**Popular Music and Parenting** Shelley Brunt,Liz Giuffre,2022-10-18 Popular Music and Parenting explores the culture of popular music as a shared experience between parents, carers and young children. Offering a critical overview of this topic from a popular music studies perspective, this book expands our assumptions about how young audiences and caregivers engage with music together. Using both case studies and wider analysis, the authors examine music listening and participation between children and parents in both domestic and public settings, ranging across children's music media, digital streaming, live concerts, formal and informal popular music education, music merchandising and song lyrics. Placing young children's musical engagement in the context of the music industry, changing media technologies, and popular culture, Popular Music and Parenting paints a richly interdisciplinary picture of the intersection of popular music with the parent-child relationship.

*YouTube and Music* Holly Rogers,Joana Freitas,João Francisco Porfírio,2023-02-23 YouTube has afforded new ways of documenting, performing and circulating musical creativity. This first sustained exploration of YouTube and music shows how record companies, musicians and amateur users have embraced YouTube's potential to promote artists, stage performances, build artistic (cyber)identity, initiate interactive composition, refresh music pedagogy, perform fandom, influence musical tourism and soundtrack our everyday lives. Speaking from a variety of perspectives, musicologists, film scholars, philosophers, new media theorists, cultural geographers and psychologists use case studies to situate YouTube as a vital component of contemporary musical culture. This book works together with its companion text Remediating Sound: Repeatable Culture, YouTube and Music. **Cold War Country** Joseph M. Thompson,2024-03-22 Country music maintains a special, decades-long relationship to American military life, but these ties didn't just happen. This readable history reveals how country music's Nashville-based business leaders on Music Row created partnerships with the Pentagon to sell their audiences on military service while selling the music to servicemembers. Beginning in the 1950s, the military flooded armed forces airwaves with the music, hosted tour dates at bases around the world, and drew on artists from Johnny Cash to Lee Greenwood to support recruitment programs. Over the last half of the

twentieth century, the close connections between the Defense Department and Music Row gave an economic boost to the white-dominated sounds of country while marginalizing Black artists and fueling divisions over the meaning of patriotism. This story is filled with familiar stars like Roy Acuff, Elvis Presley, and George Strait, as well as lesser-known figures: industry executives who worked the halls of Congress, country artists who dissented from the stereotypically patriotic trappings of the genre, and more. Joseph M. Thompson argues convincingly that the relationship between Music Row and the Pentagon helped shape not only the evolution of popular music but also race relations, partisanship, and images of the United States abroad.

*U.S. Conflicts in the 21st Century [3 volumes]* Spencer C. Tucker, 2015-12-14 This three-volume reference work provides an up-to-date presentation and analysis of the U.S. wars of the 21st century, addressing their backgrounds, causes, courses, and consequences. It serves as an indispensable resource for students seeking to understand the role of the United States in the world today. Addressing the U.S. conflicts in Iraq, Afghanistan, and the Global War on Terror from the year 2001 to the present, this comprehensive, three-volume encyclopedia covers the significant individuals, key events, and important places involved in these recent military events. Beginning with the rise of Al Qaeda in the 1990s and the attacks on September 11, 2001, and covering events through ISIS's dramatic surge in Iraq and Syria, the hundreds of detailed entries also examine historical trends; nations and ethnicities involved in the conflicts; influential figures and organizations; economic, political, diplomatic, and cultural influences; wars, campaigns, and battles; and important weapons systems. The set's A-Z organization makes it an easy-to-use ready reference for high school and college students. Perspective essays on several controversial topics—such as the use of torture and the effects of the Patriot Act—serve to inspire readers to apply critical thinking. A detailed chronology is provided to help students place all the important events that have occurred in the Afghanistan War, Iraq War, and War on Terror. Each of the chronologically arranged primary documents is introduced with a brief overview to provide important background information and context.

**Stars of Jazz** James A. Harrod, 2020-03-25 Imagine an educational television series featuring America's greatest jazz artists in performance, airing every week from 1956 to 1958 on KABC, Los Angeles. *Stars of Jazz* was hosted by Bobby Troup, the songwriter, pianist and vocalist. Each show provided information about the performance that heightened viewers' appreciation. The series garnered praise from critics and numerous awards including an Emmy from the Academy of Television Arts & Sciences. A landmark series visually, too, it presented many television firsts including experimental films by designers Charles and Ray Eames. All 130 shows were filmed as kinescopes. Surviving films were donated to the UCLA Film & Television Archive, where 16 shows have been restored; 29 additional shows are in the collection. The remaining 85 kinescopes were long ago discarded. This first full

documentation of Stars of Jazz identifies every musician, vocalist, and guest who appeared on the series and lists every song performed on the series along with composer and lyricist credits. More than 100 photographs include images from many of the lost episodes.
