Ufos and Water Carl W. Feindt,2010-07-31 UFOs have approximately 75% of this planet in which to operate undetected. Adding another piece to the puzzle From dissimilar puzzle pieces supplied by ufologists throughout the years of UFO history, a picture is starting to take shape. Ufologist Carl Feindt has not only contributed his own small piece, but he has also connected many of the previous pieces to form an enlightening and highly plausible theory. Feindt's studies concern Unidentified Flying Objects (UFOs) that enter and exit the dense medium of water. This aspect aroused his curiosity, because while we humans do not understand alien science, we do know our water. This book contains cases from just about every type of body of water, from puddles to oceans. It opens a long-overlooked door to discover the operating principles of UFOs by closely observing water's reaction to these craft and finding similarities among cases involving water. "[Carl Feindt] did an excellent job of describing the movement of UFOs in water, entering water, leaving water, and moving above the water...and what the water conditions can tell us about the mechanics of the operation of the vehicles." —John F. Schuessler, Former International Director of MUFON, commenting on Feindt's 2006 MUFON award- winning paper, "Physical Influences of a UFO on Water."

The Alien Handbook Patrick De Haan,2018-03-15 This book is about the connection to aliens/extraterrestrials through the means of channeling and their messages for us.

UFOs, ETs, and Alien Abductions Don Donderi,2013-05-12 Psychologist and researcher Don Donderi examines the evidence and research from the past several decades on the changing nature of UFOs. He looks at why the scientific establishment takes a dim view of UFOs and abduction evidence and examines how the US government has collected and suppressed UFO evidence.UFOs, ETs, and Alien Abductions is a wide-ranging examination of all things off-planet that falls into 3 sections.1. UFOs: evidence and belief between 1947 through 1965 and Cold War mysteries2. The changing nature of UFO phenomenon from 1965 to the present, which makes the case for the existence of humanoid crew members seen in and around landed UFOs. This section also examines six well-documented abduction cases, and includes the author detailing his own research involvement with the evidence. He refutes the belief that all abductees are mentally disturbed and that a psychological disturbance explains the experience.3. The third section is devoted to a very meaty and controversial analysis of science, politics, and UFOs.

Ufo Briefing Document Don Berliner,Marie Galbraith,Antonio Huneeus,2000 Reassessing some of the most compelling UFO cases ever recorded, this definitive study of the possible existence of alien contact with Earth reveals critical evidence about UFOs, including eyewitness accounts, scientific research, documented sightings, and photographs. Original.

UFOs & Alien Contact Robert E. Bartholomew,George S. Howard,1998 The most detailed and comprehensive examination yet of 100 years of UFO reports, sighting waves, and abduction claims spanning two centuries, UFO and Alien Contact utilizes rare press reports and incorporates copious notes and documentation of stories to provide a gripping, humorous, and at times horrifying account.

UFOs Leslie Kean,2011-08-02 NEW YORK TIMES BESTSELLER • Impeccably researched, this riveting journalistic investigation separates fact from fiction, and documents the unexplained mysteries of—and government reactions to—actual UFOs. “A treasure trove of insightful and eye-opening information.”—Michio Kaku, PH.D., bestselling author of *Physics of the Future* Leslie Kean, a veteran investigative reporter who has spent the past ten years studying the still-unexplained UFO phenomenon, reviewed hundreds of government documents, aviation reports, radar data, and case studies with corroborating physical evidence. She interviewed dozens of high-level officials and aviation witnesses from around the world. Among them, five Air Force generals and a host of high-level sources—including Fife Symington III, former governor of Arizona, and Nick Pope, former head of the British Defence Ministry's UFO Investigative Unit—have written their own breathtaking, firsthand accounts about UFO encounters and investigations exclusively for this book. With the support of former White House chief of staff John Podesta, Kean lifts the veil on decades of U.S. government misinformation about this mysterious phenomenon and presents irrefutable evidence that unknown flying objects—metallic, luminous, and seemingly able to maneuver in ways that defy the laws of physics—actually exist. With a Foreword by John Podesta “The most important book on the phenomenon in a generation.”—*Journal of Scientific Exploration* “Written with penetrating depth and insight, the revelations in this book constitute a watershed event in lifting the taboo against rational discourse about this controversial subject.”—Harold E. Puthoff, PH.D., Director of the Institute for Advanced Studies at Austin “Kean presents the most accurate, most credible reports on UFOs you will ever find. She may not have the final smoking gun, but I smell the gunpowder.”—Miles O'Brien, science correspondent for PBS's NewsHour

