Debates for the Digital Age [2 volumes] Danielle Sarver Coombs,Simon Collister,2015-11-23 By evaluating the Internet's impact on key cultural issues of the day, this book provides a comprehensive overview of the seismic technological and cultural shifts the Internet has created in contemporary society. Books about Internet culture usually focus on the people, places, sites, and memes that constitute the cutting-edge at the time the book is written. That approach, alas, renders such volumes quickly obsolete. This provocative work, on the other hand, focuses on overarching themes that will remain relevant for the long term. The insights it shares will highlight the tremendous impact of the Internet on modern civilization—and individual lives—well after specific players and sites have fallen out of favor. Content is presented in two volumes. The first emphasizes the positive impact of Internet culture—for example, 24-hour access to information, music, books, merchandise, employment opportunities, and even romance. The second discusses the Internet's darker consequences, such as a demand for instant news that often pushes journalists to prioritize being first over being right, online scams, and invasions of privacy that can affect anyone who banks, shops, pays bills, or posts online. Readers of the set will clearly understand how the Internet has revolutionized communications and redefined human interaction, coming away with a unique appreciation of the realities of today's digital world—for better and for worse.

How Canadians Communicate IV David Taras,Christopher Robb Waddell,2012 Substantial changes have occurred in the nature of political discourse over the past thirty years. Once, traditional media dominated the political landscape, but in recent years Facebook, Twitter, blogs and Blackberrys have emerged as important tools and platforms for political campaigns. While the Canadian party system has proved surprisingly resilient, the rhythms of political life are now very different. A never-ending 24-hour news cycle has resulted in a never-ending political campaign. The implications of this new political style and its impact on political discourse are issues vigorously debated in this new volume of How Canadians Communicate, as is the question on every politician's mind: How can we draw a generation of digital natives into the current political dialogue? With contributions from such diverse figures as Elly Alboim, Richard Davis, Tom Flanagan, David Marshall, and Roger Epp, How Canadians Communicate IV is the most comprehensive review of political communication in Canada in over three decades - one that poses questions fundamental to the quality of public life. David Taras holds the Ralph Klein Chair in media studies at Mount Royal University. He served as an expert advisor to the House of Commons Standing Committee on Canadian Heritage and co-edited the first two volumes in the How Canadians Communicate series. He is the co-author of The Last Word: Media Coverage of the Supreme Court of Canada. Christopher Waddell is director of the School of Journalism and Communication at Carleton University and holds the Carty Chair in business and financial journalism. He was formerly national editor for The Globe and Mail and Parliamentary bureau chief for CBC television news.

Censored 2012 Mickey Huff,Project Censored,2011-10-04 Every year since 1976, Project Censored, our nation's oldest news-monitoring group—a university-wide project at Sonoma State University founded by Carl Jensen, directed for many years by Peter Phillips, and now under the leadership of Mickey Huff—has produced a Top-25 list of underreported news stories and a book, Censored, dedicated to the stories that ought to be top features on the nightly news, but that are missing because of media bias and self-censorship. Seven Stories Press has been publishing this yearbook since 1994, featuring the top stories listed democratically in order of importance according to students, faculty, and a national panel of judges. Each of the top stories is presented at length, alongside updates from the investigative reporters who broke the stories. Beyond the Top-25 stories, additional chapters delve further into timely media topics: The Censored News and Media Analysis section provides annual updates on Junk Food News and News Abuse, Censored Déjà Vu, signs of hope in the alternative and news media, and the state of media bias and alternative coverage around the world. In the Truth Emergency section, scholars and journalists take a critical look at the US/NATO military-industrial-media empire. And in the Project Censored International section, the meaning of media democracy worldwide is explored in close association with Project Censored affiliates in universities and at media organizations all over the world. A perennial favorite of booksellers, teachers, and readers everywhere, Censored is one of the strongest life signs of our current collective desire to get the news we citizens need—despite what Big Media tells us.

