World Changers John A. Byrne, 2011-12-08 What if you could sit down with some of the world's most influential entrepreneurs and gain their knowledge and insights on how to create a game changing business? Imagine having the chance to listen to a John Mackey (Whole Foods) or a Fred Smith (FedEx) on the most important things they've learned from their experiences. Or having the benefit of the self-reflection of Howard Schultz of Starbucks, who had to come back to the company he originally built to reinvent it and himself? Of course it's not possible to deliver these rock star entrepreneurs to your dinner table. But John A. Byrne offers the next best thing: he spoke with many who have changed the face of business. In *World Changers* he captures the most important lessons they've learned, the biggest challenges they've tackled, and the most valuable advice they can offer others who have an entrepreneurial dream. You'll learn the inspiring stories of how these world changers discovered their disruptive ideas, then made them a reality; overcame a variety of obstacles; and created sustainable enterprises. You'll get the firsthand accounts of how: Bernie Marcus and Arthur Blank got the confidence to start The Home Depot after being fired from their jobs. Reed Hastings turned a forty-dollar video late fee into a disruptive upstart called Netflix. Herb Kohler, the reluctant prince of porcelain, came back to the family business and made it number one in its industry again. Narayana Murthy, after one fateful train ride and wrongful incarceration, converted from communist to capitalist and cofounded one of the most successful entrepreneurial ventures in India. *World Changers* is an inspiration for those who want to create something meaningful on their own. It serves as both a celebration of entrepreneurial achievement as well as a practical handbook for everyone who dreams of starting his or her own world-changing business.

The Entrepreneur William Heinecke, 2012-01-30 Written in a lively and practical style that will be of great interest to budding and blooming entrepreneurs. The rules covered in this book are applicable to any entrepreneur around the world.

China and her biographical dimensions Christina Neder, Heiner Roetz, Ines-Susanne Schilling, 2001 Das Buch ist dem Andenken des 1999 verstorbenen renommierten Bochumer Sinologen Helmut Martin gewidmet. Namhafte Chinawissenschaftler aus der ganzen Welt spannen in ihren Beiträgen einen Bogen, der das umfangreiche Œuvre der wissenschaftlichen Arbeit Helmut Martins widerspiegelt. Nach einer persönlich gehaltenen Einführung zu Leben und Werk Helmut Martins konzentriert sich der Themenschwerpunkt des Bandes auf (auto-)biographische Fragestellungen in Literatur, Wissenschaft, Politik und Wirtschaft des traditionellen und des modernen Chinas. Die chinesische und taiwanische Literatur des 20. Jahrhunderts sind hierbei besonders ins Blickfeld gerückt. Aber auch zu linguistischen Fragestellungen und den Themen Übersetzung, Chinarezeption und -perzeption sind eine Reihe wichtiger Aufsätze enthalten. Im Anhang des Buches findet sich ein Gesamtverzeichnis der Schriften von und über Helmut Martin.

Dispossession Christoph Kreutzmüller, Jonathan R. Zatlin, 2020-09-04 This collection of essays by a range of international, multidisciplinary scholars explores the financial history, social significance, and cultural meanings of the theft, starting in 1933, of assets owned by German Jews. Despite the fraught topic and the ongoing legal discussions, the subject has not received much scholarly attention until now. This volume offers a much needed contribution to our understanding of the history of the period and the acts. The essays examine the confiscatory taxation of Jewish property, the looting of art and confiscation of gold, the role of German freight forwarders in property theft, salesmen and dispossession in the retail world, theft from the elderly, and the complicity of the banking industry, as well as the reach of the practice beyond German borders.

