It's all here: What NASA currently has to say about UFOs. The latest on Roswell, and the 1947 crash that has never been explained. The weirdest (and most convincing) alien abductions—and the medical procedures performed on abductees. The most commonly-seen UFO shapes. A who's who of UFOlogy—including presidents that have seen UFOs. UFOs and the Bible. 20 years of Project Blue Book mysteries—NASA's official UFO investigation. Weirdness galore—Men in Black, crop circles, Bigfoot, the face on Mars, Hollow Earth Theory, alien ancestry, and more! *The Big Book of UFO Facts, Figures & Truth* is at once a valuable reference and an engrossing guide for all those fascinated with unexplained phenomenon. Turning to any page at random, readers are sure to find new facts and information, as well as dozens of rare, irrefutable photos. In addition, readers will learn how they can access a special website which includes actual video evidence of UFOs. This just may be the most comprehensive UFO guide available. "It is incredibly arrogant on the part of mankind to believe that in a universe unimaginably vast, humans are the only life form in existence. Perhaps the chapters that follow will mitigate this foolhardy—and ultimately dangerous—terran narcissism. The galaxy—and beyond—is not only mankind's playground anymore ... and the skies await us. Godspeed."

The Truth about UFOs and Aliens Tim Donovan, 2006-04 The UFO phenomenon is undoubtedly the greatest enigma of modern times. Who are these visitors? Where do the aliens come from? Why do they come here? What is their purpose or plan? Why don't they just land? Why do they behave the way they do? Legions of writers have produced a plethora of works on the subject, yet until now, none have been able to solve this great mystery. Some previous books are an honest but flawed search for the truth; others are deliberately intended to mislead us. This work finally reveals the truth about all aspects of the phenomenon—alien planning, Roswell, alien-government collaboration, abductions, sightings, mutilations, crop circles and disinformation of all kinds. Here at last is the truth that both government and aliens have jointly kept from us, including their liaison and methods employed to protect its secrecy. *The Truth About UFOs and Aliens* envisions a great future for Earth.

**UFOs** Anna Whitty, 2020-12-23 This powerhouse of a book looks at exactly what happened at Roswell, the questionable content and conclusions of the US Air Force's 1994 Roswell Report, UFOs and why they move the way they do in the sky, cattle mutilations, alien abduction, MH370, the disappearance of Frederick Valentich, and chupacabras. It explains how they're all connected, and how and why we've been kept in the dark. The author takes a unique approach to ufology, using reliable data gathered by scientists such as Jacques Vallee, relating to sightings occurring since 1947, and analyzing it in its historical, social and political context. The book draws an explosive conclusion, which is the most reasoned and plausible scenario yet put forward to explain the modern UFO phenomenon. Throw off the blinkers and explore the connection between the mysterious events that have been puzzling us for decades, and get ready to have reality as you know it rocked to the core.

True UFO Accounts David Godwin, 2011-08-08 Flying saucers, government cover-ups, shadowcraft, reptilians, Nordics, Greys... Stories about UFOs and alien contact have been around since the late 1800s, when newspapers reported sightings of mysterious flying airships. The fascination with unidentified flying

objects has only intensified with time-every UFO sighting, movie, or television show that focuses on aliens creates a new set of fans. For more than 60 years, FATE magazine has reported on the strange and unexplained. This incredible collection of true accounts from the vaults of FATE includes stories on Roswell, alien agendas, and personal encounters. It features articles by some of the most prominent names in the field, such as Kenneth Arnold, George Adamski, Stanton T. Friedman, John Keel, and Ray Palmer, the founder of FATE.

*UFOs in the New Age* William M. Alnor, 1992 Here is a fascinating summary of the history and trends of UFOlogy by cult expert and award-winning journalist Bill Alnot. He exposes the distortion of Christian beliefs and other dangerous occult activities involved in the New Age UFO movement.

**UFO Mysteries** Curt Sutherly, 2001 UFO Mysteries is one of the best works on the subject of UFOs since Jacques Vallee's seminal 1965 *Anatomy of a Phenomenon*. Sutherly has blended skillful writing with the determination of a true investigator to produce an objective and introspective look at one of the greatest enigmas humankind has so far faced. Rick R. Hilberg, Ufologist and Anomalist Cleveland, Ohio Fifty Years of UFO Stories Filled with anecdotes and insider information, UFO Mysteries chronicles fifty years of UFO occurrences in the United States and Europe, from Kenneth Arnold's 1947 sighting over Mt. Rainier to the wave of triangular UFO sightings over the U.S. and Great Britain during the 1990s. Derived in part from *Strange Encounters*, the author's earlier book, this updated and expanded version combines a journalistic style with first-person recollection to give the reader a fresh-and remarkable-view of the UFO phenomenon. Included are fifteen rare photographs from a private collection, among them a previously unpublished UFO photograph mailed anonymously to radio station KYW in Cleveland, Ohio.