Everyday Surveillance William G. Staples,2013-10-18 When we think of surveillance in our society, we usually imagine “Big Brother” scenarios with the government tracking our every move. The actual surveillance of our everyday lives is much more subtle, however, and may be more insidious. William G. Staples shows how our lives are tracked by both public and private organizations—sometimes with our consent, and sometimes without—through our internet use, cell phones, public video cameras, credit cards, license plates, shopping habits, and more. Everyday Surveillance is a provocative exploration of the myriad ways we are watched each day, and how this surveillance shapes our lives. Thoroughly revised, the second edition considers new topics, such as the rise of social media, and updates research throughout. Everyday Surveillance introduces students to concepts of social control and incites classroom discussion about how surveillance impacts the ways we understand people and our lives at home, work, school, or in the community.

Commentary and Other Stuff Tom McCollough,2011-05-18 This book is volume two of McColloughs memoir. Once the VIN YETS machine was churning out vignettes like a sausage factory, no one told him to stop writing. They were written to be read aloud at the Writers Group at the Saratoga Retirement Community. If well received by relatives and friends, Tom might publish, The Best of COMMENTARY AND VIN YETS. Tom McCollough is a retired business man who worked for Ross Laboratories, the nutrition division of Abbott Laboratories. He was also a fellow in the National Program for educational Leadership. He and his wife Marian moved from Columbus Ohio to the Saratoga Retirement in Saratoga, California in 2005.

101 Pat-Downs Shawna Malvini Redden,2021-06 Two million people fly commercially every day in the United States, and every single passenger must interact with members of airport security. Why do travelers put up with long lines and invasive screenings? Why do Transportation Security Administration officers (TSOs) put up with the disrespect and anger directed at them? Shawna Malvini Redden asked these questions for years—interviewing passenger and security officers alike, taking note of everything from carry-on bananas to passengers who fumed when their water bottles were confiscated. Malvini Redden encountered a range of passengers: the entitled business travelers; the parents with toddlers; the hot mess, travels-once-a-year, can't-figure-out-how-to-get-through-the-security-checkpoint-without-crying flier. The answers, Malvini Redden admitted, were far more complex than she anticipated. 101 Pat-Downs is the story of Malvini Redden's research journey, part confessional, part investigative research, and part light-hearted social commentary. In it she illuminates common experiences in airport security checkpoints specifically focused on emotion and identity, presenting the inside scoop on airport security interactions via her experiences and those of passengers and

TSOs. Along the way Malvini Redden introduces common characters of airport security, humanizing the stereotypically gruff TSO and explaining in a social-science framework why so many passengers feel nervous inside TSA checkpoints. Ultimately, Malvini Redden shows how people navigate communication in complex interpersonal situations and offers research-driven suggestions for improving interactions for passengers and TSOs alike.

The Transparent Traveler Rachel Hall,2015-09-04 At the airport we line up, remove our shoes, empty our pockets, and hold still for three seconds in the body scanner. Deemed safe, we put ourselves back together and are free to buy the beverage we were prohibited from taking through security. In *The Transparent Traveler* Rachel Hall explains how the familiar routines of airport security choreograph passenger behavior to create submissive and docile travelers. The cultural performance of contemporary security practices mobilizes what Hall calls the aesthetics of transparency. To appear transparent, a passenger must perform innocence and display a willingness to open their body to routine inspection and analysis. Those who cannot—whether because of race, immigration and citizenship status, disability, age, or religion—are deemed opaque, presumed to be a threat, and subject to search and detention. Analyzing everything from airport architecture, photography, and computer-generated imagery to full-body scanners and TSA behavior detection techniques, Hall theorizes the transparent traveler as the embodiment of a cultural ideal of submission to surveillance.

101 Pat-Downs Shawna Malvini Redden,2021-06 101 Pat-Downs traces the history of airport security since September 11, 2001, introducing assorted characters of airport security, from passengers who check their brains with their baggage to Transportation Security Administration officers who break the stereotypes.

