Four card suits reflect the vibrational frequencies of crystals (Earthy, Healing, Cosmic and Integration) and allow you to conduct divinations at various levels, from the material to the spiritual. How to Read Oracle Cards Kirsten Ivatts, 2018-03-03 How to Read Oracle Cards not only offers an original guide to reading cards, but more importantly shows how to use the cards for self help, growth and enlightenment. It challenges many ideas regarding how you SHOULD read cards and offers instead a unique method based on modern Energy techniques. The book is based on the best selling course, How To Read Oracle Cards, and has added chapters, but retains all the exercises. The exercises in this book will enhance your daily life and bring your intuition to the fore, while strengthening your trust muscle! Unique Spreads are offered to help you dive deep into yourself and come out with new understanding and wisdom. There is a section on how to use your gift to help others and to make money. The book is clear and concise and will offer both beginners and more advanced card readers a wealth of information. Praise for the book: 'This book is an easy to use, yet deep guide to using Oracle cards as a self-help tool in everyday life. Kirsten shares her learning from 25 years of working with Oracle cards, but where this book differs from, and improves upon, others I have read on this subject is in teaching us how to fully connect with our intuitive self to enhance our understanding of the cards, something which has grown out of her work as an Energist. Kirsten illustrates her teachings with examples from her own experiences and sets practical exercises for the reader in each section. She also shares different types of card spreads to try, both when doing readings for yourself and for others, as well as hints, tips and useful links. An inspiring and exciting book that provides practical and easily followed guidance on how to better understand ourselves and others using the popular and accessible divination tool of Oracle cards.' 'Please read through Kirsten's new book, it does work I promise. You must be patient, it takes time, but when it starts to work you'll begin to wonder how you existed without it. Trusting that the Universe holds the Master Plan is comforting. The only thing you must do, is Be Kind, Be Honest, Be a Flower, not a weed & your life starts to unfold gently before your very eyes.....'

The Shaman's Oracle John Matthews, 2017-10-17 Before spoken language evolved, our ancestors communicated through images, drawn or carved onto the walls of caves. A vast proportion of the thousands of such images derive from the visionary insights of the first shamans, who either left them as reminders for themselves or as spiritual signposts for those who came after them. Created by practising shaman John Matthews and beautifully illustrated with evocative images of cave paintings by Wil Kinghan, this highly original deck contains 52 cards, which are divided into five groupings - Spirits, Ancestors, Hunters, Dancers and Shamans - each representing a different aspect of human experience. Two further cards - the Journeyer and the Helper - represent the person who is conducting the reading: the Seeker. As the cards are drawn, they reveal insights that will help to guide the Seeker on his or her quest for the answers to life's most vital questions. The images are not only beautiful, atmospheric and mysterious, but they also touch on the deepest memories we all possess - the unconscious archetypes that influence our thoughts, feelings and actions at the deepest level of being.