The Flying Saucers Are Real Donald Keyhoe, 2011-07-26 The Flying Saucers Are Real investigates numerous encounters between fighter pilots, other people, and UFOs. Author Donald Keyhoe states that while Earth has been visited by extraterrestrials for centuries, the Air Force was actively investigating these cases of close encounter, and hiding them from the people. The Flying Saucers are Real is not fiction. Keyhoe researched real facts and sightings, concluding that the saucers are interplanetary. Keyhoe, who had some access to original military files, did not believe in visitors from space before starting this book. Keyhoe examines the most prominent UFO cases up to 1950 - the Kenneth Arnold sighting, the Mantell Crash, the Chiles-Whitted UFO sighting, and numerous others - and offers his views on the subject. After checking every other possible answer thoroughly, however, he saw that they didn't fit in the sightings and the reports. The Flying Saucers are Real is a must for anyone who wants to know the truth about the UFO phenomenon. In the realm of

UFOlogy, it was not only one of the first, but also one of the best reports ever written on the subject. There is no sensationalism in the pages of this excellent tome - just cold, hard, and well researched facts. Donald Keyhoe was one of the most prominent figures in the early history and development of the UFO phenomenon in the U.S. His book *The Flying Saucers Are Real* established Keyhoe as a leading figure in the UFO phenomenon, and over the next two decades he would be frequently interviewed on television and radio. In 1957 he became the leader of NICAP (National Investigations Committee on Aerial Phenomena), the largest and most influential civilian UFO research group of the 1950's and 60's. He remained NICAP's leader until 1969.

**Not from Here** Preston Dennett, 2018-07-18 Welcome to Volume Three of *Not from Here: Selected UFO Articles* by Preston Dennett. As with the previous volumes, Dennett explores the strange and unusual aspects of the UFO phenomenon, presenting the outlying cases that defy the standard model of UFO contact. Inside this volume, you will find: - **CAUGHT IN THE ACT** Although abduction reports number in the thousands or more, almost nobody ever sees an abduction happen. Or do they? The answer is yes, as these cases prove. - **SEE A UFO - LOSE YOUR JOB** While seeing a UFO can be an exciting event, it sometimes comes with hidden dangers. Many witnesses find themselves victims of ridicule and disbelief. Sometimes, seeing a UFO can even cost a person their job. - **ALIEN GIFTS** In very rare cases, aliens give people gifts, actual physical proof of their encounter. It almost never happens, but when it does, the results are astounding. - **TO ERR IS ALIEN** With their remarkable abilities to dart around silently in the sky, and abduct people at will, the ETs are clearly more advanced than humans. But they are not perfect. Sometimes they make stupid mistakes. - **CAN WE CONTACT UFOS WITH A OUIJA BOARD?** While most people use a Ouija board to communicate with spirits, there are now a growing number of cases in which the board is used to contact ETs. These cases provide some startling insights into the nature of the UFO phenomenon. - **UFOS OVER PRISONS** UFOs are known to be attracted to highly specific areas: nuclear power plants, dams, military installations, airports, and other technological areas. What is little known is that they are also attracted to prisons. The question is, why? - **IS JESUS AN ALIEN?** It's a question that's been asked many times, with much speculation but little supporting evidence. The truth is, there are a number of cases from across the world in which people claim to have met Jesus aboard a UFO. - **IS BIGFOOT AN ALIEN?** Most UFO cases do not involve Bigfoot, and most Bigfoot cases do not involve UFOs. But in a tiny percentage of cases, these two phenomena perfectly intersect, revealing a mysterious and powerful connection that has yet to be fully explained. - **THE TRUTH BEHIND ALIEN ANAL PROBES** It's a subject that's received much ridicule and media attention, but little serious analysis. Are people actually being anally probed by ETs? And if so, why? What exactly are the ETs looking for? - **IF YOU BUILD IT** The aliens seem to be on a mission. In case after case, abductees are taken into the engine room of a UFO and told how it works. In a few of these cases the abductees have used their knowledge to actually build an engine based on what they learned from the ETs. Ten chapters, each exploring a unique area of the UFO phenomenon. Supported by cases from early history to the current day, coming from across the United States and the world, **NOT FROM HERE: VOLUME THREE** makes a valuable contribution to our understanding of these strange visitors to our planet.

