High Energy Accelerators (Heacc 92) - Proceedings Of The Xv International Conference (In 2 Volumes) J Rossbach,1993-02-10
The High Energy Accelerator Conference has always been the

monitor of the state of the art and the new trends in planning, construction and operation of large particle accelerators. It is held every three years. The 1992 conference is devoted to High Energy Hadron Accelerators and Colliders, Linear Colliders, e^+e^- Storage Rings and related Technologies for these machines. In addition to status reports and contributed papers, the program features twelve survey talks which include summaries of individual poster papers.
