Radio's America Bruce Lenthall,2008-11-15 Orson Welles's greatest breakthrough into the popular consciousness occurred in 1938, three years before Citizen Kane, when his War of the Worlds radio broadcast succeeded so spectacularly that terrified listeners believed they were hearing a genuine report of an alien invasion—a landmark in the history of radio's powerful relationship with its audience. In Radio's America, Bruce Lenthall documents the enormous impact radio had on the lives of Depression-era Americans and charts the formative years of our modern mass culture. Many Americans became alienated from their government and economy in the twentieth century, and Lenthall explains that radio's appeal came from its capability to personalize an increasingly impersonal public arena. His depictions of such figures as proto-Fascist Charles Coughlin and medical quack John Brinkley offer penetrating insight into radio's use as a persuasive tool, and Lenthall's book is unique in its exploration of how ordinary Americans made radio a part of their lives. Television inherited radio's cultural role, and as the voting tallies for American Idol attest, broadcasting continues to occupy a powerfully intimate place in American life. Radio's America reveals how the connections between power and mass media began.

Flipbook Anne Waldman,Zazil Alaïde Collins,2022 The history of the album began in April 2021 with the moon cycle In the midst of a pandemic and crisis I decided to do some improvisations about the course of life human as I understand it: We do not exist physically but yes in the ether, we move to earth, we are born, we cross childhood, we become adult women, rebels, we find love, heartbreak, we. We find or unfind, we die and return to the place where we come from. I asked the dear poets Anne Waldman and Zazil Collins who will help weave with words that pass. This album is that, a sound interpretation of the concept of the passing of the human being, woven with music, memories and words. Looking for new ways to physically release music, I decided to make a flipbook, where my two great loves come together, the moving image and music. It has two download QR codes side A and side B. It is also on the Fast Speaking Music label on Bandcamp. I hope you enjoy it. Loope.--Cataloger translation from credits PDF.

Grocery Story Jon Steinman,2019-05-07 Hungry for change? Put the power of food co-ops on your plate and grow your local food economy. Food has become ground-zero in our efforts to increase awareness of how our choices impact the world. Yet while we have begun to transform our communities and dinner plates, the most authoritative strand of the food web has received surprisingly little attention: the grocery store—the epicenter of our food-gathering ritual. Through penetrating analysis and inspiring stories and examples of American and Canadian food co-ops, Grocery Story makes a compelling case for the transformation of the grocery store aisles as the emerging frontier in the local and good food movements. Author Jon Steinman: Deconstructs the food retail sector and the shadows cast by corporate giants Makes the case for food co-ops as an alternative Shows how co-ops spur the creation of local food-based economies and enhance low-income food access. Grocery Story is for everyone who eats. Whether you strive to eat more local and sustainable food, or are in support of community economic development, Grocery Story will leave you hungry to join the food co-op movement in your own community.
