truth, *A Bible Student's Devotional and A Bible Teacher's Resource Handbook*, reveals the two-fold purpose and use of this book. It is meant to be a devotional for Bible students and for Bible teachers. In keeping with this second purpose, the devotional is exhaustively indexed. With its indexes, Nuggets of Truth can be used by Bible teachers as a resource for their teaching ministries. 80 pages of downloadable indices provided with purchase!

Jesus Is One of Us Ron Simkins,2021-08-13 The relationship between God and Jesus is the means and the model for God's renewal

of humanity. Jesus is the “firstborn” of God’s future human society, but he will not be the last. God’s purpose is to have a family made up of the completed and glorified humans we were always meant to become. What an exciting future God is planning for us! Human potential in the hands of God exceeds our wildest imagination. Although Jesus’s roles and titles are often seen as separating him from the rest of us humans, they actually embed him deeply in our humanity. Jesus was, is, and always will be one of us. Becoming completed humans like Jesus is a road we are called to travel, as we learn to increasingly depend upon God’s promise to provide the gifts of forgiveness and empowerment. Let’s take the journey together with our brother who is “the Son of God” and “the Son of Man (Humanity).”

UFO Case Files Of Scotland (Volume 1): Amazing Real Life Alien Encounters Malcolm Robinson, 2017-06-21 The subject of UFOs has been hotly debated. Are UFOs space vehicles from another world? Are they top-secret military aircraft of some kind? Or are they simply a figment of our imagination? Malcolm Robinson is a UFO & Paranormal Researcher with over 40 year's expertise and has had 'hands on' experience with each of the cases contained in this book. The full story regarding the wave of UFO sightings over the town of Bonnybridge is given here, as is the full story of Scotland's first 'reported' UFO abduction (the A70 Incident) This book presents the most fascinating UFO cases that Scotland has to offer and clearly shows that Scotland as a country has been touched by the UFO presence. This book will leave you with little doubt that mankind is dealing with a very real and bona fide phenomenon, as the witnesses in this book can clearly testify to.
