Should she stay mortal and strengthen her connection to the werewolves, or leave it all behind to become a vampire? When you loved the one who was killing you, it left you no options. How could you run, how could you fight, when doing so would hurt that beloved one? If your life was all you had to give, how could you not give it? If it was someone you truly loved? To be irrevocably in love with a vampire is both fantasy and nightmare woven into a dangerously heightened reality for Bella Swan. Pulled in one direction by her intense passion for Edward Cullen, and in another by her profound connection to werewolf Jacob Black, a tumultuous year of temptation, loss, and strife have led her to the ultimate turning point. Her imminent choice to either join the dark but seductive world of immortals or to pursue a fully human life has become the thread from which the fates of two tribes hangs. Twilight and History Nancy Reagin,2010-04-12 The first look at the history behind Stephenie Meyer's bestselling Twilight series, timed to release with the third movie, Eclipse The characters of the Twilight Saga carry a rich history that shapes their identities and actions over the course of the series. Edward, for instance, may look like a seventeen-year-old teen heartthrob, but was actually born in 1901 and died during the Spanish Influenza of 1918. His adopted sister, Alice, was imprisoned in an insane asylum in 1920 and treated so badly there that even becoming a vampire was a welcome escape. This book is the first to explore the history behind the Twilight Saga's characters and their stories. You'll learn about what life might have been like for Jasper Whitlock Hale, the Confederate vampire who fought during the Civil War, Carlisle Cullen, the Puritan witch hunter-turned-vampire who participated in the witchcraft persecutions in Early Modern England, and the history of the Quileute culture that shaped Jacob and his people —and much more. Gives you the historical backdrop for Twilight Saga characters and events Adds a whole new dimension to the Twilight novels and movies Offers fresh insights on vampires, romance, and history Twilight and History is an essential companion for every Twilight fan, whether you've just gotten into the series or have followed it since the beginning.

**Seduced by Twilight** Natalie Wilson,2014-01-10 Stephenie Meyer's Twilight saga has maintained a tight grip on the contemporary cultural imagination. This timely and critical work examines how the Twilight series offers addictively appealing messages about love, romance, sex, beauty and body image, and how these charged themes interact with cultural issues regarding race, class, gender and sexuality. Through a careful analysis of the texts, the fandom and the current socio-historical climate, this work argues that the success of the Twilight series stems chiefly from Meyer's negotiation of cultural mores.

In so doing, the contributors show the series's importance for studies of popular culture, gender, reception history and young adult literature.

bestselling author Colleen Coble brings her signature blend of suspense and romance to the beautiful—and deadly—Alaskan wilderness. “You hide behind your camera instead of stepping out and engaging life with both hands. You're so afraid you'll fail at something, you won't even try.” For some people, Alaska is a breathtaking wilderness adventure, full of light and beauty. For Haley, it is a dangerous world of dark dreams and tortured memories. On the surface, she's here to document wildlife activist Kipp Nowak's bear encounters. But her real reason is to unearth the truth about a past murder. The suspense mounts when another body turns up, and Haley begins to wonder if the tragedies she experienced in the past are connected to the dangers and mysterious incidents of the present. From behind her camera, Haley observes it all, including Tank Lassiter, the wildlife biologist who has been forced to lead Kipp and his team into the Alaskan backcountry. As she watches him with his work, she feels a growing attraction. It will take great courage and faith to confront the truth she once ran away from. Before it's over, Haley may be viewing herself from an entirely new angle. Alaska Twilight is the story of a young woman's emergence from the shadows of past sorrow into the light of forgiveness and grace. “Colleen Coble will keep you glued to each page as she shows you the beauty of God's most primitive land and the dangers it hides.” —romancejunkies.com “Colleen Coble's Alaska setting is like an outback adventure without ever leaving the comfort (or warmth) of your own home. The reality will make you feel like there's a grizzly bear breathing heavily over your peaceful night's rest. **Fanpire** Tanya Erzen, 2012-10-30 An author immerses herself in the frenzied fandom of Twilight, the young-adult vampire romance series that has captivated women of all ages Twilight, Stephenie Meyer's young-adult vampire romance series, has captivated women of all ages, from teenagers who swoon over the film adaptations to college-educated women who devour the novels as a guilty pleasure. All told, over 110 million copies of the books have been sold worldwide, with translations into 37 languages, and the movies are some of the highest-grossing of all time. Twilight is a bona fide cultural phenomenon that has inspired a vast and unimaginably fertile fan subculture—the “fanpire,” as the members describe it. Just what is it about Twilight that has enchanted so many women? Tanya Erzen—herself no stranger to the allure of the series—sets out to explore the irresistible pull of Twilight by immersing herself in the vibrant and diverse world of “Twi-hards,” from Edward-addition groups and “Twi-rock” music to Cullenism, a religion based on the values of Edward's family of vegetarian vampires. Erzen interviews hundreds of fans online and in person, attends thousand-strong conventions, and watches the film premiere of New Moon with Twilight moms in Utah. Along the way, she joins a tour bus on a pilgrimage to Twilight-inspired sites, struggles through a Bella self-defense class, and surveys the sub-universe of Twilight fan-fiction (including E. L. James's enormously popular “Master of the Universe” story, the basis for her erotic novel Fifty Shades of Grey). Erzen also takes a deeper look at the appeal of traditional gender roles in a postfeminist era saturated with narratives of girl power. If Twilight's fantasies of romance and power reflect the fears, insecurities, and longings of the women who love it, the fanpire itself, Erzen shows, offers a space for meaningful bonding, mutual understanding, and friendship. Part journalistic investigation and part cultural analysis, Fanpire will appeal to obsessed fans, Twilight haters, and bemused onlookers alike.