UFOs, Chemtrails, and Aliens Donald R. Prothero,Timothy D. Callahan,2017-08-02 A wide-ranging survey offers “entertainment as well as wisdom for everyone who's ever wondered what's behind so many conspiracy theories and paranormal phenomena” (Publishers Weekly). UFOs. Aliens. Strange crop circles. Giant figures scratched in the desert surface along the coast of Peru. The amazing alignment of the pyramids. Strange lines of clouds in the sky. The paranormal is alive and well in the American cultural landscape. In *UFOs, Chemtrails, and Aliens*, Donald R. Prothero and Tim Callahan explore why such demonstrably false beliefs thrive despite decades of education and scientific debunking. Employing the ground rules of science and the standards of scientific evidence, Prothero and Callahan discuss a wide range of topics including the reliability of eyewitness testimony, psychological research into why people want to believe in aliens and UFOs, and the role conspiratorial thinking plays in UFO culture. They examine a variety of UFO sightings and describe the standards of evidence used to determine whether UFOs are actual alien spacecraft. Finally, they consider our views of aliens and the strong cultural signals that provide the shapes and behaviors of these beings. While their approach is firmly based in science, Prothero and Callahan also share their personal experiences of Area 51, Roswell, and other legendary sites, creating a narrative that is sure to engross both skeptics and believers.

UFOs Leslie Kean,2010 An in-depth investigation into UFO phenomena documents the author's survey of official extra-terrestrial encounters as experienced by scientists, military heads and aviators throughout the world, in a report that evaluates government reactions while making specific recommendations.

Project Alien Mind Control - UFO Review Special: The New UFO Terror Tactic Timothy Green Beckley,Sean Casteel,Tim R. Swartz,2016-07-15 WARNING! THERE IS A SECRET ALIEN TERROR TACTIC THAT IS NOW UNDERWAY WORLDWIDE THAT THREATENS ALL HUMAN LIFE ON THIS PLANET! What do you do when the power blackouts keep occurring and the mysterious disappearances and outright kidnappings continue to mount? According to a small group of astute researchers, the Ultra-Terrestrials will not be destroying our world with laser weapons like in the blockbuster sci-fi movie *Independence Day*. Evidence indicates they want to capture our souls as well as our minds in order to accomplish their otherworldly foul deeds. They have no need to blow our fastest military aircraft out of the sky. Their best weapons are not futuristic military ones. Instead, their top-grade artillery against humanity is a numbing form of high-tech alien mind control. Utilizing a series of bizarre techniques, they are able to trick us into accepting their unorthodox and utterly evil belief systems through manipulative hallucinatory effects and establish an emotionless reaction to their far from charitable presence on Earth. According to Montalk.Net, Mankind is being enslaved by non-human forces who are technologically, psychically and dimensionally superior to us (but not necessarily spiritually, and therein lies our freedom). Through covert mental machinations and hyper-dimensional tricks that employ time travel, they have secretly manipulated and exploited humanity in every way conceivable since the birth of our race, and even our origins are suspect and bear the signs of genetic engineering. Project Alien Mind

Control is well underway and thousands of individuals and entire towns are being mentally enslaved! It is important for the well-being of the planet that we all join the alien resistance and learn to elude their mind control efforts at all costs. This is one of the strangest - and most dramatic - dossiers you will likely ever read - the kind that is stamped Top Secret by military authorities because of national security and because they know it will have a devastatingly negative effect on society. Many believe that as long as we are in the Matrix that we will be unable to avoid their sinister, self-serving mind games. * * * * * A UFO REVIEW SPECIAL - This is the first in a series of regularly issued publications from the UFO REVIEW, which originated in the early 1970s as the world's only Official Flying Saucer Newspaper and which has gone through various incarnations over the decades. Published by Timothy G. Beckley, it is now the solitary magazine special printed in English in the U.S. on the subject of unexplainable aerial and paranormal phenomena. Beckley has edited such related newsstand publications as UFO Universe, Unsolved UFO Sightings, and Angels and Aliens, as well as the printed edition of the Conspiracy Journal/Bizarre Bazaar.

The UFO Challenge Richard M. Rasmussen, 1990 Examines incidents involving reported sightings of unidentified flying objects and meetings with aliens, describes how people react in these situations, and discusses how the authorities are investigating.