A.D. After Disclosure Richard Dolan, Bryce Zabel, 2012-05-22 What if the UFO cover-up is real and what if it ended? *After Disclosure* poses this fascinating question and looks at the societal consequences of such a revelation. Richard Dolan and Bryce Zabel have produced a thoughtful and provocative analysis that goes well beyond the usual scope of books on UFOs and alien life. —Nick Pope, Former Chief of UK Ministry of Defence UFO Desk What if UFO secrecy ended tomorrow? The transition from B.C. (Before Confirmation) to A.D. (After Disclosure) is the ultimate what if? scenario in which the calendar is reset and

history begins again. This work of speculative non-fiction combines meticulous fact-finding from historian/researcher Richard M. Dolan and forward-leaning scenarios from journalist/screenwriter Bryce Zabel on the world's most mind-bending subject. The authors predict radical changes after official acknowledgment that at least some UFOs are intelligently controlled craft from somewhere other than Earth. A.D. After Disclosure isn't afraid to make mind-blowing, specific predictions, such as: Congress will hold Watergate-style hearings and ask secret-keepers, What did you know and when did you know it? The first decade A.D. (After Disclosure) will be like a high-tech 1960s, spawning massive cultural and societal change. Abductees will file a class-action suit against the government for withholding critical information. All the textbooks on planet Earth--from history to science--will need an immediate review. Whether disclosure leads to social panic or ushers in a new era of unity and peace, it will undoubtedly be a game-changing event.

UFO's: The Great Last Days Deception Billy Crone, 2018-03-23 Mention the topic of UFO's and Aliens and not only have most people already formed their opinions about them, but virtually everyone on the planet now believes in them. More people believe in Aliens than in the existence of God and more people believe that Aliens have visited planet earth than that Jesus is the Son of God. Ufology has become a new religion for 21st century where people now believe that Aliens will save them, not God. The problem is hardly anyone recognizes the true identity of UFO's let alone how they are being used to usher in one of the darkest, most deceptive times in the history of mankind. Therefore, this book, UFO's: The Great Last Days Deception seeks to equip you with the truth concerning so-called extraterrestrial visitors and their hidden demonic agenda. One of the biggest lies in the history of mankind is about to be foisted upon the whole world. The Rapture of the Church is going to happen, but it won't be from a liftoff in UFO's like we are being told. Don't fall for the lie!

**UFO Disclosure Continues** Robert "Pete" Hartinger, 2022-07-12 Within five days of February 1958, Pete Hartinger's outlook on life changed forever as he realized there was more to life than he had ever been told. On two different nights at that time, his brother, a friend, and he observed UFOs over his hometown of Circleville, Ohio, which has an early history in UFOlogy. The details of these sightings and his sixty-plus-year search for the truth are the subjects of this book. His search has included meeting and speaking with many important people about this topic. He has also done his own research and encouraged others to do the same. Pete is a military retiree and has been a member of several UFO organizations. No one knows what the future holds for this subject, but he encourages you to keep an open mind and continue seeking the truth. Try to get the facts and judge for yourself. The truth is here!

**They Are Already Here** Sarah Scoles, 2021-06-08 An anthropological look at the UFO community, told through first-person experiences with researchers in their element as they pursue what they see as a solvable mystery—both terrestrial and cosmic. More than half a century since Roswell, UFOs have been making headlines once again. On December 17, 2017, the New York Times ran a front-page story about an approximately five-year Pentagon program called the Advanced Aerospace Threat Identification Program. The article hinted, and its sources clearly said in subsequent television interviews, that some of the ships in question couldn't be linked to any country. The implication, of course, was that they might be linked to other solar systems. The UFO community—those who had been thinking about, seeing, and analyzing supposed flying saucers (or triangles or chevrons) for years—was surprisingly skeptical of the revelation. Their incredulity and doubt rippled across the internet. Many of the people most invested in UFO reality weren't really buying it. And as Scoles did her own digging, she ventured to dark, conspiracy-filled corners of the internet, to a former paranormal research center in Utah, and to the hallways of the Pentagon. In *They Are Already Here* we meet the bigwigs, the scrappy upstarts, the field investigators, the rational people, and the unhinged kooks of this sprawling community. How do they interact with each other? How do they interact with “anomalous phenomena”? And how do they (as any group must) reflect the politics and culture of the larger world around them? We will travel along the Extraterrestrial Highway (next to Area 51) and visit the UFO Watchtower, where seeking lights in the sky is more of a spiritual quest than a “gotcha” one. We meet someone who, for a while, believes they may have communicated with aliens. Where do these alleged encounters stem from? What are the emotional effects on the experiencers?

