Roger H. Siminoff

The Best Air Guitar Album In The World 3 ,2003

To Air is Human Björn Türoque,Dan Crane,2006 Describes how a journalist and guitarist was transformed into Björn Troque, the nation's second greatest air guitarist, detailing the international air guitar subculture and his determined quest to becoming the ultimate air guitarist. Original.

Ultimate Star Guitars Dave Hunter,2017-04-01 First published in 2010, Ultimate Star Guitars, the first illustrated history of ticonic guitars and their owners, is now expanded to include 32 additional instruments. Where other best-selling guitar histories look at the rank-and-file models, Ultimate Star Guitars is unique in profiling the specific favorites of famous players - oftentimes million-dollar babies, such as the 1968 Stratocaster that Jimi Hendrix burned at Woodstock and which sold at Sotheby's in 1993 for \$1.3 million. Guitar journalist Dave Hunter explains the stories behind each: the important sessions on which they were used, landmark tours and gigs on which they were played, modifications made by their owners, and more. From twangy country to scorching metal, from full-throttle punk to sophisticated jazz, and from gut-punch blues to lo-fi indie rock, Ultimate Star Guitars is illustrated with performance and candid photography of the artists with their star guitars, relevant memorabilia, and more often than not, studio shots of the guitars or signature models based on them. An information-packed visual feast for guitar enthusiasts!

Air Guitar Bruno MacDonald,2012-04-17 Freddie Mercury did it. Hormone-addled adolescents do it. Grown men do it in the privacy of their own homes (and, sometimes, in dark public gatherings)-and now you, too, can take your first step toward becoming a master axeman. All you need to know is here: Dos and don'ts (and even accessories-from how to choose the axe that's best for you, to onstage tips) A user's guide to the key air guitar moves, and more-graded by difficulty, from learner to master axeman level. 50 fret-fondling favorites to play-plus ten to avoid at all costs... REMEMBER, IT'S NEVER TOO EARLY OR TOO LATE TO START STRUMMING. ALL YOU NEED IS A COPY OF THIS BOOK, AND A BELIEF IN THE POWER OF ROCK!

How to Play Air Guitar Ian West,Steve Gladdis,2002 Become a rock superstar-without breaking a string! Don't let a lack of musical talent deter you: it's all in the moves, and they are all here, in a super-cool kit with a plastic air guitar to blow up and a fully-illustrated guide to playing it. Feel like a true music master as you practice those swoon-inducing pouts, pants-splitting jumps, and groupie-thrilling facial expressions. Beginners--need to know how to tune up? Strum the instrument? Just follow the humorous photos and complete directions. Get down with the Boogie: that sexy legs-spread stance, complete with lots of head movement. Mastered the basics? Then show off the Pointed Windmill, a majestic sweeping gesture that crashes across the crotch, and ends with the hand pointing at the audience. Every move comes complete with helpful information, including recommended songs to get you in the groove. Plus: advice on going public when you're ready! About the Authors Ian West and Steve Gaddis always dreamed of rock superstardom-and they pursued their fantasy, undeterred by their total absence of musical talent. And they succeeded: the two have played with all the greats-Brian May, Carlos Santana, Eddie Van Halen....in front of the mirror in their bedrooms.

Morta Las Vegas Nathaniel Lewis, Stephen Tatum, 2017-11 Through all its transformations and reinventions over the past century, Sin City has consistently been regarded by artists and cultural critics as expressing in purest form, for better or worse, an aesthetic and social order spawned by neon signs and institutionalized indulgence. In other words, Las Vegas provides a codex with which to confront the problems of the West and to track the people, materials, ideas, and virtual images that constitute postregional space. *Morta Las Vegas* considers Las Vegas and the problem of regional identity in the American West through a case study of a single episode of the television crime drama *CSI: Crime Scene Investigation*. Delving deep into the interwoven events of the episode titled *4 × 4*, but resisting a linear, logical case-study approach, the authors draw connections between the city--a layered and complex world--and the violent, uncanny mysteries of a crime scene. *Morta Las Vegas* reveals nuanced issues characterizing the emergence of a postregional West, moving back and forth between a geographical and a procedural site and into a place both in between and beyond Western identity.