When They Come for You David Kirby,2019-10-29 A revealing book about how government, law enforcement, and bureaucratic interests are seizing our property, our children, our savings, and our fundamental American rights—and how to fight back. Liberty and justice for all is the bedrock of American democracy, but has America betrayed our founders’ vision for the nation? In *When They Come For You*, New York Times bestselling author David Kirby exposes federal, state, and local violations of basic constitutional rights that should trouble every American, whether liberal, conservative, or libertarian. Free speech, privacy, protection from unreasonable search and seizure, due process, and equal protection under the law are rights that belong to every American citizen, but are being shredded at an alarming rate all across the country. Police and prosecutorial misconduct, overzealous bureaucrats with virtually unchecked power, unwarranted searches, SWAT-style raids on the homes of innocent Americans, crackdowns on a free press and the right to protest, removing children from their parents without cause, “debtors prisons, restricting freedom of health choice, seizing private assets for government profit, and much more demonstrate how deeply our rights and our national values are eroding. *When They Come For You* uses true stories of everyday citizens to reveal how our federal, state, and municipal governments, police, lawmakers, judges, revenue agents, unelected power brokers, and even government social workers are eviscerating our most fundamental liberties. And, it shows how people are fighting back—and winning.

A Conservative’s Manifesto Eric Hines,2012-02-13 *A Conservative’s Manifesto* offers a description of the principles of modern conservatism. The present political climate is one of a big and growing government that increasingly asserts its right, its obligation, to control in increasing detail the decisions of ordinary Americans. It is necessary to discuss these conservative principles in an effort to focus our thoughts as we struggle to regain control over our lives and to rein in that overbearing government. The lays out, in so many words, a set of (modern) Conservative principles that are tied back to the 18th Century Liberal principles of our nation’s Founders.

The Long Shadow of 9/11 Brian Michael Jenkins,John Godges,2011 This book provides a multifaceted array of answers to the question, In the ten years since the 9/11 terrorist attacks, how has America responded? In a series of essays, RAND authors lend a farsighted perspective to the national dialogue on 9/11's legacy. The essays assess the military, political, fiscal, social, cultural, psychological, and even moral implications of U.S. policymaking since 9/11. Part One of the book addresses the lessons learned from America's accomplishments and mistakes in its responses to the 9/11 attacks and the ongoing terrorist threat. Part Two explores reactions to the extreme ideologies of the terrorists and to the fears they have generated. Part Three presents the dilemmas of asymmetrical warfare and suggests ways to resolve them. Part Four cautions against sacrificing a long-term strategy by imposing short-term solutions, particularly with respect to air passenger security and counterterrorism intelligence. Finally, Part Five looks at the effects of the terrorist attacks on the U.S. public health system, at the potential role of compensation policy for losses incurred by terrorism, and at the possible long-term effects of terrorism and counterterrorism on American values, laws, and society.--Publisher description.

Conversations with RBG Jeffrey Rosen,2019-11-05 In her own words, Ruth Bader Ginsburg offers an intimate look at her life and career, through an extraordinary series of conversations with the head of the National Constitution Center. This remarkable book presents a unique portrait of Justice Ruth Bader Ginsburg, drawing on more than twenty years of conversations with Jeffrey Rosen, starting in the 1990s and continuing through the Trump era. Rosen, a veteran legal journalist, scholar, and president of the National Constitution Center, shares with us the justice’s observations on a variety of topics, and her intellect, compassion, sense of humor, and humanity shine through. The affection they have for each other as friends is apparent in their banter and in their shared love for the Constitution—and for opera. In *Conversations with RBG*, Justice Ginsburg discusses the future of *Roe v. Wade*, her favorite dissents, the cases she would most like to see overruled, the #MeToo movement, how to be a good listener, how to lead a productive and compassionate life, and of course the future of the Supreme Court itself. These frank exchanges illuminate the steely determination, self-mastery, and wit that have inspired Americans of all ages to embrace the woman known to all as “Notorious RBG.” Whatever the topic, Justice Ginsburg always has something interesting—and often surprising—to say. And while few of us will ever have the opportunity to chat with her face-to-face, Jeffrey Rosen brings us by her side as never before. *Conversations with RBG* is a deeply felt portrait of an American hero.
