**501+ Great Interview Questions for Employers and the Best Answers for Prospective Employees** Dianna Podmoroff,2005 For anyone who hires employees this is a must have book. It is also essential for anyone searching for a new job. This new book contains a wide variety of carefully worded questions that will help make the employee search easier. These questions can help you determine a candidates personality type, the type of work he or she is best suited for, and if the person will mesh with your existing employees and workplace Interviewing potential employees is one of the most difficult and intimidating tasks a manager or business owner will ever face. The task is made even more daunting by the fact that repercussions of a poor hiring decision can haunt the employees, management and the company for a long time to come, and can potentially cost a great deal of money. Discovering how to decrease the risk and maximize the predictive ability of interviews is key to successful hiring. The person who gives all the right answers often gets the job, but if there is no consideration given to what the right answers for your organization are, then a savvy, well-coached interviewee may be chosen over a less polished but more appropriate one. What this book is designed to do is help you determine the best questions to ask and determine the best answers. Not the best answers from a candidate's standpoint (their motivation is simply to get the job), but the best answers for you; satisfying your motivation to hire the person with the best fit, period. Once you learn the right questions to ask, you'll get the best employees. For the prospective employee-learn how to sell yourself and get the job you want! **Pocket Heard on the Street** Timothy Falcon Crack,2014-01 THIS IS A MUST READ! This pocket edition contains a careful selection of 75 of the best quantitative questions collected from actual job interviews in investment banking, investment management, and options trading. The interviewers use the same questions year-after-year, and here they are with detailed solutions! Note that there is also a pocket edition available of non-quantitative questions and brain teasers (the former without solution, and the latter mostly with solutions), taken from the same interviews (ISBN 978-0-9941-38-2-6). The questions in these pocket editions are a careful selection taken from the full sized edition of Heard on The Street: Quantitative Questions from Wall Street Job Interviews (ISBN 978-0-9700552-9-3; now in its 14th edition after 18 years in production). The full size edition is the first and the original book of quantitative questions from finance job interviews. It has been painstakingly revised over 18 years and 14 editions, and has been shaped by feedback from many hundreds of readers. With over 50,000 copies in print, its readership is unmatched by any competing book. This pocket edition contains a revised section on interview technique based on Dr. Crack's experiences interviewing candidates and also based on feedback from interviewers worldwide. Note that the questions in this book come from all types of interviews (corporate finance, sales and trading, quant research, etc.), and from all levels of interviews (undergraduate, MS, MBA, PhD). Dr. Crack has a PhD from MIT. He has won many teaching awards, and has publications in the top academic, practitioner, and teaching journals in finance. He has degrees/diplomas in Mathematics/Statistics, Finance, Financial Economics and Accounting/Finance. Dr. Crack taught at the university level for over 20 years including four years as a front line teaching assistant for MBA students at MIT. He has worked as an independent consultant to the New York Stock Exchange, and his most recent practitioner job was as the head of a quantitative active equity research team at what was the world's largest institutional money manager. Dr. Crack is also the author of Basic Black-Scholes: Option Pricing and Trading (2009), and Foundations for Scientific Investing: Capital Markets Intuition and Critical Thinking Skills (2014).