Becoming Steve Jobs Brent Schlender, Rick Tetzeli, 2015-03-24 The #1 New York Times bestselling biography of how Steve Jobs became the most visionary CEO in history. *Becoming Steve Jobs* breaks down the conventional, one-dimensional view of Steve Jobs that he was half-genius, half-jerk from youth, an irascible and selfish leader who slighted friends and family alike. *Becoming Steve Jobs* answers the central question about the life and career of the Apple cofounder and CEO: How did a young man so reckless and arrogant that he was exiled from the company he founded become the most effective visionary business leader of our time, ultimately transforming the daily life of billions of people? Drawing on incredible and sometimes exclusive access, Schlender and Tetzeli tell a different story of a real human being who wrestled with his failings and learned to maximize his strengths over time. Their rich, compelling narrative is filled with stories never told before from the people who knew Jobs best, including his family, former inner circle executives, and top people at Apple, Pixar and Disney, most notably Tim Cook, Jony Ive, Eddy Cue, Ed Catmull, John Lasseter, Robert Iger and many others. In addition, Schlender knew Jobs personally for 25 years and draws upon his many interviews with him, on and off the record, in writing the book. He and Tetzeli humanize the man and explain, rather than simply describe, his behavior. Along the way, the book provides rich context about the technology revolution we've all lived through, and the ways in which Jobs changed our world. A rich and revealing account, *Becoming Steve Jobs* shows us how one of the most colorful and compelling figures of our times was able to combine his unchanging, relentless passion with an evolution in management style to create one of the most valuable and beloved companies on the planet.

The Startup Checklist David S. Rose,2016-04-25 25 Steps to Found and Scale a High-Growth Business The Startup Checklist is the entrepreneur's essential companion. While most entrepreneurship books focus on strategy, this invaluable guide provides the concrete steps that will get your new business off to a strong start. You'll learn the ins and outs of startup execution, management, legal issues, and practical processes throughout the launch and growth phases, and how to avoid the critical missteps that threaten the foundation of your business. Instead of simply referring you to experts, this discussion shows you exactly which experts you need, what exactly you need them to do, and which tools you will use to support them—and you'll gain enough insight to ask smart questions that help you get your money's worth. If you're ready to do big things, this book has you covered from the first business card to the eventual exit. Over two thirds of startups are built on creaky foundations, and over two thirds of startup costs go directly toward cleaning up legal and practical problems caused by an incomplete or improper start. This book helps you sidestep the messy and expensive clean up process by giving you the specific actions you need to take right from the very beginning. Understand the critical intricacies of legally incorporating and running a startup Learn which experts you need, and what exactly you need from them Make more intelligent decisions independent of your advisors Avoid the challenges that threaten to derail great young companies The typical American startup costs over \$30,000 and requires working with over two dozen professionals and service providers before it even opens for business—and the process is so complex that few founders do it correctly. Their startups errors often go unnoticed until the founder tries to seek outside capital, at which point they can cost thousands of dollars to fix. . . or even completely derail an investment. The Startup Checklist helps you avoid these problems and lay a strong foundation, so you can focus on building your business.

The European Private Company - Societas Privata Europaea (SPE) Heribert Hirte,Christoph Teichmann,2013-01-01 The planned European legal form Societas Privata Europaea (SPE) is a limited liability company of a closed group of shareholders, and thus is comparable to the German GmbH. At the European-level, the SPE serves as a supplement to the European Limited Liability Company (SE), which proved to be too difficult for small and medium-sized companies for various reasons. The SPE will be introduced on the basis of a European regulation, the content of which has been largely agreed to by the member states.

Company Law and the Law of Succession Susanne Kalss,2015-10-21 This book is one of the first to link company law to the law of succession by concentrating on family businesses. It shows that, to understand the legal framework underlying the daily operations of family businesses, one needs legal analysis, empirical data, psychological and sociological knowledge. The book works on the premise that, since many businesses have been founded by families, practitioners need to develop an understanding of the legal background of such businesses and build up experience to be able to create contracts, trusts, foundations and other legal mechanisms to give shape to systems and procedures for the transfer of shares and control within the family. Comparing the national legal order, techniques, and mechanisms in a range of countries, the book examines parallel developments in these fields of law across the world. Finally, it demonstrates the room for companies, shareholders and the members of a family to develop individual solutions within the legal framework for transferring businesses and shares to the next generation.