**The 37th Parallel** Ben Mezrich, 2017-06-13 This real-life *The X-Files* and *Close Encounters of the Third Kind* tells the true story of a computer programmer who tracks paranormal events along a 3,000-mile stretch through the heart of America and is drawn deeper and deeper into a vast conspiracy. Like Agent Mulder of *The X-Files*, computer programmer and sheriff's deputy Zukowski is obsessed with tracking down UFO reports in Colorado. He would take the family with him on weekend trips to look for evidence of aliens. But this innocent hobby takes on a sinister urgency when Zukowski learns of mutilated livestock, and sees the bodies of dead horses and cattle--whose exsanguination is inexplicable by any known human or animal means. Along an expanse of land stretching across the southern borders of Utah, Colorado, and Kansas, Zukowski discovers multiple bizarre incidences of mutilations, and suddenly realizes that they cluster around the 37th Parallel or UFO Highway. So begins an extraordinary and fascinating journey from El Paso and Rush, Colorado, to a mysterious space studies company and MUFON, from Roswell and Area 51 to the Pentagon and beyond; to underground secret military caverns and Indian sacred sites; beneath strange, unexplained lights in the sky and into corporations that obstruct and try to take over investigations. Inspiring and terrifying, this true story will keep you up at night, staring at the sky, and wondering if we really are alone ... and what could happen next--

**Shockingly Close to the Truth!** James W. Moseley, 2010-11-02 If you have any interest at all in the UFO phenomenon...or you just like reading about the very, very strange belief systems and adventures of very, very strange humans, you'll find this book a non-preachy, nonjudgmental hoot. --San Diego Union Tribune Sunday Fifty years of UFO sightings and alien obsession is amusingly documented --Publishers Weekly At a time when so many UFO books are not

worth buying, this autobiography by one of the long-time players in the ufology game is a welcome addition. Your ufological library will not be complete without [it]. --MUFON UFO Journal

This amusing, revealing, and entertaining romp through the confused and controversial history of the UFO craze is a must for believers and skeptics alike. Shockingly Close to the Truth! is the first and only comprehensive tell-all history of ufology from two men who have been at the center of this cultlike movement for close to half a century. James W. Moseley conveys the fun he has had over the years pursuing tall tales and purported evidence of visitors from outer space. As the creator of the newsletter Saucer Smear--the source on the follies, foibles, fads, and feuds of ufology--Moseley has the inside scoop on the amazing world of serious UFO sleuths and wigged-out ôsauceur fiends. His co-author, Karl T. Pflock, has been tracking reports of unidentified flying objects for close to half a century and has written the most thorough investigation of the Roswell incident ever done. For Moseley it all began as a lark in 1953 when he drove across country and interviewed almost 100 UFO experts and eyewitnesses, including former president Harry S Truman. After all these years, his account of this journey is here published for the first time, a goldmine for anyone interested in modern social and ôufologicalö history. He also talks candidly about his encounters with and assessments of leading UFO personalities, including Budd Hopkins, George Adamski, J. Allen Hynek, and many others. In addition, he reveals the whole truth behind the infamous Straith letter hoax, the real origins of the Men in Black, and the true story of George Adamski's alleged 1952 encounter with a man from Venus. Along the way he recounts his incredible adventures as a grave robber of pre-Columbian artifacts in Peru (Move over Indiana Jones!), to which there is also a bizarre UFO connection. Complementing the exuberant narrative are many original photos of famous persons and events from Moseley's private collection, plus facsimile reproductions of the Straith letter and the complete October 1957 special Adamski exposT issue of Smear's predecessor, Saucer News. A feast for UFO buffs this book will also interest students of popular culture, social trends, and the psychology of belief.

James W. Moseley (Key West, FL) is the Permanent Chairman (since 1971) of the National UFO Conference, the creator and editor (since 1954) of the newsletter Saucer Smear, and the author of UFO Crash Secrets at Wright Patterson Air Force Base. Karl T. Pflock (Placitas, NM), a former Deputy Assistant Secretary of Defense and intelligence officer for the CIA, is the author of the highly acclaimed Roswell: Inconvenient Facts and the Will to Believe.

