Phil Alan Shipnuck, 2022-05-24 LONGLISTED FOR THE WILLIAM HILL SPORTS BOOK OF THE YEAR PRIZE 'Terrific fun' David Walsh, Sunday Times * * 'Thoroughly engaging' Washington Post A frank and revealing biography of legendary golf champion Phil Mickelson - who has led a big, controversial life - as reported by longtime Sports Illustrated writer and bestselling author Alan Shipnuck. Phil Mickelson is one of the most compelling figures in sports. For more than three decades he has been among the best golfers in the world, and his unmatched longevity was exemplified at the 2021 PGA Championship, when Mickelson, on the cusp of turning fifty-one, became the oldest player in history to win a major championship. In this raw and unauthorised biography, Shipnuck captures a singular life defined by thrilling victories, crushing defeats and countless controversies. Mickelson is a multi-faceted character, and all his warring impulses are on display in these pages: he is a smart-ass who built an empire on being the consummate professional; a loving husband dogged by salacious rumours; a high-stakes gambler who knows the house always wins but can't tear himself away. Mickelson's career and public image have been defined by the contrast with his lifelong rival, Tiger Woods. Where Woods is robotic and reticent, Mickelson is affable and extroverted, an incorrigible showman. In their early years together on Tour, Mickelson lacked Tiger's laser focus and discipline, yet as Tiger's career has been curtailed by scandal, addiction and a broken body, Phil sails on, still relevant on the golf course and in the marketplace. Phil is the perfect marriage of subject and author. Shipnuck delivers numerous revelations, from the true scale of Mickelson's massive gambling losses to the secretive backstory of the Saudi golf league that Mickelson championed. But Phil also celebrates Mickelson's random acts of kindness and generosity of spirit, to which friends and strangers alike can attest. Shipnuck has covered Mickelson for his entire career, allowing him to take readers inside the ropes with a thrilling immediacy and intimacy. The result is the juiciest and liveliest golf book in years - full of heart, humour and unexpected turns.

Cultivation Chat Group Legend of the Paladin,2017-10-20 One day, Song Shuhang was suddenly added to a chat group with many seniors that suffered from chuuni disease. The people inside the group would call each other 'Fellow Daoist' and had all different kinds of titles: Palace Master, Cave Lord, True Monarch, Immortal Master, etc. Even the pet of the founder of the group that had run away from home was called 'monster dog'. They would talk all day about pill refining, exploring ancient ruins, or share their experience on techniques. Twelve Years a Slave Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his

powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Union River Paul Marion, 2017 Poetry. Spanning more than forty years of writing, UNION RIVER takes us across the national landscape and mindscape with poems and sketches that delve into our common experience. This lyrical Americana address combines memory work, ecstatic reports from the field, invented scenes, street voices, blog posts, daily news, and representations of life in these states. Writing in closed and open forms, Marion works the language for the best it can give. He shows us the difference between looking and seeing, between hearing and listening, between knowing and understanding. Our nation is a place of grandeur, pain, constant churn, and regular renewal. Every person makes the democratic republic new each day, for good or bad. Paul Marion wants us to use America as a verb, an action word.

Cumiskey Alley Tom Sexton, 2020-09-20 The definitive collection of Tom Sexton's poems about his hometown of Lowell, Massachusetts, where he grew up after World War II before leaving for military service and higher education. He would settle in Alaska and teach for decades at the University of Alaska, where he co-founded the respected Alaska Quarterly Review. His Lowell poems are lyrical and candid, extracting the innate beauty and tragedy in a working-class mill town down on its luck but full of people with gumption and sometimes incredible optimism. He paints the people, the streetscapes, and the nature of an historic river city, a one-time tribal capital before the label New England and then the archetypal factory city of the American Industrial Revolution

before the Civil War, a place that had to been seen by Charles Dickens, Davy Crockett, and young Abe Lincoln, a break-out location for working women who became labor organizers, and eventually a classic post-industrial city passed by when the business titans moved manufacturing to less expensive places. Sexton captures the reality of a hard-luck place without nostalgia and finds the dignity in lives lived within a tight circle. He was able to rise to an upper orbit through service and study, returning to his starting place through poems that offer a priceless gift, a lasting literature for present and future generations.

