Dean of Umpires Bob Luke,2005-07-01 Hall of Fame umpire Bill McGowan controlled the field of play as much with his personality as with the rulebook; his respected 30-year career, including 2,532 consecutive games, was among the longest in baseball history. McGowan was the home plate umpire in the first-ever American League pennant playoff game, Cleveland versus Boston in 1948. Famous for his sense of humor, great dramatics, and wild gestures, he was known to turn a strike into a ball if he thought a player deserved a break, or to eject half a team if they annoyed him. He promoted such players as Goose Goslin, Moe Berg, Stanley Bucky Harris, and Jimmy Dykes; wrote articles and newspaper columns; and founded a school for umpires in College Park, Maryland, which continues today as the Harry Wendelstedt Umpire School. This richly illustrated biography gives an intimate view of this talented umpire, from his birth in 1896 and long marriage to his death from diabetes in 1954. With research including interviews with former players as well as family members, the work provides a wealth of anecdotes and insights into his profession. The textbook McGowan wrote for his students is included as an appendix.

Lion of the League Larry R. Gerlach,

Parisian Bob Caruthers Dave Heller,2024-02-28 Before Shohei Ohtani and Babe Ruth there was Robert Lee Parisian Bob Caruthers (1865-1911). A wunderkind pitcher and right fielder known throughout the country, he was the star on the mound for five league championships in 10 years, and one of two players in history--along with Ruth--to lead the Major Leagues in ERA+ (adjusted earned run average) and OPS+ (on-base plus slugging plus). Coming from a wealthy family, Caruthers had something other players didn't--leverage. This resulted in several holdouts, including one which took him to Europe. This first full-length biography rediscovers one of baseball's most interesting characters and first two-way stars.

So You Think You're a New York Mets Fan? Brett Topel,2017-03-14 So You Think You're a New York Mets Fan? tests and expands your knowledge of Mets baseball. Rather than merely posing questions and providing answers, this book will give you the details behind each--stories that bring to life players and coaches, games and seasons. This book is divided into multiple parts, with progressively more difficult questions in each new section. Along the way, you'll learn more about the great Mets players and managers of the past and present, from Tom Seaver to Gary Carter, Keith Hernandez, Lee Mazzilli, Davey Johnson, Dave Kingman, Gil Hodges, Jerry Koosman, Jon Matlack, John Stearns, Darryl Strawberry, Mike Piazza, Edgardo Alfonzo, Matt Harvey, David Wright, and so many more. The many questions that this book answers include: • Who was drafted number one overall by the Mets in 1984? • Who was on deck when Mookie Wilson hit his famous ground ball to Bill Buckner? • There are two men enshrined in Cooperstown wearing Mets caps on their plaques, but there are 12 other Hall of Famers who played for the Mets at one point in their career. Name them. • What do the Mets' World Series MVPs from 1969 and 1986 have in common? • The two pitchers who were on the mound in 1969 and 1986 when the final out of each World Series was made were actually traded for each other. Name them. This book makes the perfect gift for any fan of the Amazin's!

The Rise of the Regulatory State of the South Navroz K. Dubash,Bronwen Morgan,2013-06-27 The 1990s and 2000s have witnessed a spurt of energetic institution-building in the developing world, as regulatory agencies emerge to take over the role of the executive in key sectors. This rise of the regulatory state of the south is barely noticed both by scholars of regulation and of development, let alone adequately documented and theorized. Yet the consequences for the role of the state and modalities of governance in the south are substantial, as politically charged decisions are handed over to formally technocratic agencies, creating new arenas and forms of contestation over the gains and losses from development decisions. Moreover, this shift in the developing world comes at a time when the regulatory state in the north is under considerable stress from the global financial crisis. Understanding the regulatory state of the south, and particularly forms of accommodation to political pressures, could stimulate a broader conversation around the role of the regulatory state in both north and south. This volume seeks to provoke such a discussion by empirically exploring the emergence of regulatory agencies of a range of developing countries across Asia, Africa, and Latin America. The cases focus on telecommunications, electricity, and water: sectors that have often been at the frontlines of this transition. The central question for the volume is: Are there distinctive features of the regulatory state of the South, shaped by the political-economic context of the global south in the last two decades? To assist in exploring this question, the volume includes brief commentaries on the case studies from a range of disciplines: development economics, law and regulation, development sociology, and comparative politics. Collectively, the volume seeks to shape the contours of a productive inter-disciplinary conversation on the emergence of a significant empirical phenomenon - the rise of regulatory agencies in the developing world - with implications both for the study of regulation and the study of development.

Sixty Feet, Six Inches Bob Gibson,Reggie Jackson,Lonnie Wheeler,2011-04-05 Bob Gibson and Reggie Jackson offer a candid and unfiltered look at America's pastime, discussing the art of pitching, the art of hitting, and all things baseball. Full of brush-backs, walk-off homeruns, high stakes, cold stares, epic battles, and a

little chin music here and there, Sixty Feet, Six Inches is a baseball fan’s dream come true, a go to guide for how the game should be played. There is no part of the sport that these two titans do not discuss at length: big picture issues like how steroids have affected the game and handling the pressure of stardom, right next to exact descriptions of the mechanics of pitching and hitting. Filled with one-of-a-kind insider stories that recall a who's who of baseball nobility, including Willie Mays, Alex Rodriguez, Hank Aaron, Albert Pujols, Billy Martin, and Joe Torre, it is an unforgettable baseball history by two of the game’s greatest superstars.

Champions of Naught Six: The Story of the 1906 Cleburne Railroaders Wiley Whitten,2010-05-18 This is the story of the Cleburne Railroaders and the 1906 Texas season. Tris Speaker was an 18 year old rookie that season on his way to Baseball's Hall of Fame. Ft. Worth and Dallas battled for the first half flag, but it was Cleburne at season's end that proved to be the best.