The Astounding UFO Secrets of James W. Moseley: Includes the Full Text of UFO Crash Secrets at Wright Patterson Air Force Base James W. Moseley, 2013-03 HAIL, HAIL, THE GANG'S ALL HERE! -- THIS IS NOT JUST ANOTHER BOOK ABOUT UFO SIGHTINGS OR THE CRASH AT ROSWELL! -- IT'S AN EXTRAORDINARY REMEMBRANCE OF THE COURT JESTER -- THE GRAND TROUBADOUR -- THE NUMERO UNO TRICKSTER -- OF ALL OF UFOLOGY. -- You either loved him or hated him - but it was hard to be neutral when speaking about James W. Moseley. Within these pages, Jim Moseley's closest friends and associates gather one last time for a sendoff like no other . . . Journey into the void of the strange and unknown and tag along closely in the footsteps of a man who followed the UFO mystery and the paranormal for well over half a century. His wit, humor and frequent barbs and sarcasms were well known - and sometimes feared! -- by believers and skeptics alike as he took no prisoners in his quest to get to the bottom of a mystery that has baffled so many for so long. As editor of Saucer News - the premier magazine in the UFO field for many years - to his later satirical newsletter Saucer Smear, Jim met and mingled with the best and the worst of the in crowd. He admits to a bit of fun-loving hoaxing of his own, plus a second career of grave robbing in South America, which partially financed his globe trotting paranormal hijinks - not any endowment from the CIA as some of his most hostile, cynical critics would long contend. In addition to the musings and gossip of those that he remained closest to in life, Jim (with the help of endeared drinking buddy and ghost writer Gray Barker) fans out across the country to personally investigate some of the most perplexing UFO cases of all time - with periodic stopovers at Wright-Patterson Air Force Base, home of the controversial Project Blue Book (long since closed down). Cases personally pondered over by Moseley in this book include: ** I Met Two Men From 'Venus' -- And They Had No Fingerprints! ** What Happened To The Authentic UFO Film That Vanished Without A Trace? ** Kidnapped By Aliens? - A Most Strange And Unusual Case. ** The Angels Of Oahspe. ** Adamski, Williamson And The Case For The UFO Contactees. ** Behind The Barbed Wire Fence At Wright-Patterson Air Force Base. ** The OSI And The Lubbock Lights. ** ETs And Alien Wreckage - The Strange Story Of An Air Force Whistleblower. ** The Earth Theory And UFOs From The Antarctica. JIM MOSELEY MAY NO LONGER BE WITH US -- BUT HE STILL TEASES US FOREVER MORE!

The Messengers Mike Clelland, 2020-08-19 Without question, this is a classic by one of the most exciting new authors in the UFO field today. After reading it, your view of reality will never be the same. The owl has held a place of reverence and mystique throughout history. And as strange as this might seem, owls are also showing up in conjunction with the UFO experience. Mike Clelland has collected a wealth of first-hand accounts in which owls manifest in the highly charged moments that surround alien contact. There is a strangeness to these accounts that defy simple explanations. This book explores implications that go far beyond what more conservative researchers would dare consider. But the owl connection encompasses more than the UFO experience. It also includes profound synchronicities, ancient archetypes, dreams, shamanistic experiences, personal transformation, and death. From the mythic legends of our ancient past to the first-hand accounts of the UFO abductee, owls are playing some vital role. This is also a deeply personal story. It is an odyssey of self-discovery as the author grapples with his own owl and UFO encounters. What plays out is a story of transformation with the owl at the heart of this journey.

Military UFO Encounters Conrad Bauer, 2019-07-22 True and documented military UFO encounter cases that will surprise and make you question what we really know about alien visits to Earth. For as long as the UFO phenomenon has been a thing, the United States military has consistently denied any knowledge or even interest about the subject. But many suspect that Uncle Sam knows a lot more than he's letting on, and this book explores all the possibilities - from the Roswell crash and Area 51, through foo fighters and rumors of possible reverse-engineered aircraft, all the way to the 2017 disclosure that the Pentagon is still investigating UFOs. Broaching the subject of UFOs typically sparks either great interest or great ridicule, depending on whom you're talking to. But whatever our individual knee-jerk reaction to the tales may be, one thing that we can all agree on is that there never has been any satisfactory explanation for them. The 2020s seem poised to hold just as much mystery in regard to the subject as the 1950s did. And while there have been plenty of civilian UFO encounters, it is the men and women of our military who most often find themselves on the front line of this great mystery. Most of those who don the uniform are no better prepared for these encounters than anyone else, and they face the additional difficulty of having to report to their superiors in the aftermath of such odd incidents. In documenting these accounts, this book is not seeking to convince anyone of anything. All of these alleged events are left open to the reader's own interpretation. But while you make up your own mind on the subject, here we present to you the fantastic and bizarre claims - as well as the sometimes equally shocking known truths - that comprise the strange anecdotes of military encounters with UFOs. Scroll back up and order your copy today!

UFOs Terry O'Neill, 2003 Explores both sides of the question of whether or not spaceships have visited Earth, looking at issues related to sightings, validity of evidence, government conspiracies, and media hype.