Coral Road Garrett Kaoru Hongo, 2011 Garrett Hongo's long-awaited third collection of poems is a beautiful, elegiac gathering of his Japanese-American ancestors in their Hawaiian landscape and a testament to the power of poetry, as it brings their marginalized yet heroic narratives into the realm of art. In *Coral Road* Hongo explores the history of the impermanent homeland his ancestors found on the island of O'ahu after their immigration from southern Japan, and meditates on the dramatic tales of the islands. In sumptuous narrative poems he takes up strands of family stories and what he calls a long legacy of silence about their experience as contract laborers along the North Shore of the island. In the opening sequence, he brings to life the story of his great-grandparents fleeing from one plantation to another, finding their way by moonlight along coral roads and railroad tracks. As his grandmother, a girl of ten with an infant on her back, traverses twelve-score stands of cane / chittering like small birds, nocturnal harpies in the feral constancies of wind, Hongo asks, Where is the Virgil who might lead me through the shallow underworld of this history? In fact, it is Hongo who guides himself--and us--as, in these devoted acts of recollection, he seeks to dispel the dislocation at the center of his legacy. The love of art--making beauty in however provisional a culture--has clearly been a guiding principle in Hongo's poetry. In this content-rich verse, Hongo hearkens to and delivers the luminous and the anecdotal, bringing forth a complete aesthetic experience from the shards that make up a life.

American Originality Louise Glück, 2017-04-18 A luminous collection of essays from one of our most original and influential poets Five decades after her debut poetry collection, *Firstborn*, Louise Glück is a towering figure in American letters. Written with the same probing, analytic control that has long distinguished her poetry, *American Originality* is Glück's second book of essays--her first, *Proofs and Theories*, won the 1993 PEN/Martha Albrand Award for First Nonfiction. Glück's moving and disabusing lyricism is on full display in this decisive new collection. From its opening pages, *American Originality* forces readers to consider contemporary poetry and its demigods in radical, unconsoling, and ultimately very productive ways. Determined to wrest ample, often contradictory meaning from our current literary discourse, Glück comprehends and destabilizes notions of "narcissism" and "genius" that are unique to the American literary climate. This includes erudite analyses of the poets who have interested her throughout her own career, such as Rilke, Pinsky, Chiasson, and Dobyns, and introductions to the first books of poets like Dana Levin, Peter Streckfus, Spencer Reece, and Richard Siken. Forceful, revealing, challenging, and instructive, *American Originality* is a seminal critical achievement.

Mill Power Paul Marion, 2014 Mill Power documents the making of a national park that changed the concept of what a national historic park could be. For a time in the 1800s, Lowell was Massachusetts's cosmopolitan, must-see second city. The city's industrial model was as high-tech then as Silicon Valley is today. It drew the attention of luminaries like Charles Dickens, Congressmen Davy Crockett and Abraham Lincoln, feminist sociologist Harriet Martineau, and abolitionist Frederick Douglass. This insider's account of the creative, bold, and community-driven process to establish the park explains why today Lowell National Historic Park is renowned as the partnership park. The park's establishment was an integral piece of an urban revival strategy that has made Lowell the subject of scores of newspaper articles, magazine profiles, TV and radio reports, scholarly papers, and book chapters. Historic Preservation magazine has hailed the park as the premier rehabilitation model for gritty cities worldwide. The Lowell story has much to teach the mid-sized cities of the nation and the world. Mill Power frames the Lowell comeback in its historical context and brings together the people who dreamed, wrote, designed, pushed, and cheered a new national park into existence along with those who came after with the charges of shaping the ideas into material form. The volume features 100 photos, many of them showing the before-and-after story of this renovation.
