Golden Retriever Michelle Hawkins,2021-02 Do you know that Golden Retrievers are the 3rd most popular dog in America?And do you know that Golden Retrievers are not a good guard dog because they like everyone?It is sometimes difficult to make our children understand the beauty of nature, to make them appreciate the small things, the beauty of a flower, the freshness of the air, the scent of grass. Many times we are not fortunate to be in contact with nature, far from a meadow, closed in the cities. Still, so often, while looking out from our balcony in a beautiful country house, we know how to observe but do not appreciate creation's beauty.Know the details and habits of a Golden Retriever as common as it is surprising, through a simple path, which fuels your child's interest and curiosity. That's the purpose of this book.But beware, prepare for the challenge!You will have to be able to answer the questions that your child will ask you by showing off their deep knowledge in the microworld of the Golden Retriever: -Mom, do you know how many layers of Fur that Golden Retriever have? I do!-Hey dad, do you know how often Golden Retrievers should have their hair brushed? I do!-Grandpa, do you know what Golden Retrievers were originally trained to retrieve? I do!-Grandma, do you know what Golden Retrievers are a mix of? I do!-Sarah, you're my big sister, and you've studied a lot, but I bet you don't know the three different types of Golden Retrievers! I know that.You don't need anything else; just one click on Buy Now, and you will let your child live a magical new adventure with his new friend Golden Retriever and the magic natural world of dogs.

Polo the Golden Retriever/Achiever Polo,2005-08-23 Polo, a six-year-old Golden Retriever, was born in Wayland, Michigan. Leaving his mother, brothers, and sisters, he moved into his foster puppy home. There he learned basic commands and began his socialization training, which lasted one year. He then graduated and went on to receive intense training in Assistance Dog skills for the specific human which was chosen for him. He now lives in Indiana with his human partner. Scent of the Missing Susannah Charleson,2010-04-14 A “haunting meditation on trust, hope and love” by a woman who adopts and trains a Golden Retriever puppy to become a search-and-rescue dog (People). In the wake of the Oklahoma City bombing, Susannah Charleson’s attention was caught by a newspaper photograph of a canine handler, his exhausted face buried in the fur of his search-and-rescue dog. Susannah, a dog lover and pilot with search experience herself, was so moved by the image that she decided to volunteer with a local canine team, plunging herself into an astonishing new world. While the team worked long hours for nonexistent pay and often heart-wrenching results, Charleson discovered the joy of working in partnership with a canine friend and the satisfaction of using their combined skills to help her fellow human beings. Once she qualified to train a dog of her own, Charleson adopted Puzzle—a smart, spirited Golden Retriever puppy who exhibited unique aptitudes as a working dog, but was a bit

less interested in the role of compliant house pet. Scent of the Missing is the story of Charleson's adventures with Puzzle as they search for a lost teen; an Alzheimer's patient wandering in the cold; and signs of the crew amid the debris of the space shuttle Columbia disaster—all while unraveling the mystery of the bond between humans and dogs. “A riveting view of both the human animal bond and the training of search and rescue dogs. All dog lovers and people interested in training service dogs should read this book.” —Temple Grandin, author of *Animals Make Us Human*

Dog Helps Those (Cozy Dog Mystery): #3 in the Golden Retriever Mystery Series (Golden Retriever Mysteries) Neil S Plakcy,2023-10-19 It's almost time for graduation, and Eastern College is in trouble. A prominent alumna is dead, and a faulty computer program is jeopardizing student records and financial aid. It's up to Steve and Rochester to dig into the situation and retrieve the culprits! Rita Gaines wasn't a nice person—but she did love her dogs, and most of her clients respected her financial acumen and her talent in training dogs for agility trials. When she's found dead, there's a long line of potential suspects from Wall Street whiz kids to doting doggie daddies-- including one of Steve's former students. Felae is an art prodigy now studying with Steve's girlfriend, Lili, chair of Eastern's Fine Arts department, and Rita hated his controversial senior project. When she tried to have his scholarship cancelled, he threatened to kill her. But is he the villain behind her death? In between helping Steve's high school friend Rick track the killer,

Rochester practices darting around weave poles and jumping over limbo poles while Steve helps shepherd the college toward the completion of another academic year. It's spring in Stewart's Crossing, and old friends – and their dogs—gather together to investigate and eventually, to celebrate.

Dog Bless You Neil S. Plakcy, 2013-06-30 Autumn has come to Bucks County, and Steve Levitan has a new job: develop a conference center for Eastern College at Friar Lake, a few miles from campus. But on his first visit to the property, his golden retriever Rochester makes a disturbing discovery, a human hand rising from the dirt at the lake's shore. Whose hand is it? Why was the body buried there? The answers will take Steve, his photographer girlfriend Lili, and the ever-faithful Rochester to a drop-in center for recovering drug addicts on the Lower East Side, a decaying church in Philadelphia's Germantown, and finally to a confrontation with a desperate killer.
