Most of that 30 Billion goes to non profit organizations. So are there any grants that you qualify for? Most likely yes, there is. But you must know where to look and know that there will be other people like you who will be applying for the same Grants as you are - you will have competition. In this ebook, you will know everything you need to do step-by-step in order to get approved for a grant.

63 Documents the Government Doesn't Want You to Read Jesse Ventura, Dick Russell, 2012-04-02 Analyzes a series of public domain documents which demonstrate how the government has misled the public, engaging in deception about the objectives and scope of some of its programs and perpetuating wasteful spending and harmful cover-ups.

An analysis and exposure of the new Government Scheme of Education, shewing its precise nature, its objectionable character, and its mischievous tendencies

John Middleton HARE (the Elder.), 1847

The Global Conspiracy Exposed The

Whistleblower, 2021-10-28 America is no longer a government by the people and for the people. According to information retrieved from the Council on Foreign Relations website, in 1921 a group of diplomats, financiers, generals, and lawyers concluded that Americans needed to be better prepared for significant responsibilities and decision making in world affairs, with this in mind they founded the 'Council on Foreign Relations.' In other words, a group of elites created a government independent of our elected government. Diplomats, financiers, generals, and lawyers

created their own government in 1921 which continues to operate and circumvent our elected government to this very day. Readers will learn from this book that the Council on Foreign Relations, the Establishment, the Deep State, and the Shadow Government are all one and the same. Their goal is a corporate controlled one world government, and it appears as if the majority of our representatives are serving them. Many Americans are just recently becoming aware of and thus concerned with the establishments GREEN NEW DEAL and are totally unaware that it is already the law of the land via Executive Order No. 12852. In 1993 President Bill Clinton DAMNED the United States with the creation of the President's Council on Sustainable Development which is the original title for the GREEN NEW DEAL.

Master Manipulator James Ottar Grundvig, 2016-05-31 The explosive true story of fraud, embezzlement, and government betrayal. In 2000, the US Centers for Disease Control (CDC) carried out a secret mission to bury, skew, and manipulate data in six vaccine safety studies, in a coordinated effort to control the message that “vaccines do not cause autism.” They did so via secret meetings and backtesting health-care data. The CDC invested tens of millions of dollars in a foreign health-care data analytics startup run by Danish scientist Poul Thorsen, a move to ensure that no link ever surfaced. But fate had other ideas. The agency soon learned it couldn’t control Thorsen. In 2011, the US Justice Department indicted him for the theft of more than \$1 million of CDC grant money. Master Manipulator exposes the CDC’s hidden agenda for the cover-up. Influenced by Big Pharma money, future high-paying jobs, and political lobbyists, CDC executives charted a course different than what the findings of earlier vaccine safety studies revealed. The CDC needed an outsider to “flatten” the results of the data, while building an exit strategy: a fall guy in case the secret plan was exposed. Thorsen fit the bill nicely, conducting studies overseas. But the CDC’s plan backfired, as Thorsen took the money to the bank and the power

went to his head. It would take years for his fraud scheme—funneling CDC grant money to a Danish university and then back to a CDC bank account he controlled—to play out. Master Manipulator is a true story of fraud and betrayal, and an insider's view of what takes place behind the closed doors of agencies and drug companies, and with the people tasked to protect the health of American children. It's a cautionary tale of the dangers of blind trust in the government and the health-care industry.
