Microbial Safety of Fresh Produce Xuetong Fan,Brendan A. Niemira,Christopher J. Doona,Florence E. Feeherry,Robert B. Gravani,2009-10-06

Microbial Safety of Fresh Produce covers all aspects of produce safety including pathogen ecology, agro-management, pre-harvest and post-harvest interventions, and adverse economic impacts of outbreaks. This most recent edition to the IFT Press book series examines the current state of the problems associated with fresh produce by reviewing the recent, high-profile outbreaks associated with fresh-produce, including the possible internalization of pathogens by plant tissues, and understanding how human pathogens survive and multiply in water, soils, and fresh fruits and vegetables.

Fresh Fruit, Broken Bodies Seth M. Holmes,2013-06-19 An intimate examination of the everyday lives and suffering of Mexican migrants and indigenous people in our contemporary food system. An anthropologist and MD in the mold of Paul Farmer and Didier Fassin, Seth Holmes shows how market forces, anti-immigrant sentiment, and racism undermine health and healthcare. Holmes's material is visceral and powerful. He trekked with his companions illegally through the desert into Arizona and was jailed with them before they were deported. He lived with indigenous families in the mountains of Oaxaca and in farm labor camps in the U.S., planted and harvested corn, picked strawberries, and accompanied sick workers to clinics and hospitals. This “embodied anthropology” deepens our theoretical understanding of how health equity is undermined by a normalization of migrant suffering, the natural endpoint of systemic dehumanization, exploitation, and oppression that clouds any sense of empathy for “invisible workers.” Fresh

Fruit, Broken Bodies is far more than an ethnography or supplementary labor studies text; Holmes tells the stories of food production workers from as close to the ground as possible, revealing often theoretically-discussed social inequalities as irreparable bodily damage done. This book substantiates the suffering of those facing the danger of crossing the border, threatened with deportation, or otherwise caught up in the structural violence of a system promising work but endangering or ignoring the human rights and health of its workers. All of the book award money and royalties from the sales of this book have been donated to farm worker unions, farm worker organizations and farm worker projects in consultation with farm workers who appear in the book.

Political Groups, Parties, and Organizations That Shaped America [3 volumes] Scott H. Ainsworth Ph.D., Brian M. Harward, 2019-07-19 This three-volume set explores the multiple roles that parties and interest groups have played in American politics from the nation's beginnings to the present. This set serves as an essential resource for analyzing the emergence and impact of parties and interest groups in the American political system and for understanding the systematic and structural bases for interest group and party behavior. Volume One opens with an introduction by the editors that provides a general overview of the eras and identifies important themes and events, laying a foundation on which the subsequent essays and primary documents for each interest group or political party builds. Narrative essays focus on how specific parties or interest groups have shaped or reflect a particular set of events or general themes in each of the eras in American political history. Topical entries reflect key themes developed throughout the volumes. Entries range from important founding groups and parties to contemporary political action committees and policy advocacy groups. The set also includes primary source documents (e.g., letters, platform documents, court decisions, flyers, etc.) that reveal important dimensions of the corresponding group's political influence.

Sale of Goods Ewan McKendrick,2020-10-25 Sale of goods transactions are central to commercial life. This book provides an essential up-to-date and clear account of the law as it stands today, giving you the confidence to offer the best possible resolution for your clients. Written by a team of specialists drawn from both the academic world and professional practice, Sale of Goods provides a clear and accurate account of the law relating to the sale of goods. It provides complete analysis of the Sales of Goods Act 1979, together with amendments made to the Act in 1994 and 1995 - ensuring that your understanding is current and complete.

Postharvest Handling Wojciech J. Florkowski,Nigel H. Banks,Robert L. Shewfelt,Stanley E. Prussia,2021-12-05 This newly revised fourth edition of Postharvest Handling brings new and updated chapters with new knowledge and applications from postharvest research. The revised edition brings back the aspects of preharvest conditions and their effects on postharvest quality and features new chapters on the increasingly important role of transportation and logistics. It emphasizes consumers and systems thinking for postharvest chains for fresh produce. This book also explores current challenges—including oversupply, waste, food safety, lack of resources, sustainability – and best practices for systems to thrive in spite of these challenges. This unique resource provides an overview of postharvest systems and their role in food value chains and offers essential tools to monitor and control the handling process. Written by a team of experts in Postharvest Systems and Handling, this book continues to be the most practical and up-to-date resource for postharvest physiologists and technologists across the disciplines of agricultural economics, agricultural engineering, food science, and horticulture along with businesses handling fresh or minimally processed products. Features new chapters on packaging, transportation and logistics, and postharvest in the context of systems approach Brings aspects of pre-harvest conditions and their effects on postharvest quality Provides an overview of the postharvest system and its role in the food value chain, offering essential tools to monitor and control the handling process
