How to Make It Big As a Real Estate Agent Mark

Ferguson, 2021-06-17 There are many great suggestions in *How To Make It Big As A Real Estate Agent*. I am returning to real estate sales after a several decades long hiatus and have a game plan to implement which lines up with those which Mark has used. But the idea of building a team is a new one to me and is one I will implement. Great advice for new agents, particularly making it clear the extent of dedication and hard work required to achieve the upper levels of success. I strongly recommend this book.

-Ray Mark Ferguson has been a Realtor for over 15 years. He runs a sales team of 10 who have sold over 1,000 homes. Mark has personally sold over 200 homes in one year. Mark has been featured in the *Washington Post*, *Yahoo*, *Zillow*, *Realtor.com*, *Realtor Magazine*, *Time*, *Trulia* and many other major media outlets. In this 220 page book Mark describes exactly how he has made it big in real estate and what to expect as a real estate agent. Mark breaks down how much money real estate agents can really make as well as how much work an agent will have to do. There are many stories out there about how little money agents make and how they are on call at all hours. The truth is real estate can be a wonderful business if you treat it as a business and plan accordingly. There are many things an agent can do to be successful, which Mark details in this book. Choosing the right broker Getting off to a fast start selling houses Finding the right lead sources Where to spend your money Where not to spend your money The best ways to network How to build a business not create a job How to make your real estate agent business a sell-able asset Much, much more If you are family with Mark and his writing style, you know he hates fluff. This is a straight to the point book with an immense amount of usable information and techniques. You can find mark at <https://Investfourmore.com>, where he has created one of the most

popular real estate blogs.

Make Money as a Buyer's Agent Chantal Howell Carey, Bill Carey, 2007-02-02 Traditionally, real estate agents help home sellers get the best deal on their home, but no one covers the buyer's side. This guide shows you how to make the switch from representing sellers to representing buyers, so you can keep making money even as the seller's market slows down. Learn to earn big commissions, no matter what happens to the market.

Death of the Traditional Real Estate Agent: Rise of the Super-Profitable Real Estate Sales Team Todd Walters, Craig Proctor, 2015-03-23 We've all heard the stats and stories about how tough it is to make a profitable living in real estate without high (and often devastating) lifestyle costs, but what do you know about the super successful agents, those netting \$500,000, \$1 million, \$3 million, or more a year selling real estate? What do you really know about how they think, what they do, and how they approach the business, most often rejecting the industry norms that enslave the average agent? The fact of the matter is, if your real estate business depends on you, you don't really have a business; you have a job. In stark contrast, these mega agents have true businesses built on turnkey systems and well-organized teams. There is no stopping this trend. More and more teams will come, garner more market share, and get paid premium fees at the same time working less and playing more than the typical agent. Inside these pages, we'll introduce you to sixteen of these super successful, highly profitable real estate team leaders who share the secrets of their rise to the top 1 percent of the entire industry, how they did it, and how you can copy your way to your own mega successful real estate business.

Swanepoel Trends Report 2009 Stefan Swanepoel,2009-02

Real Estate Prospecting Loren K. Keim,2008 In the Real Estate industry, as in most sales professions, prospecting is a dirty word. Far too many people enter the field of Real Estate believing they can wait for the phone to ring and earn a great living. Unfortunately, many new agents set themselves up for failure by this approach to the business. A real estate professional's goal is to list and sell real estate. One of the primary keys to being successful is to identify those people who truly want or need to move, and find a way to meet with them. This concept of identifying and targeting likely buyers and sellers is called prospecting, and it is a process, not an event.

Listing to Sell Willie ELLINGTON, 2020-01-31 Are you a Real Estate Agent looking for a blueprint on how to sell homes in your area? After working in real estate in some capacity since 1999, Dr. Willie C. Ellington, Jr., host of ATL Listings TV (ATLlistings.com), want to teach you how to list and sell real estate in any market. Even though we are living in a digital age, where most goods are bought and sold online, the job of the realtor is still quite relevant to the real estate industry. People who come to real estate agents view them as experts in the field. There are a few checks to make sure that the property sale goes through without a hiccup or any unexpected delays. As a realtor, you occupy a central position throughout the proceedings of the sale. Selling the house is a serious transaction, and you need to gain the trust of your client by displaying professionalism, integrity, honesty, and knowledge of the market. Be attentive to the needs of your clients and address issues with attention to detail. Remember, having a winning mindset can make all the difference. Reading about other real estate agents will help you learn from other people's successes. As they say, imitation is the sincerest form of flattery, well then, get up and start imitating. Your reputation precedes you, and testimonials can help you secure the trust of future

clients. Conversing and learning from other successful real estate professionals is an excellent way of improving your business. If it works for them, there is no reason why it would not work for you. When negotiating, be ruthless and competitive, but know when to stop. This book has covered the basics of listing for success. And now that you are in possession of this knowledge, it is time to start acting on it. Just remember, success is not overnight; it is years of concerted effort and dedication.
