Learning The Meaning of The Quran The Easy Way (Book 1) Mohsen Sahafeyan,2020-07-13 No longer should any Quran reader be deprived of the beautiful meaning of The Holy Quran as they read it just because they don't speak Arabic. Nothing is more satisfying than understanding the meaning of the Quran as you read it without going to its translation. For the first time and for those who can read Quran in Arabic at an introductory level, a successful method for learning the meaning of The Quran without a need to learn the complex Arabic language is presented in a series of books. The approach is based on the major words used in Quran. The students or self-learners, through exercises and easy-to-understand introductory grammars, learn the major words used in Quran. For instance, upon completion of Book 1, the students can understand 40% of the meaning of Quran by learning only 110 words which are used 30,000 times in Quran. The author taught the first three books in this series a few times as a test. The results were just amazing and spectacular all the way!! All his students were quite uplifted by how much they could understand when they read Quran upon completion of only the first book.

The Easy Dictionary of the Qur'an Shaikh AbdulKarim Parekh,2016-06-07 It is a great favor of Allah that many Muslims are nowadays more inclined to read and understand the Holy Qur'an. Alhamdulillah, the number of such people is increasing. In order to encourage as well as help such readers of the Holy Qur'an, I compiled the difficult words of the Qur'an in the form of a book in Urdu, titled Aasaan Lughatul Qur'an (Easy Dictionary of Qur'an) and published it as a dictionary way back in 1952. In this dictionary, words were placed in order of their occurrence in the Surahs of the Qur'an, avoiding those words which were repeated. For example, the words Alif-Laam-Meem of Surah al-Baqarah come first and those of Surah aale-Imran come next, and so on.

Lughat-UL-Quran 2 Ghulam Ahmad Parwez,2015-01-18 In order to understand the true message and spirit of the Holy Quran, it is essential to know the language it has been revealed in. The first step is to understand the meaning of individual words. One needs to understand how words were used by the ancient Arabs by the time of Quranic revelation, and not depend on anyone's explanation or understanding as to what they mean today. Along with proper understanding of Arabic grammar, the true meanings of Quranic words, and their use with respect to the context in which they have been revealed in, one student of Quran may get closer to the Truth. The task of creating a Quranic dictionary or encyclopedia that would explain the classical meanings of Quranic words and their use along with significance was undertaken by Allama Ghulam Ahmed Parwez in 1960, where he compiled Lughat-ul-Quran in Urdu language. Now this dictionary has been translated to English by Quranic Education Society in Norway, in order to appeal to a larger audience worldwide and to inspire modern Quranic students.

The Glorious Quran Word-for-Word Translation to Facilitate Learning of Quranic Arabic Shehnaz Shaikh,2007-07-01 There are about 80,000 words in the Quran but the actual words are only around 2000!!! This could also be termed as one of the many miracles of the Quran. Accordingly, if a reader decides to learn only 10 new words every day, he can understand the basic message of the Quran within a period of seven months! So it is indeed very easy to understand the Quran, provided one is willing to learn it. This word-for-word translation may not be considered as an addition to the existing translations, but an attempt to equip the reader to understand the revelation directly from the Arabic text; thus it will Insha-Allah be a very useful tool for those who are willing to study the Quran and try to understand it. A beginner can bear in mind the meanings of each Arabic word provided right below it. Since many words are repeated in the Quran, the student will find for himself that within a few months of regular study, he is indeed able to understand the Quran through the text itself. It may also be pointed out that a beginner does not have to, in the start itself, be worried about learning extensive grammar or how to speak the Arabic language. In fact, one has to develop vocabulary before learning grammar for the following reasons: * A child first learns words and then starts linking them together. We speak our mother tongue fluently without ever learning the grammatical rules. That is to say, we learn it by repeatedly listening to the words. * Learning extensive grammar before improving vocabulary is like putting the cart before the horse. Or it is like learning different styles of swimming by moving hands in the air inside a swimming pool without water. One has to fill the swimming pool with water (i.e., increase vocabulary) and then learn to swim (i.e., to connect the words with grammatical rules).