UFO Hostilities and the Evil Alien Agenda Timothy Green Beckley, Sean Casteel, Dr James McDonald, 2018-05-09 Secret Government Findings Claim There Is A Valid Alien Threat - UFOS COULD DOOM LIFE ON EARTH! Here is irrefutable proof that UFOs could be perilous to your health, your well-being and even your life - and in an extreme case scenario could doom all of humanity. PENTAGON ADMITS TO PHYSIOLOGICAL STUDY OF UFO WITNESSES In a series of rather astonishing disclosures, the New York Times revealed in a provocative front page article that the military had spent upwards of \$22 million dollars in recent years on the study of UFOs and the creation of an advanced aerospace threat identification program. Sightings have persisted long after the official closure of Project Blue Book - something UFO researchers have long suspected but could not prove. Part of this multi-million dollar Black Project bundle was spent on an exhaustive study of the physiological and psychological effects of UFOs on witnesses. And while this hush-hush scrutiny of observers has to date never been released, an independent study indicates there is a PATTERN OF HORROR - that UFOs are no laughing matter and represent a TERRIFYING THREAT TO US ALL! Because of the frightening nature of its fully documented findings, this may well be the most startling book you will ever read on the subject of UFOs! I want scientists everywhere to start looking at the evidence, declared the late Dr. James McDonald, a respected physicist. The matter is urgent. It must not be delayed. The world better wake up to flying saucers before it is too late. Indeed, the world's safety could be at stake as this large formatted,

fully illustrated, 450 page volume clearly indicates! One high ranking military attache with CIA connections has stated when it comes to the true nature of the UFO puzzle: The UFO phenomenon has three separate yet related aspects: 1) - It produces real material-world events, detectable by radar and sometimes leaving behind physical traces. - 2) It is a psychic phenomenon that profoundly alters the consciousness of those exposed to it. - 3) It is apparently surrounded by deception activities which mimics it, produced by human groups. We tend to consider these elements as mutually exclusive, but they're not; all three are explainable by demonic activity and invocation. CASE HISTORIES OF UFO ATROCITIES - FROM STRANGE DISAPPEARANCES TO BIZARRE DEATHS - ARE HERE TO BE EXAMINED. ** From the Foo Fighters who dogged our fastest planes of WWI and II, to the battalions of well-armed soldiers who walked into a strange ground level cloud cover never to be seen again, global conflict seems to bring out the most hostile manifestations of the UFOs. From time to time America's bravest have been seen marching into oblivion. Many top secret aerial skirmishes have victimized pilots and passengers; some planes have gone down without a trace; hundreds have been killed - including famous Hollywood celebrities! ** There have been terrifying incidents of flaming destruction that have incinerated individuals or rendered them helpless. In one case UFOs left a military fort and its sentries smoldering, while entire coastal towns in Brazil have been burned out, by what are called by the locals chupa-chupas. ** Learn about a cursed Lethal Lake in Texas where dozens of people have mysteriously died, while other vacationers have vanished completely on land and underwater. Entire towns have been known to disappear in association with UFOs, while unsuspecting individuals have walked off wilderness trails in front of onlookers only to slip into a parallel universe inhabited by hobgoblins, men-in-black and other cross-dimensional terrors. ** Alert yourself to paralyzing episodes of alien acts of aggression that have blacked out power systems, erased memories and crippled human beings. Hundreds of ALARMING CASES are detailed here - and it is evident there is NO PLACE TO HIDE!

Crash at Corona Don Berliner,Stanton T. Friedman,2004-05-01 Aviation /science writer Don Berliner and nuclear physicist Stanton Friedman, the original civilian investigator of the so-called Roswell incident, have delved into the controversy to find the truth. They sifted through once-classified government documents, interviewed military and civilian witnesses, pieced together evidence, considered alternative theories, and concluded that a UFO crashed near Corona -- and the U.S. government knew it and covered it up.

The Lure of the Edge Brenda Denzler,2001-11-07 A scholarly exploration of the UFO movement probes life on the fringes of modernity, tracing the fascinating links between science and religion implied by this philosophy.

The UFO Files David Clarke,2013-03-30 'What does all this stuff about flying saucers amount to? What can it mean? What is the truth?' Winston Churchill, prime minister's personal minute, 28th July 1952 The UFO Files tells the story of over 100 years of UFO sightings, drawing on formerly secret government documents at the National Archives in London. Alongside extraordinary reports by ordinary people, it reveals details of official interest and investigations stretching back more than 80 years. In this remarkable book, fully updated for this second edition, David Clarke reveals an array of startling stories from possible UFO reports hidden among Met Office investigations of aerial phenomena in the 1920s to the conclusions of Project Condign, the secret British Intelligence UFO study completed in 2000. As well as covering Roswell and Britain's own Rendlesham Forest mystery, Clarke raids the records for dramatic stories of abductions and close encounters, ghost aircraft and crop circles, and UFO reports by both civilian aircrew and military personnel. Dramatic witness statements and interviews combine with rarely seen photographs, drawings and newly available documents to offer a unique guide to one of our most intriguing mysteries.
