The Ultimate Guide to Winning Sports Pools Keith Erwood,2018-10-29 The Ultimate Guide to Winning Sports Pools teaches you how to consistently WIN sports pools by utilizing specific strategies to increase your odds of winning while reducing your risk of losing each game you play. Whether you play in your local bar, office pool, or with your friends you can use the strategies to win more often. You can even use these strategies to play more pools and increase your weekly winnings. Using the advanced strategies, you will also learn how to increase the number of games you play each week and increase your overall winnings. Learn how to roll-over or parlay your winnings into the big games like Super-Bowl Pools, and how to profit from the squares before the big game even happens. When I was younger I used these same strategies to consistently win the pools I entered. I would often win not just a quarter, the half or the final, but often the entire winnings from a single game or pool. Now I am sharing my secret to consistently winning with you. Imagine if you could do that and put an extra \$100 or more in your pocket every week. Now Imagine if you could do that X 10 or more times each week. Whether you never played before, or if you play every week, my strategies will help turn you into a consistent winner.