UFOs Above the Law Frank Soriano, 2011 UFOs Above the Law is a collection of UFO reports from law enforcement officers and other government officials that prove that UFOs are not only real, but that they are here en masse. Those people who serve and protect the public tend to be the most credible witnesses and investigators when it comes to bringing forth the truth. When public servants see UFOs and are willing to stand up and testify about those sightings, their words are no less credible. In fact, with so many questions surrounding UFOs, there is great controversy that puts these respected men and women's reputations, families, and careers on the line with every report. Still, in the name of truth, they step forth. Here, experience abductions, learn investigative procedures, read transcripts of radio chases, track strange lights, and investigate things that most people would run from! Join law enforcement officers from around the world in a pursuit for UFO disclosure.

*Not from Here* Preston Dennett, 2016-04-16 Welcome to Volume Two of Not from Here: Selected UFO Articles by Preston Dennett. As with the first volume, Dennett ventures deep into the heart of the UFO field, revealing previously unexplored areas. Inside this volume you will find: UFO INVESTIGATOR'S DISEASE One of the hidden dangers of being a UFO investigator is becoming investigated by the UFOs themselves. It's a clear-cut case of

the hunter becoming the hunted. **ALIENS-R-US** What exactly is our relationship with extraterrestrials? In some cases, it might be much closer than you think. In fact, there is good evidence that aliens and humans are related. **THE INCREDIBLE SHRINKING ABDUCTEE** The technological ability of ETs is astounding, including the power to shrink or enlarge things, including both people and their own ships. **THE MYSTERY OF ANGEL HAIR** Angel Hair is a rare substance ejected from UFOs. Nobody knows what it is, and only a handful of cases exist. It's a mystery that has baffled ufologists for decades. **EXTRATERRESTRIAL GARDENERS** Aliens have multiple agendas, including--as these cases show--the systematic study and collection of plant-life from our planet. **UFO RESCUE AT SEA** ETs have been known to intervene in human affairs on many occasions. However, only a few people have reported being rescued from a sinking ship by a UFO. **THE SMELL OF UFOS** It's an area of ufology that has received almost no attention. What do UFOs smell like? And what do their odors reveal about the phenomenon? The answers are surprising. **THE UFO BREATHING POOL** One of the rarest and most bizarre procedures performed onboard a UFO, the UFO breathing pool involve cases in which people are submersed in a breathable liquid. **ALIEN DRINKS** In some rare instances, when people are taken onboard a UFO, they are made to consume an exotic alien liquid. The question is: why? **UFOS AND ROCKETS** UFOs are keeping a very close eye on humanity's exploration of space. When it comes to rocket launches, somebody out there is watching us. As these cases will show, our space program is being closely monitored by aliens. Supported by firsthand cases from across the United States and the world, each chapter of Not from Here: Selected UFO Articles--Volume 2 adds another tiny piece into the vast puzzle of the UFO phenomenon.

**Ufo Disclosure** Owen Banks,2021-06-18 The real question is not if they exist, but what they are. In the last few months, we are witnessing something that only ten years ago could only be seen in cinemas. State officials talking about a threat to national security; dozens of photos and videos confirmed by the Pentagon; US Air Force pilots explaining what they saw in flight with their eyes and on the radar; radar triangulations made by warships with the most advanced technology on the face of the earth; former US president saying we don't know exactly what they are; etc. 30 years ago, all this was just science fiction. Everyone who talked about UFOs and Aliens was derided and marginalized by society as crazy. Nowadays, the time of smiles and teasing is finally over, we have reached a turning point, and it is time to know. In this book, you will find: All irrefutable scientific evidence of the existence of unidentified aerial phenomena The most documented sightings from the 40s (when drones or other nonsense still existed) to today, not only in the USA but all over the world The declassified documents top secret for decades How the FOIA law works and why it is a fundamental tool to get to the truth Pilots and other soldiers stories who have the defense and security of our country as their life mission And much more scientific and government-verified information This is not a novel that tells the aliens' fairy tale, but a collection of sightings supported by scientific documents, radar triangulations, and irrefutable evidence of the existence of a phenomenon that must be taken very seriously and studied as thoroughly as possible. It's time to know. It's time to accept the phenomenon as something concrete that is happening here and now. It's time to inform the American people and the whole world of what happens in our skies above our homes. It's finally the time of truth.
